WHAT'S THE USE OF BEING DISAP-POINTED

When you buy drug store goods of us, take them home and find that you wanted something, come right back and explain to us, and we will gladly exchange for whatever you may desire. We want all our customers to feel that our store is conducted to supply them with what they want to buy-not what we may want to sell. Tell your neighbors what a good drug store this is. In so doing you will do us a very great favor and one that will be gratefully appreciated.
