

Shick & Wagner

—HE BIG STORE—

In looking through our new fall lines you will be particularly impressed with the variety of styles. There is scarcely any limit to ideas of style, and the beautiful effects in the great variety of novelties in

DRY GOODS AND LADIES' AND CHILDREN'S GARMENTS

Especially will please all. The many new ideas offered this season make this store of special interest to every lady who desires the very best and newest things. Our reputation for always showing the most clever styles is assurance that our styles are all right.

We find already much enthusiasm shown in French Flannels, Flannelettes, and colored outtings. In heavier Dress Goods our Meltons are again very strong as well as the harder finished Worsteds.

French Flannels, 45, 65, 75c
Flannelettes, 10, 15, 18c
Colored Outtings, 10, 15, 18c
Meltons, 1.00 Yard

Black and Colored Goods from 50c to \$2.50.

The fashion journals **Velvets** A very promising season. All bespeak for...
 Velvetens in black and color, 50 cents.
 Silk Velvets in black and color, 75c and \$1.00.
 Velvet Cords in black and colors, 85c.

THE AMERICAN LADY CORSETS

Are stronger than ever. New styles for fall are now all in. SEE THE NEW STYLES.

We carry also for Stout Ladies the "Cresco"

This corset has given such satisfaction to ladies who have been breaking steels that it has become very well established in the favor of the trade.

In repetition of the past few seasons the Wooltex people stand pre-eminent.

The Wooltex Garments

The "Wooltex" garments have become so well known that to say "This is a Wooltex garment," is sufficient guarantee that the style is all right and it will wear. See the MONTE CARLO—the latest fad of the "Wooltex" people. It has already become very popular with the dressy trade.

\$2 FOR LABOR,

\$1 FOR MATERIAL

That's about the ratio. Why in the world then do you listen to the siren's song of the man who sells benzine—barges paint not on quality but on price? Can't understand it, especially when actual cost of L. & M. when needful oil is added, is so extremely low.

To burn \$2.00 a ton soft coal without the escape of soot, smoke or gas, was unheard of before the invention of

COLE'S ORIGINAL HOT BLAST STOVE

This wonderful stove burns the GAS HALF of soft coal wasted with other stoves, and gives the same cleanliness and even heat day and night that can be had from \$2.00 hard coal. It requires attention only three times in twenty-four hours. Fire is never out.
