—THE BIG STORE—

## The Fall Campaign is Now Fairly Begun

And if the enthusiasm and interest of our customers is any index we feel confident that our lines must contain the right assortment. There is no stronger proof that the styles are right, that the goods have merit, that our prices are right, and that your treatment will be courteous than the good judgment of the trade of Reynoldsville. With all these assurances of our many friends and this borne out by the volume of business done during each month of the year thus far on, we want to assure you that never in the history of our country has there been such a variety of styles produced with such a keen sense of supplying the demand of the American people. We can call your attention to only a few of the many good offerings we have for you. We kindly ask you to investigate and prove for yourself the merit of these few, as well as the many other good ones.

### Waisting Flannels. . .

A beautiful and well assorted line in all the leading colors and patterns. These we find by far superior to silk in every respect. They look better, they wear better and they are more comfortable than silk. We have these in all wool ranging in price, 45c, 65c, 75c, 85c and \$1.00.

### Black Dress Goods. . .

Our line never was stronger than this season. Among the most popular weaves are the Broadcloths, Unfinished Worsteds, Venetians and Meltons. These we have at all prices up to \$2.50 a yard.

### Flannelettes. . . Outings.

Kindly look them over. We only need to assure you that the colorings are all of the very best, so after you have washed them you will have the same garment as before.

### Wooltex Garments. . .

These popular garments, which have been such a strong leader for the past year or two, are stronger this year than ever. They have been so successful with us in ladies' and misses' that we have had them produced in Children's. We can now furnish you a

Wooltex coat in a child's as well as in a ladies', which means that you can buy something for your children that has a neat, stylish and dressy appearance. This will cost you no more than the inferior grade of goods and we don't hesitate in placing our guarantee on the coat to give you more service than any other line of goods. You shall be the judge whether they have been satisfactory or not.

### Lace Curtains. . .

House Cleaning time is about on and we have provided ourselves with an exceptionally strong line of Curtains and Window Shades. It will be to your interest to make your selection before the line is broken. We have a couple special good things in Irish Point and Swiss Tambour in a beautiful lace net. These we have in colorings, red with ecru, and green ecru, which gives them a very beautiful effect in adding tone to the appearance of the room.

### Table Linens. . .

A special good value, 70 inches wide, warranted all linen, 75c a yard. A very nice assortment of pattern in an exceptionally good piece of linen, 72 inches wide, \$1.00 a yard. We have others, extra widths and qualities, for the price, 50c, 35c and 25c. Table felt, extra heavy silencer, 50c.

### American Lady Corsets. . .

See the new styles. We have a corset especially prepared for stout ladies.

THE LATE JUSTICE M. SCOTT, OF SYKESVILLE.

### DEATH OF AN OLD PATRIARCH.

Justice M. Scott, of Sykesville, Dies at the Age of Ninety-One Years—A Sketch of His Long Career.

Justice M. Scott, one of the old pioneers of this section, who was well known to many of our citizens, having moved to what is now known as Hopkins, formerly called Carrier, in 1868, and resided there a number of years, peacefully folded his hands and departed this life at three o'clock on the afternoon of September 24, 1902, at the ripe old age of 91 years and 24 days, at the home of his two daughters, Mrs. John Foltz and Mrs. Franklin Moore, in Sykesville. Mr. Scott had been in comparatively good health for a man of his years until a year ago this summer when he was overcome with heat while out picking raspberries, and from that time until the icy fingers of death touched his heartstrings he was very feeble.

Funeral services were held in the Baptist church at Sykesville Friday afternoon, conducted by Rev. J. E. Dean, of Rathmel, and interment was made in the Sykesville cemetery beside the wife who died August 8, 1891, at the age of 75 years, 11 months and 23 days. Six grandsons of Father Scott acted as pall bearers.

J. M. Scott was born at Worcester, New Hampshire, August 31, 1811. His father emigrated to Allegheny county, New York state, 1821, and in 1843 the deceased, who was then a lumber contractor, moved to Lanes Mills, Jefferson county, Pa. In 1859 he moved to Rockdale Mills and in 1868 he moved to the Carrier mill, two miles west of Reynoldsville. He was a justice of the peace in this county a quarter of a century. Politically he was a Republican from infancy of the party.

He was the father of five sons and four daughters, all of whom, but one son, survive him and their names and places of residence are as follows: Mrs. Mary S. Bacon, of Des Moines, Iowa, Lyman W. Scott, of Reynoldsville, Mrs. Lovilla A. Rice, of Wyota, Iowa, Asa K. Scott, of Lawsha, Pa., Walter Scott, of Kushequa, Pa., Mrs. Elizabeth H. Moore and Mrs. Lucie Foltz, of Sykesville, and William Scott, of Falls Creek. There are 34 grand children, 56 great grand children, and 6 great great grand children.

From early life until the feebleness of old age checked him, Mr. Scott's life was full of activity and hard work, he was always busy at something. He was a good citizen, kind husband, father and neighbor. The *DuBois Express*, in speaking of the venerable pioneer's life a day or two before he died, said: "He was a year old when the second war with Great Britain broke out. He had reached manhood before slavery began to agitate the nation. He has lived to see the development of steam power, which was in its infancy when he was born; he has witnessed the phenomenal powers of electricity which was almost unknown when he was a young man; he has watched the telegraphic service until it is to-day the wonder of the world. He has witnessed the progress of the railroad system until space is almost annihilated; and has followed the administration of the presidents from Madison to Roosevelt."
