Peter Jurkowski, a Russian, was killed in the Rathmel mine last Wednesday by a fall of rock.

He was a man about 30 years old. Leaves a wife and two children in Russia. Jurkowski had been working at Rathmel about five months. He came from anthracite coal region after the strike was declared on. Funeral service was held on lawn in front of the house where Jurkowski boarded Friday forenoon, and was conducted by a priest from Punksutawney. The body was taken to Punksutawney for burial. The Rathmel, Virginia and Maplewood mines were idle Friday on account of funeral and about 200 members of the U. M. W. of A. attended the funeral.

I. O. O. F. Resolutions

WHEREAS, In the death of brother John A. Craven, Reynolds Lodge No. 824, I. O. O. F. has lost a worthy member, one who was respected and loved by all who knew him, a kind, loving husband and father and a good citizen and neighbor, a true man.

Resolved, That while we mourn with those who mourn, our hope bends over his grave a bow bright of a blessed immortality; our brother shall rise again. Resolved, That in this sad and sudden bereavement we extend to the widow and fatherless children our heartfelt sympathy and point them for true consolation to our Father in heaven. As a lodge we recognize in this dispensation the voice of the Master saying "be ye also ready."

Resolved, That this memorial be spread on the minutes of the lodge, a copy sent to the family, and printed in THE STAR.

THE HIGH SCHOOL BULLETIN.

EDITORIAL STAFF EDITOR—Edward Hardman ASSISTANT EDITORS—Clyde Murray, Jay McGaw. LOCAL EDITOR—Cora Shaffer.

A special meeting of the Literary Society was held Thursday evening for the purpose of electing officers. The result was as follows: President, Jay McGaw; Vice-President, Margaret Stokes; secretary, Lena Black; critic, Villa Aley; program committee, John Coleman, Will Reynolds, Anna Klahr; editor, Edward Hardman; assistant editors, Clyde Murray and Jay McGaw; local editor, Cora Shaffer.

The base ball season closed on October 9th, in a blaze of glory. The True Blues were greatly incensed by an article which appeared in the last issue of the Bulletin, concerning the first game played and they appeared on the grounds with blood in their eyes. A great number of spectators were present, but the cheering was all on the high school's side, for although the True Blues had a great number of "rooters" present, they had no chance to "root." The features of the game on the True Blues' side were: first, a good deal of kicking, and second, fine batting all around and second heavy work by the pitcher, Will Reynolds. Enough scores were made in the first inning to win the game. The superiority of the high school team was made plainly evident to even the most inexperienced spectators. After the True Blues came to realize they could not win the game, they put forth all their energy to keep down the score, but again the superiority of the high school team was shown for with redoubled efforts they advanced the score to 12-2 in favor of the high school. At last, through experience, the True Blues have come to realize that the high school is master of the game and greatly superior in ability to the True Blues.

Mention was made in the last issue of the Bulletin of the collection being taken up for the support of the base ball team. The amounts turned in by the teachers are as follows: Room 14, \$6.00; room 13, \$3.80; room 12, —; room 11, 75c.; room 10, 25c.; room 9, 10c.; room 8, 35c.; room 4, 5c. It will be noticed that all the rooms on the upper floor contributed except room 12. Miss Clark, Superintendent of the Girls' Charity School, in San Juan, Porto Rico, gave an interesting talk on "Character" before the high school last Tuesday morning. Hon. S. B. Elliott gave an interesting talk before the pupils of the upper floor, last Friday morning. His subject was "Forestry." The girls of the senior class are greatly indignant because there were no "sittin' up" the night of the eclipse. When the absence of the masculine members of the class was being explained one of the female members innocently informed the school that "We waited for them till 10 o'clock." Hard luck. A few of the juniors are living in expectancy. Their class-spoons are probably on the way. The seniors and juniors have noticed a general migration of the "subs" to the front part of the room. The mock trial held before the courts of the Reynoldsville High School was a decided success. Edward Hardman sued Lawson Reed for alienating the affections of Cora McCreight. He lost the case but is greatly elated to think he has no competition in the wooing of Miss McCreight. Senior No. 7 believes the sun is the center of the earth. I wonder why? There has been no one absent nor tardy in the high school since the beginning of second school month.

Expanding Millions.

J. M. Flossch, chief engineer of the Buffalo, Rochester & Pittsburg, came to Reynoldsville yesterday to look after the shipment of rails and other material for the completion of branch lines in Indiana county, including the extension to Indiana. Chief Engineer Flossch stated yesterday afternoon that the work on this project is progressing rapidly, and it is believed the line will be ready in the early spring. Mr. Flossch is also engineering surveys for several additional branches that will open valuable coal and lumber territory in the northern part of the state. The cost of the improvements at hand is estimated at \$10,000,000.—Pittsburg Dispatch Oct. 17.

The Style of a "Dorothy Dodd"

Let us assume that your shoes fit you. Now, what next? What is most important? Unquestionably, STYLE. Demand that a shoe shall possess style. If it has "style" you want it; if it has not style, but every thing else, you don't want it. The style of a "Dorothy Dodd" is unique. It cannot be duplicated by any other maker because the "Dorothy Dodd" is a totally different construction from any other ladies shoe made. Besides being exclusive in style, it holds the foot firmly at the waist (that's the instep), prevents the toes from slipping forward, and gives a correct poise in walking. It makes the foot look nearly a whole size smaller. That's curious, and you won't believe it till you see it. Just for once, try the style of a "DOROTHY DODD." They cost \$3.00. P. S.—Of course we will give you particulars of the \$4,000.00 Prize. SOLD EXCLUSIVELY BY US.

SPECIAL INDUCEMENT on Red Seal Lye

We wish to inform every family in and around Reynoldsville, Pa., that we have made arrangements with all the grocers and druggists to give them a 15 cent package of Laundry Blueing free of charge provided they call or send to their stores and buy a Sifting Top Can of

RED SEAL LYE

at the regular price, 10 cents. The Red Seal Lye is a great disinfectant, soap maker, washing fluid maker, water softener. It is the greatest cleanser on earth for sinks, pipes, drains, closets, etc. It is far superior and goes much further than washing soda, washing powder, ammonia or chlorides.

Full Directions With each Can.

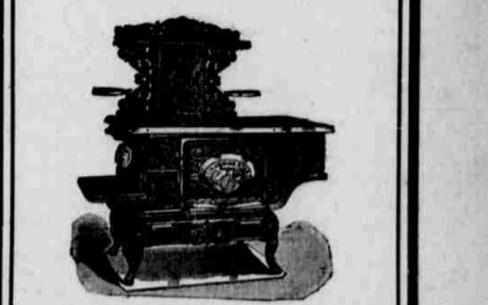

Ask your storekeeper for the Red Seal Lye and take no other brand and be sure to get the blueing, free with every can. Most all the grocers and druggists have the lye in stock or will have it in a few days. The Red Seal Lye makes two gallons of washing fluid while other brands only make one gallon. Call at Reynolds' Drug Store to get ingredients for the washing fluid with the Red Seal Lye.
