D. Newell's "A Jolly American Tramp," which plays here to-morrow night. A hero in rags, one who will win everybody's sympathy, a woman deserted for gold, whose woes will touch every woman's heart; a clever comedian and a vivacious soubrette and a comedy Irish woman are the promises made by the management of "A Jolly Tramp," when its presentation takes place at the Reynolds opera house Thursday night, Oct. 30. It was almost a miracle that she did not sustain more serious injuries. Surprise Party. Sunday was Miss Edith Tyson's thirtieth birthday and some of her young friends decided to give her a surprise party, and as they could not hold the party Sunday they concluded to surprise her Monday evening. Israel Snyder, Sr., Dead. Israel Snyder, Sr., a highly respected gentleman and one of the early settlers of Pinecroft township, died suddenly at his home at 4:00 a. m. Sunday, October 26, 1902, from heart trouble. Mr. Snyder had been able to attend to his usual duties on the farm Saturday and retired Saturday night without complaining about feeling ill. About 2:00 a. m. he took suddenly ill and in two hours afterward his heart had ceased to act and his spirit took its flight "into that bourne from whence no traveler e'er returns." Kipp, who is superintending the construction of the trolley line from Eleanor to Reynoldsville, was in town Monday. He said the road is graded almost to the Gourley farm. The feed and trolley wires have been put in two and a half miles this side of Eleanor. The rails have not been laid because the company is having trouble getting rails shipped. Mr. Kipp expects to ride into Reynoldsville on trolley line to eat a turkey dinner next Christmas. At present the trolley line in Punxsutawney and to Eleanor is operated by the Punxsutawney Street Railway Company, and the extension to this place was to have been known as the Jefferson Street Railway Co., but this has been changed and the entire line will be known as the Jefferson Traction Company. Lewis Johnson's Party. Monday was Lewis Johnson's birthday and arrangements were made to give him a surprise party Monday evening, but on the way home from school Monday noon a lad who had not been invited, informed Lewis of the intended surprise party, and it was not a surprise when fifteen boys assembled at the residence of J. K. Johnston on Grant shortly after four o'clock Monday. The party was from 4:00 to 8:00 p. m. Refreshments were served. Lewis received a number of presents. The boys drew pictures of animals and a prize was given to the boy who guessed the largest number of animals the pictures were supposed to represent. Six tons of ore per day is the production from the mill operated by the Reynoldsville Lead and Zinc Company, for which they get \$37.60 net per ton at mill. The company is now operating a 35 foot vein of ore and they claim there is a good vein of ore under that, which will be operated later. J. T. Evans a Benedict. James T. Evans, bookkeeper in the Reynoldsville Woolen Mill Company office at this place, and Miss Jessie R. Davenport, of DuBois, were married at nine o'clock Wednesday evening, October 22, 1902, at home of bride's parents on second Avenue, DuBois, in the presence of the families of the contracting parties. Rev. A. R. Rich, D. D., former pastor of DuBois M. E. church, now presiding elder of Clarion district, performed the marriage ceremony. The decorations for the occasion were fine. After the nuptial ceremony and congratulations a wedding supper was served. The happy couple left DuBois on the early "Ryer" over B., R. & P. Thursday morning on a wedding trip. Mr. Evans, who is known to a large number of our people, is an excellent young man. The Herald says: "Miss Davenport has been a resident of DuBois for a number of years, and is a most estimable and popular young lady." Mr. Evans returned to Reynoldsville Monday morning. His wife will come to Reynoldsville some day this week. They will go to housekeeping on second floor of Double Bros.' new brick block near City Hotel as soon as possible. Western Union Wires Removed. The Western Union Telegraph Company has taken down all their wires at this place and at present the townspeople have to depend entirely on the Postal Telegraph-Canada Company for telegraphic service, and it is a very poor service. The new company has not sufficient wires in to give a good service, but perhaps will do better when they get more wires strung. A long petition from Reynoldsville citizens has been sent to Western Union Telegraph Company asking for an office to be opened in centre of town. It is not known yet whether the office will be opened or not. A couple of inches of snow fell early this morning. Florsheim shoes excel in fit, style and quality—at Millirens. AN ESTIMABLE LADY GONE. Mrs. Dr. B. E. Hoover Died Last Thursday Morning—Buried Saturday. While it was not a surprise, yet many persons in Reynoldsville learned with deep sorrow of the death of Mrs. Clara Annie Hoover, wife of Dr. B. E. Hoover, one of our popular dentists, which occurred at her residence on Grant street at 1:15 a. m. Thursday, October 23rd, 1902. Tuberculosis was cause of her demise. Mrs. Hoover was a patient sufferer, a christian lady and was ready to depart this life. She knew that her earthly pilgrimage would soon be over and she talked of meeting the loved ones that had already crossed into the haven of rest, and planned for the future for the motherless daughter and two little sons, who, with the husband and father, now mourn for her who has fallen asleep. Mrs. Hoover was an estimable lady, highly respected by her friends. While her health permitted she daily performed her duties in the home circle with fidelity, and ministered to her husband and children as only a good woman can. Mrs. Hoover's maiden name was Clara Annie Walker, daughter of Frederick Walker, of Trade City. Her mother died last May. Deceased was married to Dr. Hoover at Indiana, Pa., August 24, 1880, and they immediately began housekeeping in Reynoldsville and resided here ever afterward, consequently Mrs. Hoover was well and favorably known in this place and had many warm friends. She joined the Reformed Lutheran church early in life and after marriage she transferred her membership to the Reynoldsville Methodist Episcopal church and was a faithful and consistent member until she was called from the church militant to the church triumphant. Unto Dr. and Mrs. Hoover five children were born. One daughter died in infancy and Ruth died when four years old. The living are Berna, Barton and Frederick. Funeral service was held at the residence at 2:30 p. m. Saturday, conducted by Rev. Perry A. Kono, pastor of M. E. church. A large number of friends assembled to pay their last tribute of respect to a noble woman whom they loved. Interment was made in the Reynoldsville Cemetery. Beside her husband, three children and her father, the deceased is survived by five brothers and three sisters. Mrs. Hoover was a member of the Helping Hand Society of the M. E. church, and also a member of the Clifton Club, a social and literary club, and these two organizations, besides several friends, sent beautiful flowers for the casket of the departed. Following were floral tributes: Maltese Cross, Clifton Club; bouquet of carnations and roses. Helping Hand Society; bouquet of chrysanthemums, teacher and pupils of room No. 7; pillow, Dr. B. E. OUR BRICK INDUSTRIES. Work Being Pushed Rapidly on Both Brick Plants at This Place. Last Friday we strolled down to the new brick plants to see how the work was progressing and we found busy men at both plants. CLAY MANUFACTURING CO. The Reynoldsville Clay Manufacturing Company plant is located near the south side of glass plant. The building for making brick is to be 100 feet long and 50 feet wide, the dry kiln 75 feet long and 40 feet wide with five tunnels. One brick stack fifty feet high and one kiln have been finished. The pottery building is to be 70 by 80 feet. A number of men are now working on this plant and it is being pushed towards completion as fast as possible. G. W. Arblaster, an experienced brick and pottery maker, will be manager of this plant. The R. & F. C. R'y has built a five hundred foot siding into plant. REYNOLDSVILLE BRICK & TILE CO. The Reynoldsville Brick and Tile Company plant is located just across the Sandy Lick creek from H. L. Hoke's residence, south-west of glass plant. The building where brick will be made is to be 40 by 80 feet, the building for boiler, engine and dry pans, 40 by 80 feet, and the dryer 40 by 100 feet with nine tunnels. There are to be 12 round down draft kilns 31 feet in diameter and each kiln to hold from 50,000 to 60,000 brick. The R. & F. C. R'y will put in 900 feet of siding at this plant. The Brick and Tile Co. is building a bridge across the Sandy Lick creek at plant. It is to be a substantial bridge for teams to cross over, and it is expected that a public road will be opened through that section. A trustee sixteen feet high is to be built over bridge for the tramway to get the clay across the creek to mill. It is to be run over on an incline. G. W. Lenker has been elected manager of this plant. We will give a full write up of both brick plants when they are ready for operation, which will be about the first of next year. Death of H. B. Silsbee. Died at his home in Buffalo, Halbert B. Silsbee, on October 22, 1902, of heart failure. In the early sixties Hal Silsbee, as all who knew him in those days called him, lived with his brother-in-law, Wm. M. Smith, at what is now Hopkins, but was then Smith's Mill. He was a handsome boy in his teens at that time and was a favorite amongst our early settlers. When Mr. Smith sold his property to Scott and Carrier Mr. Silsbee went back to his former home in Allegheny county, N. Y. Since that time he has resided in Pennsylvania and has visited his old friends in Reynoldsville several times. For a number of years he has been district manager of the Mutual Life Insurance Company, of Binghamton, N. Y., and has resided in Buffalo. Last February he had a severe attack of pneumonia and he never recovered his health. Only a week before his death he was out riding and talked hopefully of spending the winter in the south. To one acquainted with his physical condition it would be hard to believe that the robust, bright-eyed, handsome man would be so near the last great change. He is mourned by a loving wife and son and hosts of friends. The interment was in Friendship, N. Y., Friday, October 24. Dangerous Sidewalk. The sidewalk from Jackson street to railroad crossing near P. R. R. engine house is really a dangerous sidewalk at night on account of not having railing up on either side. There is danger of somebody getting badly injured there some time. It is only a few weeks until it will be dark when silk mill employees return from work, and the glassworkers have to cross the sidewalk going to and from work on midnight train. The money was raised by subscription to build sidewalk and it don't seem to be any person's business in particular to see that the sidewalk is repaired. If there is no other way to put the walk in safe condition a subscription should be raised to have it repaired. If the matter was taken up there is no doubt but that the glass workers and silk mill employees would each one contribute a small amount to have walk put in safe condition, and it would not require much from each one. Putting on Screens. The Winslow township school board held their regular monthly meeting at Frank's Tavern last Saturday and about the only business transacted, besides paying teachers, was to order wire screens for the windows of the Sykesville, Soldier and Winslow school buildings. The Rathmel school building has been provided with screens. These screens are put on to save the continual expense of buying glass for the windows. The school board had to pay for 57 window panes at one time for the Rathmel school, before the screens were put on. It will cost the township \$100 for screens for each one of the three school buildings, but it will be economy in the end to have the screens put on. Card of Thanks.
