Keck, of Summerville, Joseph S. Hammond and W. T. Cox, of Reynoldsville, F. W. Prothero and William Osburn, of DuBois, A. C. Robinson, of Punxsutawney. When the frost is on the window and the kitchen pail is froze, when the little ley needles come from every breath that blows, when chilblains make us sick and faint, and cold feet give us pain: it's safe to bet that we all wish for summer days again. For while we sit and fume around in gauzy summer clothes, it's easy enough to get cooled off, as everybody knows; but it's different in the winter when the world is full of ice, and the weather is as hard as a pair of loaded dice. We may talk about our climate, and about our spring and fall, but the balmy days of summer are the days that suit us all.—*Ex.*

Dangerous Practice.
Jumping on sleighs by boys is not a new practice by any means, but it is one that is fraught with grave dangers. Frequently we hear of a youngster receiving injuries that have serious consequences. Withal, the fact does not seem to diminish the prevalence of the practice one whit.
Since the pleasure which the boys derive from a stolen ride hides from their eyes the danger coupled therewith, it remains for the driver to take stringent measures whenever he finds a self-invited passenger on his vehicle or when he hears the plaintive, "Gimme a ride." Keep them off the runners and at a respectful distance from the sleigh; it's the only way in which many distressing accidents may be avoided. Drivers may be certain of this fact, that in case of an accident the public will condemn them more severely than the victims of the accident.—*St. Mary's Gazette.*
This practice is very common in Reynoldsville. Boys from four years old up to eighteen years old are at it every day.

West Reynoldsville Republicans.
The Republicans of West Reynoldsville held a suggestion meeting on Tuesday evening of last week and the following persons were suggested to be voted for at the primary election to be held Saturday afternoon of this week:
Burgess—M. H. Stiles, G. M. Davis.
High constable—W. S. Ross, Harry Bryan.

Tax collector—Daniel Bowlby, W. W. Wells.
Auditor—I. M. Hoch, W. I. Shobert, Kinsel Stiles, E. L. Johnston, Henry B. Clayton.
Judge of election—S. E. Brilhart, S. O. Wells.
Inspector of election—W. Z. Burris.
Window Glass Market.
The window glass market remains steady and there is a fair movement from manufacturer to distributor. The recent reduction in price on the small size of glass and the advance in the large size was done, it is said, to restrict as much as possible the importation of foreign glass, which has been coming in heretofore quite freely. Glass jobbers are well satisfied with their trade so far this year and their recent heavy purchases are going rapidly into consumption. It is expected that another large order for window glass will be given the manufacturers in February, and there are intimations that the prices on which it will be based will be some higher than those named on the last order.—*Commoner and Glassworker.*

Republican Township Nominations.
The Republicans of Winslow township held their primary election last Saturday and nominated the following ticket for February election:
Justices of the peace—John Smith.
School directors—James Roberts, O. H. Broadhead, Benjamin Haugh.
Supervisors—J. K. Womeldorf, John W. Eys.
Tax collector—Amos Strouse.
Township treasurer—Amos Strouse.
Auditor—J. C. Bell.
Township clerk—D. J. Thomas.
A Warning.
The Postoffice department recently inaugurated a move to stop the habit many people have of writing in photograph packages, newspapers, etc., that are put in the office as merchandise. Special inspectors are making the rounds and postmasters are instructed to open all packages not sealed and if writing is found therein to report the same to the department. The violations of the postal law along this line are becoming so numerous that it is really astonishing.—*Ex.*

Small-pox at the Hospital.
Last Thursday John Donahue, of Walston, went to the hospital with what was presumed to be an ordinary case of grip, the symptoms being headache, pains in the back and fever. Although there was no other symptoms the hospital physicians felt a little suspicious about it and put the patient in the quarters in the new part of the building which had been specially designed for emergencies of this character. On Monday Mr. Donahue developed a genuine case of small-pox. All the necessary precautions have been taken, and no danger is apprehended so far as the other patients are concerned.
Mr. Donahue is about 24 years of age, and his parents reside in Reynoldsville. He came to Walston about three weeks ago, and is said to have been at Eleanora, where he probably contracted the disease, previous to coming here.
The Punxsutawney Board of Health quarantined the Hospital yesterday and asked the hospital authorities to swear out an order of relief on the Commissioners of Jefferson county.—*Punxsutawney Spirit.*

Again there is some talk here of building a trolley line to Clarion. We should like to see Clarion county money and enterprise used in the construction of this road—New Bethlehem *Vindicator.*

W. Lenkerd, Joseph S. Hammond and Dr. L. L. Means.
Gas Shortage Limiting Production.
The great scarcity of natural gas throughout the country is going to materially curtail the production of window glass this fire. Ever since the fire was started many of the factories have been crippled on this account and during the past week when the mercury was fooling around the zero point, a number of plants had to suspend operations entirely, while but few had an adequate supply. The gas shortage is not only affecting the supply of window glass, but bottles and tableware as well.—*National Glass Budget.*
