Deceased was twenty-one years old. Notary Public Albert Reynolds and A. M. Woodward are over in Bell township, near Big Run, to-day viewing a proposed new county road. The remarkable part of this is that Ab. was ready to start to Bell township about 7.00 a. m. Pantomimes, drills, etc., will be a part of the evening's entertainment. Next Sunday morning at the Baptist church the subject of sermon will be "Delight in Public Worship," after the sacrament. Johnston, both full on same date, March 26th, and the event was celebrated last Thursday by a double birthday party. It was a pleasant occasion for the little people. William Bennett, formerly factory manager of the Star Glass Co. plant at this place, who resigned the last of February to go to Carnegie, where he will be manager of a large glass plant that is being erected, moved his household goods to Carnegie the first of this week. The Oil City Blizzard remarks that the young man of to-day does not have the rail splitting advantages enjoyed by Lincoln. On the contrary, he is kept busy trying to climb a barbed wire fence with a shotgun without shooting himself and to blow cigarette smoke through his nose when ladies are passing. Mr. and Mrs. A. H. Fasenmyer, of New Bethlehem, were in Reynoldsville a couple days last week. Mr. Fasenmyer, who is now a successful shoe merchant of New Bethlehem, was formerly a clerk in Millirens store in this place and he has many warm friends here who are always glad to see him. This was his first trip to Reynoldsville since he has taken unto himself a better-half. Rev. Dr. Harry G. Tesagarden, of Eleonora, Hon. W. O. Smith, L. C. McGaw, S. T. North, Ed. S. Swartz, Ben C. Record, and several other Punxsutawney gentlemen who had been at Williamsport last week taking the Consistory, or 32nd degree in Freemasonry, came to town Saturday morning with the Reynoldsville delegation, and after getting breakfast at Frank's Tavern they went from here to Punxzy on trolley line. Some of our school boys and girls think the treatment they received at Reynoldsville last Friday evening was hardly fair.—Brookville Democrat. Certainly Brookville high school can have no just claim for unfair treatment at Reynoldsville. The Punxsutawney News says: "The thanks of the high school is due to the people of Reynoldsville for their kind treatment. An effort was made to give both visiting schools fair and kind treatment."

John had to quit work Saturday and go to his home in Brookville. New Pastor Next Sunday. Rev. A. D. McKay, now pastor of the Reynoldsville Presbyterian church, who comes from Demos, Ohio, to this place, will arrive here Friday and will preach his first sermons Sunday as pastor of this church. Finger Smashed. Addison Bowser, young son of Dr. A. H. Bowser, had the large finger of his left hand smashed last Wednesday while playing with a couple of other boys on the turntable at the P. R. R. engine house near silk mill. Forcible Temperance Address. Rev. W. P. Bundick, of Virginia, a temperance apostle who is traveling over the country delivering temperance addresses, spoke in the Reynoldsville Baptist church Sunday morning and in the M. E. church Sunday evening to large audiences. Rev. Bundick presents his subject in plain, forcible and eloquent language. His address cannot help but strengthen the temperance cause. Heel Badly Injured. Miss Beatrice Skivington, aged about fifteen years, had her left heel badly injured at noon last Thursday on P. R. R. turntable at engine house, near silk mill. Beatrice and several other girls were riding around on the turntable when her heel was caught between end of rail on turntable and rail on one of the side tracks. All the flesh was torn off the heel, but no bones broken. Birthday Surprise Party. Arthur Tyson, who is manager of the grocery store of his father, James A. Tyson, was twenty-one years old Sunday, March 29, and on Monday evening he was given a birthday surprise party. The affair was so well managed that it was a complete surprise to Arthur. Thirty-five young people were present. Refreshments were served. Arthur was presented with an Oxford teacher's bible and a handsome rocking chair. It was an exceedingly pleasant party and greatly enjoyed by those who were present. Got Money and Skipped. A Hungarian who worked at Wisah nines, stole a bank book from a fellow countryman who had money deposited in the First National bank at Reynoldsville, came to town, drew \$200.00 out of the bank and skipped. The Hun missed his bank book and came to town to see about it, then the discovery was made that the bank had been "worked." A picture of thief was secured, cut made, reward bills printed and sent out. The Hungarian was apprehended near New York City and Eschriele, E. Burns and John H. Kancher left here at noon yesterday to bring the culprit back. It is likely they will return to night. Why Punxzy Was Defeated. In the write-up of the literary contest at Reynoldsville recently, the Punxsutawney News gives the following explanation why Punxzy's high school did not get more points to their credit: "Owing to the fact that we have no auditorium in connection with our public school, not one of the four contestants had ever appeared before an audience of more than forty or fifty people until the evening of the contest. This fact explains the severe cases of stage fright which interfered so much with our scores. In this particular our contestants were as raw recruits meeting seasoned veterans." Church to be Remodeled. The Baptist congregation of Reynoldsville has decided to expend three or four thousand dollars in the near future in enlarging, remodeling and making a decided improvement on the interior and exterior of their already handsome brick church. Two large rooms, for Sunday school purposes, will be built on rear of church, a new baptistry will be put in church, new seats, most likely chairs, will be put in the auditorium. The walls and ceilings will be repapered and frescoed, and the exterior of the building will be repainted and greatly improved in appearance. When the work is completed the Baptist congregation will have a church that they can feel justly proud of, and the edifice will be a credit to Reynoldsville. Narrow Escape. James Donahue, driver of National bus team, had a narrow escape from serious injury last Saturday morning at the P. R. R. station. Donahue had gone to station for a load of trunks, which he piled on the wagon and had crawled on top of a trunk and was ready to start from station just as a passing engine blew off steam, frightening a strange horse, which Donahue was driving on account of one of the regular horses being sick. The horse jumped, the trunk Donahue was sitting on rolled forward, throwing him between the horses and wagon. The trunk fell on top of him, horse kicked him on head twice, splitting his left ear and cutting an ugly gash on his head back of ear. One wheel of the wagon ran over part of his body. The wagon was upset and the team ran up town. Little Gem Moistener. Will J. Weaver and C. F. Hoffman, of Reynoldsville, are joint patentees of the Little Gem Moistener, one of the most unique, convenient and cheapest envelope and postage stamp moisteners that has ever been invented. Every person who has seen the Little Gem pronounce it the best thing of the kind they have ever seen. It is well named, "Little Gem." There is not the least doubt but that the Gem Moistener Co., of Reynoldsville, will have a big demand for this little time saving article. The Little Gem is composed of four parts. One part is made in Maine, another in New York City, another in Pittsburg, another in DuBois. The Little Gem is put together in Reynoldsville by the Gem Moistener Co. Messrs. Weaver and Hoffman certainly have found a money-maker if it is worked properly. Ladies' tailor made suits at Millirens. See Gibson's optical ad.

TRouble AT TANNERY. Some Men Discharged Others Quit—Few Still Working. M. Wait, a union organizer from Philadelphia, came here last week and began organizing the employees of the tannery in West Reynoldsville into a union. The officials of tannery learned what was being done and some fifteen to twenty of the employees, who either joined the union or intended to, were discharged Saturday and then a number of the others quit and now there are only a few men at work in the tannery. The men were determined not to return to work unless the union is recognized and this the company refuses to do, and that is the situation. A committee of business men called at the office of Elk Tanning Co. yesterday afternoon to see if it was possible to get the difficulty between the company and employees adjusted, but they did not accomplish anything. District Supt. Schultz, who was in the office, said the matter would have to be taken up with G. W. Childs, of Ridgway, whom the committee talked to over telephone, but Mr. Childs refused to recognize the union or employ union men. The committee was informed that it was the intention of the company to dismantle the tannery and shut it down never to run it again. The Shooting Habit Among Italians. Rev. Father John DeVillie, of Wallston, is making a determined effort to induce his Italian parishioners to quit carrying weapons. He has been preaching against it and making personal pleas to them, but with indifferent success. He says they have a weakness for weapons that is almost second nature. They like the sensation caused by the crack of a pistol and use them to celebrate in all ways. Every time a baby is born there is a general fusillade. A birth is announced by three revolver shots from the home if it be a boy, and two if it be a girl. Immediately thereafter all the friends hoist their windows and begin shooting in celebration of the event. Father DeVillie is endeavoring to induce them to celebrate in some less hazardous way, but they are hard to wean from their old habits.—Punxsutawney Spirit. Attended Funeral. Mrs. J. D. Woodring was called to Bellefonte Saturday to attend the funeral of her sister, Mrs. S. A. Brew, who died in St. Luke's Hospital, New York City, on Friday. An operation had been performed on Mrs. Brew the Monday before for cancer. Mrs. Brew had resided at Hazleton for some time, but the body was taken to her old home at Bellefonte for interment, which took place Sunday afternoon. The deceased was 68 years old. This is the second sister Mrs. Woodring has lost within a month. Mrs. E. P. Fell died at Wilkobar less than four weeks ago. Fell Down the Shaft. William Phillips, of Lindsay, fire boss at the Elk Run shaft fell from the surface to the bottom, a distance of 125 feet, this evening at 7.15 o'clock and was instantly killed. He was on his way to work and opening the gate stepped in as if to enter the cage to be lowered to the bottom. The cage on that side of the elevator was then at the bottom, and the unfortunate man was hurled to death on the top of the cage 125 feet below. The deceased was tax collector of Clayville. He is survived by a wife and two small children.—Punxsutawney Spirit. Elk Officers. The Elk Lodge, No. 519, of Reynoldsville, has elected following officers for ensuing year, who will be installed on evening of April 8: Exalted Ruler, James E. A. Stoke building at corner of Main and Fifth streets. Mr. Mitchell's many friends at this place will be glad to welcome him and his estimable wife back to Reynoldsville. Pie Social. The pie social and cake walk held in the I. O. O. F. hall Friday evening under auspices of Women's Relief Corps was well attended, and the Corps cleared \$17.00. Rev. Vulkoff Dead. Rev. T. T. Vulkoff, pastor of the DuBois Baptist church, who was well known to the Baptist congregation in this place, having preached here several times, died at his home in DuBois at 12.30 a. m. Sunday, March 29, 1903. The 22nd of last December Rev. Vulkoff slipped and fell on an icy pavement in DuBois, receiving injuries from which he suffered three months and finally caused his death. Funeral service was held in the Baptist church at DuBois at 2.30 p. m. Sunday, Rev. Dr. A. J. The News contained almost a full column of how the surprise was planned and carried out. Dr. and his wife were presented with a beautiful leather couch and a handsome pillow. In conclusion the News said: "Rev. Rumberger is now serving his third year as pastor of the M. E. church. He is a popular minister and is doing a grand work. PASSENGER TRAIN WRECKED. Engineer Blakely Lost a Leg—Fireman Injured—Two Engines Demolished. The P. R. R. passenger train due here at 9.50 p. m. crashed into a light engine standing on the main track on the sharp curve near the east end of the large cut below Reynoldsville Monday night. There was no one on the engine, not even a light on it, that stood in the path of the passenger train and Engineer David Blakely and Fireman Ralph Hunter did not see the engine until about the time the iron monster they were on crashed into tender of the other engine. There was no time for the engineer and fireman to jump before the awful crash occurred and it is miraculous how they escaped from instant death. The tender of the light engine, No. 6, was driven into cab of engine and the tender of the passenger engine, No. 41, was driven into cab, pinning Engineer Blakely's left leg to boiler head of engine, and it was over an hour before he was extricated, and his suffering was intense. Mr. Blakely is a large man and it seems almost impossible that he could be squeezed up into the little space he was taken out of and not be crushed to death. Mr. Blakely's left leg was badly crushed and had to be amputated six inches below the knee. The operation was performed at Mr. Blakely's home in DuBois yesterday afternoon. Mrs. J. B. Neale and Harry B. King, of Reynoldsville, assisted in the operation. Both of Mr. Blakely's legs were badly scalded and he was otherwise injured, but he will recover. When the collision occurred the fireman was thrown off the engine, which is all that saved his life. He had been off his box and was just getting on it when their engine plunged into the other one. Hunter's back was badly injured. None of the passengers were injured, but they were badly shaken up. The ladies' coach was next to engine and the shock was so great that some of the seats in that coach were torn loose. Henry B. Clayton and wife were the only Reynoldsville people on the train. Four or five Reynoldsville doctors and a number of town people were soon at the wreck. The engineer and fireman were taken to DuBois about midnight. Both engines were badly demolished. M. J. McEntee was conductor of the train. No one seems to be able to explain how engine 6 got out on the main track, as it had been put into engine house yard two hours before the passenger train was due. The hostler says that the engine was standing down near blacksmith shop, some distance from main track, a short time before the passenger train was due, and it is up grade from where engine stood out to main track. It is certainly very mysterious how the engine got onto main track. The wreck crew, Daniel Nolan conductor and M. J. Glendon, engineer, had the wreck cleared away before noon yesterday. Horntown. Albert Dougherty and wife, of Allens Mills, were in our village on Friday. Elmer Calhoun and son, of Sugar Hill, were in our town with a load of fruit trees on Friday.
