ROBINSON'S

News of Interest to the Grangers

The Grange must not be used to bolster up men's ambitions for political preferment. Office in the Grange is opportunity for service; it should not be used to promote party ambition or partisan success. The Grange is for farmers, not for politicians.

Mrs. Gertie Nickerson, Worthy Deputy of Potter county, Pa., writes: "Ulysses grange, No. 1183, is slowly gaining. We have initiated five members since Jan. 1st, and have five more applications. At the beginning of the year a library was started. Some twenty magazines and papers are now received regularly. Among them, Public Opinion, Country Life, Frank Leslie's Monthly, The Arena, The American Inventor, Success, Everybodies, St. Nicholas, (for the children,) Fruit Growers Journal and Hoards Dairyman."

T. C. Atkinson, Master of West Virginia State Grange, in his annual address said: "Since the last regular session of this Grange at Point Pleasant, a year ago last October, it has been the pleasure of the representatives of this State Grange to attend two of the most magnificent sessions of the National Grange. One at Lewiston, Maine, and the other at Lansing, Michigan. The Grange may not have accomplished all it it started out to accomplish, but there is no doubt that it has secured for the farmers of this greatest of all agricultural nations, the respect and friendly appreciation of all other classes. The world recognizes the importance of agriculture, and of the agriculturist, as never before, and the Grange, through its strong, conservative, business-like conduct, has had much to do with bringing this about."

Farm products in Pennsylvania this year will bring fair prices. This will cause the farmer to think much of bushels, pounds and dollars. But efficient help on the farm can hardly be had and any help will cost more than it can produce. This will tempt the farmer to overwork himself and his family. Don't do it. Plow fewer acres. Plan for no more work than you can keep well in hand. Attend church and grange meetings regularly. Do not grind the life out of yourself and wife and drive the boys and girls away from the farm. At the end of the year you may have just as many dollars and what is better there will be a favorable balance in the happiness account.

Returning, a special train will leave Pittsburg, Union Station, at 7.00 p. m., making all stops east of Red Bank and run through to Driftwood. Tickets will also be accepted on DuBois Express leaving Pittsburg at 5.05 p. m., Eastern Standard time.

The excursion rate will not be accepted on trains, and passengers not provided with tickets will be charged the regular full fare.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. A "Cinder Head's" Opinion of the Machine.

While the general opinion of window glass workers is that the machine is not the success that is claimed for it, they are not a unit in this belief. In substantiation of this statement we quote the following taken from a letter written by a Gas Belt workman to a window glass blower in Pittsburg during the past week:

"I take this opportunity to write you a few lines to let you know what I know about the machine. I want, or would like to have every glass blower in the country to know the facts. Out here the men won't believe that the machine is a success. I have not seen it blow but I have seen the rollers and the flattened sheets, and I tell you candidly they beat any hand-made glass. They can make them any size and any thickness, and the sooner our members waken up to this fact the better it will be for them. Some of the men out here who know what they are up against are of the opinion that the officers of L. A. 300 should try to get some kind of a wage scale for working the machine, since we think that window glass blowing by hand is practically a thing of the past. We would like to see something done quickly for they are teaching snappers to operate the machines, so as to be ready when the plants now being equipped are started. If there is to be anything left for the blowers and gathers quick action on the part of our officers will be necessary."—*National Glass Budget.*

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at H. Alex Stoke's drug store.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at H. Alex Stoke's drug store.
