The "Money-Back" Drug Store

We do not want to have a single dissatisfied customer. We would rather have almost anything happen than to have a customer go out in a huff, or trade somewhere else because of supposed ill-treatment. Probably it is because we feel this way, and are always glad to make everything R-I-G-H-T that we have so many customers who stick to this store year after year. Our list of such customers is steadily growing. We invite your trade—your constant, exclusive trade—with the distinct understanding that every purchase will be satisfactory, or we will make it so.

Cigarettes Affected His Heart.

A glassworker, who smokes a large number of cigarettes every day, caused some excitement about noon Saturday by falling apparently dead on the sidewalk near corner of Main and Fifth streets. A doctor was called and in a few minutes the man was able to get into a bus and was taken to National Hotel. Heart trouble was what caused the man to drop on the street. The doctor said the young man's heart was affected from smoking too many cigarettes. It is very likely the fellow will continue smoking cigarettes until his life ends suddenly from the effects of the habit.

Change at National Hotel.

There is to be a change of proprietors at the National Hotel in this place. J. Owens Edelblute, of Punxsutawney, is buying out John O'Hare, who has been proprietor of the National since it was first opened, about two and a half years ago. The transfer of proprietorship has not been signed, but the papers have been asked to transfer the license. The National is a fine hotel, well furnished throughout, and Mr. O'Hare has built up a good reputation for the hotel. Mr. Edelblute is an experienced hotel man, and will, no doubt, continue to conduct the hotel in a first class manner.

Rural Free Delivery.

There is some talk of rural free delivery of mails in the vicinity of Reynoldsville. Postmaster E. C. Burns expects to take the matter up soon and go over two or three proposed routes to get the farmers to sign a petition for the rural delivery. Besides signing the petition people along the proposed routes will have to agree to buy mail boxes, costing about \$1.25 apiece, which will have to be erected in convenient places along the route for carriers to leave mail in. The carriers will also receive mail and sell postage stamps. Full particulars will be published in THE STAR when the routes have been laid out and the rural delivery is a sure thing.

Warning to Boys.

The legislature passed a bill, which was signed by Gov. Pennypacker last week, making it unlawful to shoot fobert rifles, air and spring guns within the limits of boroughs and cities of Pennsylvania. We call attention to this law to warn the boys of Reynoldsville who own fobert rifles and air guns so that they will know that they are liable to be arrested if they shoot in the borough. This is a good law and will likely be enforced because shooting fobert rifles and air guns on the streets is a very dangerous practice. It is surprising that more accidents do not occur from it. About the only pleasure boys get out of such guns is shooting at little birds, and boys should be taught not to kill or injure birds.

SEVEN WERE SUCCESSFUL.

Stroke of Paralysis.

James Jones, who makes his home with his daughter, Mrs. Annie Winslow, on Jackson street, had a stroke of paralysis last Thursday evening. He had gone to spend of lot about eight o'clock and soon after Mrs. Winslow heard a groan and heard her name called faintly. She ran out and found her father lying on the ground beside the sidewalk. She called for help and Mr. Jones was carried into the house and a doctor summoned. His entire left side was paralyzed. He can now move his left leg a little.

Mr. Jones is 86 years old and he has never been sick and never had to take any medicine. He does not know what it is to have the headache. He has had exceptionally good health. Has been a hard worker until within a few years.

Good Entertainment.

Last Friday evening a cantata, "A Day in the Woods," was given in Assembly hall under the auspices of the Young Men's Bible Class of the Baptist church. There was a large audience present and the entertainment was excellent. All those who took part did nicely. The high school orchestra furnished music. Everything was well arranged and the program that was published in THE STAR last week was carried out. The receipts of the entertainment was almost \$120.00. Much credit for success of the entertainment is due to the following ladies who trained the children: Miss Ethel Stuchell, Mrs. Prof. C. V. Smith, Mrs. Maude Booth, Mrs. E. Barton and Mrs. G. G. Williams.

Promotion of Jacob Leibengood.

We learn that Jacob Leibengood, of South Brookville, has been promoted to the position of master carpenter for the entire line of the Valley road, including the main line from Pittsburg to Oil City and the Low Grade Division from Red Bank to Driftwood. His headquarters will be at Verona, where he is expected to report on May first. This will necessitate a change of residence on his part, and he will move to Verona as soon as he can get a house there. Mr. Leibengood has been in the employ of the Allegheny Valley Railroad for over twenty-nine years, and is still strong and active, and is seemingly good for at least ten years of active service.—Brookville Democrat.

A Fake Show.

The marvelous Dudleys, mysterious mind readers, gave a performance in Reynolds opera house Friday evening to a very small audience and cancelled their engagement for Saturday evening after they discovered that even a small audience would not materialize. Princess Lola, the mind reader, was assisted in her marvelous work by "Skippy" Wray. While Lola sat on stage blindfolded Wray was under the stage reading the questions that had been written on slips of paper by persons in the audience and was giving Lola the information, she imparted to the audience, through a telephonic arrangement that was nicely concealed under her hair. So says "Skippy." It requires considerable "nerve" and audacity to perpetrate such a gigantic fraud, but if the Dudleys don't meet with better success in other towns than they did at Reynoldsville the "twentieth century sensation" and "marvelous feats of second sight" will be dashed to pieces on the rocks of financial embarrassment before the summer endeth and the winter winds howl again.

ANOTHER INDUSTRY OPERATING.

Reynoldsville Brick and Tile Company Made Brick Saturday.

The Reynoldsville Brick and Tile Company, one of our new brick plants, made the first brick last Saturday and to-morrow morning the plant will be started for regular operation, giving employment to twenty men. This plant is located on the R. & F. C. R'y, a mile south of town. It is a large and well equipped brick plant. The main building is 80 x 80; dryer building 40 x 120; office 16 x 30. The capacity of the plant is 25,000 brick per day and it is the intention to double this capacity within a year. The latest improved machinery has been placed in the plant, including E. M. Frees Co. combination brick machine and pug mill with a capacity of 60,000 brick in ten hours; latest improved cutting table, cuts brick with perfectly smooth edge. They now have a 4-tunnel dryer 100 feet in length, which will hold 30,000 brick, but it is the intention to double that within a year. There is one square kiln 20 x 80 feet that will hold 225,000 brick. A number of round kilns will be built as fast as needed. The shale is ground in a 9-foot dry pan, Phillips & McClarren make. The clay is delivered from the bank on opposite side of creek to brick plant on a double track incline plane and tramway 900 feet long. It is claimed by experts who have examined it that the material procured is as good as any brick material in the state. The production of this plant will be common red brick, fancy front brick, red and buff, paving brick, drain tile, hollow building blocks and fire proofing.

Voting Precincts Changed.

Sometime ago mention was made in THE STAR that a petition had been presented to the Jefferson county court asking for a new voting precinct in Washington township, as a number of voters had quite a distance to go to polls, notwithstanding the fact that there were three precincts in the township. Judge Reed has granted an order for a revision of the voting precincts, but not for a new precinct, in the township. The lines of the precincts have been changed some and the names have been changed. What was known as Upper Washington is now North precinct, Lower Washington is East precinct and Falls Creek is West precinct. Hereafter they will be known as North, East and West precincts.

Surprise Party.

S. M. Siple, an old soldier who is employed as car inspector at Adrian and spends Sunday with his family in West Reynoldsville, was very much surprised Saturday evening, April 8th, when about forty neighbors gathered at his home to celebrate the sixty-third anniversary of his birth. Mr. Siple was the recipient of a number of useful and valuable presents, among which was a very handsome rocker. Flinch and checkers were indulged in and enjoyed by the old as well as the young, so the girls say. At ten thirty dainty refreshments were served, after which the guests departed for their various homes wishing Mr. Siple many happy returns of the occasion.

Four years ago—lacking a week—he met with an accident in which his back was broken. The fracture affected the spinal cord, but not sufficiently to cause death at once. He was, however, injured beyond all possibility of recovery and placed in an almost wholly helpless condition, and in this state he survived the four years.—DuBois Courier.
