#### Telephone System for Beechwoods.

The people of the Beechwoods farming community are not to be outdone by town folks in the matter of keeping abreast with the progress of this age. At a recent meeting of the citizens of that district it was decided prosperous farmers should have a telephone service and a corporation was organized to be called the Beechwoods Telephone Company. The following officers and directors were elected: McCurdy Hunter, President; T. P. Smith, Secretary; John Stewart, Treasurer; D. T. Denison, James S. Daugherty, John McCurdy and W. H. Cooper directors.

It is the intention to establish a well equipped telephone service throughout the Beechwoods district, the poles for the lines being already placed on the ground. The lines will be connected with the Bell telephone system at this place and the Summerville exchange at Falls Creek. They will give a complete system and Beechwoods territory will have as good 'phone service as subscribers to town and city exchanges. Fifteen subscribers have already been secured to the new project and many more are in view. Work of putting up the new line will be started as soon as material can be secured.—Brockwayville Record.

### SOME DAY WE'LL UNDERSTAND

PHILOSOPHICAL MUSINGS ON THE WAY OF THE WORLD BY "UNCLE WILLIAM"

Who goes to church on Sunday eve And sits with faces long Flourish, while neighbors get their raps And fortune seems to frown, Some day we'll understand.

Why is it that the idle thrive And always seem to win When like the lilies of the field They toil not, neither spin; Some day we'll understand.

Why tells poor John from morn till eve To keep his dear ones fed, Nor dares to stop a single day To rest his tired head, Some day we'll understand.

Why does Miss Fussy bounce along In silks, and cast a frown, Upon her neighbor, poor Miss Low, Who wears a cotton gown? Some day we'll understand.

Why is it that when mortals err For sympathy they yearn, That people treat them like a cur And backward on them turn? Some day we'll understand.

Why is it that these hapless ones Are treated thus with scorn; Man's inhumanity to man, Makes countless thousands mourn, Some day we'll understand.

### News of Interest to the Grangers

J. W. Darrow, Press Correspondent, of New York State Grange, says: "A good grange meeting is not only a pleasant and sociable occasion, but it is something that will promote intelligence and increase the knowledge of those who desire to gain information on all practical subjects which are of value to the agricultural classes."

New York has 22 grange fire insurance companies, carrying risks aggregating \$58,735,632.00. Last year the cost averaged \$2.20 per \$1,000.00.

A good laugh is better than medicine or advice for tired people. The Grange must help to make the labors of this life cheerful. It is an old lesson, but it needs constant repetition and frequent enforcement.

Wherever the Grange goes it makes country life better. It has been the college of thousands. It has taught men to think on their feet and in the closet. It has trained boys and girls in the use of their powers of mind and body. It has filled the lives of thou-

sands with meaning and purpose. It has brought light and encouragement into uncounted households. And with all this its service of usefulness is only begun.

Three new granges were organized in Penn'a during the month of May. No. 1237, McKean Co., by L. W. Howden.

No. 1238, McKean Co., by L. W. Howden.

No. 1239, Crawford Co., by O. P. Bryant and W. F. Hill.

Nineteen new Granges have been organized since Jan. 1, 1903.

Butler Co., Pomona Grange met March 5, with Eureka Grange No. 244, and held a splendid meeting. It lasted all afternoon and evening. In the evening a closed meeting was held and Rev. Frost and wife took the Fifth degree. They belonged to a class of five recently initiated in Eureka Grange. Brother John Laise, Master of Pomona reported his home grange in a flourishing condition.

#### Popular Minister.

Evidence of the popularity of a well known pastor was manifested last Sunday evening when Rev. Harry G. Teagarden, Ph. D., preached his farewell sermon to a very large and attentive audience at Eleanora, Pa. Dr. Teagarden has been pastor of the church for twelve years and had the pleasure of knowing that his work was very successful. During that time hundreds were converted and scores of wedding ceremonies were performed, besides officiating at many funerals. The pastor resigned his work at Eleanora to give more time to the Yatesboro congregation, where he has recently built a beautiful six thousand dollar church and, which is now free of debt and doing good work. Dr. Teagarden leaves behind him in Eleanora many warm personal friends, and his farewell sermon advised all to help the incoming pastor who ever he may be.—Punxsutawney News.

#### Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by H. Alex Stoke, druggist.

Do Your Eyes Need Care?

In consulting an optician you should always inquire first whether he has the skill and facilities for doing the work; Next, whether he is reliable and whether you can reach him if changes are wished. As to the first, a trial will convince you, as to the second, years of regular visiting and a constant practice is a sufficient answer. G. G. GIBSON, Expert Optician.
