We were informed by an offended person Saturday that a number of people in town think the editor of THE STAR is correspondent from this place for Grit, which is a mistake. The editor of this paper has nothing whatever to do with the Grit correspondence, do not even see a copy of Grit once in six or eight weeks only as we see the newboys selling them on the streets, and do not know what is in the paper unless our attention is called to some special piece of news.

Challenge for Race.

Knowing that the public is not satisfied and that the race committee gave me a very unfair decision July 4th in deciding the winner of the 100 yard dash, I am anxious for another race with Mr. John Penhall, who was declared the winner. At seven o'clock this evening, July 15, 1903, at the First Baptist church in Hoosick Falls, N. Y., Glenn A. Milliren, one of the proprietors of Millirens large stores in Reynoldsville and Kane, who has charge of store at Kane, and Miss Susan Amelia Glenn, the handsome and accomplished daughter of Mr. and Mrs. James Henry Glenn, of Hoosick Falls, will be united in the holy bonds of matrimony. A reception will be held immediately after the ceremony. A few Reynoldsville people received invitations to the wedding, but as the distance from Reynoldsville to Hoosick Falls is over 600 miles those invited from here will not attend the wedding. Mr. and Mrs. Milliren will go to New York City, N. Y., and Boston, Mass., on a wedding trip. They will reside at Kane.

Glenn A. Milliren is highly respected and esteemed in Reynoldsville, where he has been known since his boyhood days. Less than a dozen years ago he embarked in the clothing business in Reynoldsville on a small scale, but he had a good supply of energy and tact and he made a success of his business venture. A few years ago his brother, Charles Milliren, went into partnership with him, and their magnificent large stone front building and fine store in Reynoldsville and large store in Kane are substantial evidence of the success these deserving young men have made in their business career.

Glenn's host of friends will extend congratulations and best wishes for himself and wife in their matrimonial journey down life's pathway.

Miners' Convention.

Wednesday of last week delegates from thirteen Local Unions in Sub-District No. 5, of District No. 2, United Mine Workers of America, held a convention in Punsuxatweny, which was presided over by Sub-District President John Sullivan. The purpose of the convention was to arrange a method whereby certain grievances that have existed might be adjusted, and the possibilities of a suspension at points where the grievances exist be done away with. The principal difficulties apparently are the failure of the companies to collect the 2 and 3 per cent. check-off and pay-days. Among resolutions passed by the delegates were the following:

Resolved, that it be the sense of this convention that the question of the paydays be left in the hands of the district and sub-district officers.

Resolved, that the question of the check-off be left in the hands of the district and sub-district officers and all miners continue at work until further notice is given by the officers of district and sub-district.

It was also declared that there would be a stoppage of work at all mines of any company that fails to collect the check-off.

Challenge for Race.

Knowing that the public is not satisfied and that the race committee gave me a very unfair decision July 4th in deciding the winner of the 100 yard dash, I am anxious for another race with Mr. John Penhall, who was declared the winner. He has made a number of bluffs for another race and I would be pleased to hear from him personally and am confident that a race can be arranged for a side bet of any amount.
