During the storm early Sunday evening Mrs. Fred Riddum was instantly killed at her home in Wishaw. The back porch of the house Mr. Riddum lives in had been enclosed with rough boards and had a window on one side. Mr. Riddum and another man were in the dining room eating their supper and Mrs. Riddum sat down beside the open window on the porch with her eight-month-old baby in her arms, the baby was nursing, when lightning struck the porch. Mrs. Riddum was instantly killed and the baby fell to the floor uninjured. Several other children were playing near their mother and they were not injured. The Baptist, Presbyterian and Methodist Episcopal choirs furnished music. The program, as published in THE STAR last week, was generally followed. Harvey Deter, a young man of this place, whose name was not published on program, delivered a speech Friday evening. It was his first public speech. Those who heard Mr. Deter's speech say it was excellent.

**AUTOMATIC AIR COMPRESSOR.**  
**It is a Good Thing—Proposition will be Considered for Locating Here.**  
Ralph D. Albright, a worthy young man of Reynoldsville, who is the patentee of an automatic air compressor, is about ready to begin manufacturing this compressor and is looking for a location. He will consider a proposition from the people of this town for locating here. Mr. Albright says there are other localities that would be a little more advantageous for him, and if there is no inducement offered him at Reynoldsville he will build elsewhere. Full description and designs will be furnished when desired.  
There will be a demand for these compressors when introduced. They will be used mostly in hotels and will save anywhere from \$30.00 to \$150.00, by actual test, over the present system. They are more simple in construction than any other form of compressor on the market. Can be manufactured at a small cost and sold at large profit. The form of valve which goes to make up this pump can be used on a motor for water lifts, motors, drop hammers, compressor of air in locomotive works, &c. All these things will be in steady demand. The patent covers United States, Canada and England.  
This should be given consideration and if possible have the plant locate at Reynoldsville.  
**Death of Mrs. John Burtop.**  
Mrs. John Burtop died at her home in Beechwoods at 11.00 p. m., September 28, 1903, after an illness of five months. Heart disease was the cause of her death. Funeral service was held at her late residence at 10.30 a. m. Thursday, October 1st, conducted by Rev. George H. Hill, pastor of the Beechwoods Presbyterian church. Interment was made in the Beechwoods cemetery.  
Mrs. Burtop was born at Yorkshire, England, February 25, 1836, making her 77 years, 7 months and 3 days old at time of death. Her maiden name was Nancy Castle. She was married to John Burtop in England in 1846. One son was born to this couple, George Burtop, who with the aged father, survive the wife and mother. In 1854 they came direct from England to the Beechwoods, where they remained three years and then moved to Massachusetts and lived there nine years. In 1866 they moved back to Beechwoods and located on the homestead where Mr. Burtop and George now reside. Mr. and Mrs. Burtop did their trading in Reynoldsville for nigh unto forty years and the deceased was well known to many of our townspeople. She joined the Beechwoods Presbyterian church about four years ago. She was an excellent woman.

**Pine Fruit.**  
Some people seem to be under the impression that fine peaches cannot be raised in this section of the country, which is a mistake. Last Thursday Peter Snyder, a Winslow township farmer, brought a few fine peaches and says to THE STAR office as samples of what he got in his orchard this year. One of the peaches measured 9 1/2 inches in circumference. They were as fine peaches as any person could wish for. The trees from which these peaches were pulled are only two years old.

**JOHN MORRISON DEAD.**  
**Was One of the Old Pioneers of Beechwoods Settlement.**  
John Morrison, father of Robert F. Morrison, of Allens Mills, and brother of Joseph Morrison, formerly of this place, who is now residing with a son near Brockwayville, died at his home in Brockwayville Thursday morning, October 1, 1803. Death was the result of old age. John Morrison was born in County Kerry, Ireland, May 13, 1813. In 1832 the family came to America and located in the wilderness of the Beechwoods. From the Brockwayville Record we clip the following sketch of the deceased's life:  
John Morrison grew to manhood on his father's farm in Beechwoods and he was one of the prominent figures of the early days, which had its pleasures as well as its hardships, and he was a prime mover among the young people of that section. Fifty-nine years ago Mr. Morrison was married to Frances Scott McConnell, of Beechwoods, and to them three children were born, all of whom survive, namely: R. F. Morrison and Mrs. J. G. Allen, of Allens Mills, and Miss Susan Morrison, who lived with her father. The mother died a few years after the marriage and was laid to rest in Beechwoods cemetery. June 7, 1859, Mr. Morrison was married to Sophia Elizabeth Tracey, and to this union two children were born, J. T. Morrison, who is now governor of the state of Idaho, and W. Z. Morrison, who is an instructor in Shady Side Academy, Pittsburg. He had a wonderful constitution for a man of his years and his sight and hearing, as well as general health was remarkably well preserved. The greater part of his life Mr. Morrison devoted to the pursuits of agriculture and he owned some fine farming territory in the Beechwoods section. He was associated in various business interests and together with conservative judgment and hard work accumulated a goodly portion of this world's goods, and during the closing years of his life lived comfortably and peacefully in his pleasant home.  
John Morrison was a man who was prominent in his home community but he never sought publicity in the eyes of the world. His was purely a character incorruptible and at no time in his life was he unable to look his fellow man squarely in the face. His business dealings were honest in every sense of the word, and he possessed those qualities that commanded the regard and esteem of all who knew him. He was charitable, chivalrous and of manly spirit and the world has seen the end of a career that filled its mission, even though temporal position and greatness crowned not the labors of a deserving and well-spent life. More can be said of no man.

**Birthday Surprise Party.**  
On coming home from Oak Ridge last Friday, Oct. 2, W. T. Cox was very agreeably surprised to find a large number of his Reynoldsville friends in charge of his home, and on being reminded that Oct. 2 was the day he passed his 56th mile stone of life, he became reconciled to the situation and informed his friends that the farm and buildings belonged to them for the balance of the day. "Uncle" Ed. Seeley and S. T. Reynolds did not forget to bring their "Stradivarius" violins from which they brought some elegant music, accompanied on the piano by Sue Reynolds and Netta D. Coax. Some of the guests thought it wicked to let such good music go to waste and accordingly tripped the "light fantastic toe," while others appropriated the cider mill, of which Charles Milliron had charge (but all were careful to drink it before it was five minutes old) so it was not intoxicating. When lunch time arrived it was noticed that Mrs. Cox had provided ice cream and coffee, while the guests had brought well filled baskets. All the guests were seated and after their appetites had been satisfied they all repaired to the barn, where they indulged in a good old fashioned "hoedown." Two elderly gents and two ladies danced the "French Four" and the honors were equally divided. Some of the guests left presents as tokens of their esteem, when they started home at 10.00 p. m. All reported having had the best time they have had in years, and were perforce in thanking Mr. and Mrs. Cox for such a pleasant day. A GUEST.
