

**NEW RAILROAD TO CLARION.**

It will Open a Large Timber Tract and Coal Territory.

Mention was made in THE STAR two weeks ago that the contract for building the new railroad from Summerville to Clarion had been let to Col. James A. Bennett, of Greenville, and Daniel Nolan, of Reynoldsville. Since that time we have learned some more facts concerning the road. The Pittsburg, Summerville & Clarion Railroad Co. is the name of the new company. It has been chartered with a capital stock of \$150,000, which will be increased in a short time to \$600,000 or \$700,000, which will represent the cost of the road. The organizers of the company are Charles F. Heidrick, of Brookville, president of the company, R. M. Matson, Alfred Truman, John Q. Heidrick, Emmett Heidrick and Charles Corbett, of Brookville, A. L. Cole, M. I. McCreeght and C. H. Cole, of DuBois, Theo. L. Wilson, brother of Judge Wilson, of Clarion, and several Philadelphia parties.

Mr. Heidrick says the building of this line was a plan of his father's, the late Levi Heidrick, and his death prevented him carrying it through.

The road runs from Clarion to Summerville, a distance of seventeen miles, and connects with the P. R. R. at the latter place. There will be a four mile branch from Strattonville to Mill Creek, on the Clarion river, for the purpose of opening up the Marvin & Rulofson timber tract, which is said to contain nearly one hundred million feet of virgin pine, hemlock and other timber.

The road will open up 30,000 acres of coal lands which is largely controlled by the organizers of the railroad company and the coal will be gradually developed along with the timber interests. The road also opens up some of the finest beds of fire clay in the state, which will be immediately developed.

It is expected that the road will be extended on through to Franklin, a distance of about twenty-three miles from Clarion, in the course of a year or two, which will make the coal tributary to the road nearer the lakes than any other bituminous coal in the state.

The road to Clarion and Clarion river will be pushed as rapidly as possible and completed before September 1st, 1904.

There will be no stock for sale and no bonds will be issued. The rights of way have been secured 100 feet in width practically the entire distance.

THE FAMOUS SHOE FOR WOMEN

**Most Important!**

Of what use is a hat that does not fit your head. Of what use are corsets that do not fit, dresses that do not fit, or gloves that do not fit?

Now take shoes! The one absolutely necessary thing about shoes is

that they shall FIT.

Boots, \$3.00 and \$3.50.

Unless they fit you feel "slouchy," you walk clumsily, dragging the feet along because they are tired. You acquire corns. And all because you bought shoes that were perhaps loudly advertised and smart in appearance, yet made with no regard to fit. The one shoe for women for FIT is the

Queen Quality.

Try them for easy walking.
