

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by H. Alex Stoke's. Trial bottles free.

New Ballots Next Tuesday.

The voters will have a new form of ballots next Tuesday and they are entirely different from the old ballots. The old ballot had a separate column for each party which made nominations, but on the new ballot the names of all candidates for one office will be printed under the name of that office. For instance, under the heading of "State Treasurer," all candidates for that office will be printed. The name of the candidate will be first at the left and at the right of his name will be the name of the party which nominated him. At the right of this party name will be a small square. If two or more parties have nominated the same man for the same office the name of each party which nominated him will be printed at the right of his name. At the top of each ballot there will be printed in large letters the names of the different parties which have made nominations, and a large square will be at the right of each party name. If you want to vote a straight ticket you will put a cross in the big square at the right of the party name and that will be counted for the whole ticket. But if you want to cut your ticket you put a cross in the small square at the right of the name of the man for whom you want to vote. Don't put your cross in the big square at the top and in the little square at the right of each candidate; if you do this, neither one will count. The big square is for a straight ticket, the little square is for a cut ticket.

Advice to Hunters.

During the hunting season while the woods are more or less inviting to a goodly number of people it is well to remember a number of things. You should make it your business to always crawl over a fence with the muzzle of the gun toward you. Then should anything catch on the trigger the newspaper man will have something interesting to write about the next week. If you see anything move in the brush you want to fire right away. Of course it may be another hunter but you can call around in the morning and explain to his widow that you thought it was a pheasant. She will probably think you are a bird. Always leave the hammer of your gun up if you have anybody with you. If it should fall your friend will probably catch the ammunition in his back before it goes far. You can then pick the shot out at leisure.—Falls Creek Herald.

Jefferson County's Centennial.

The year 1904 will bring the one hundredth anniversary of the organization of Jefferson county and if the event is to be fittingly celebrated, as it should be, it would seem that early agitation of the subject should be begun. Every community in the county ought to be interested in a celebration which would bring to the attention of the outside world the advantages possessed by sturdy Jefferson and if the citizens of the county seat (which is, of course, the logical point at which to hold the anniversary celebration) will but bestir themselves early we have no doubt but that the hearty co-operation of all sections will be secured and a celebration of fitting magnitude be given. There is no reason why such an affair should be local in any sense of the word, as every borough and township in the county has some thing of historic interest which would add to the general result.—Falls Creek Herald.

Millionaires' Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station.
