A Shipping Box.

Rev. Perry A. Reno, pastor of the Methodist Episcopal church of Reynoldsville, has been granted a patent on a sheet-metal packing or shipping box, which we consider a good thing, and have no doubt if properly introduced will be used extensively, as it is more convenient and cheaper than wooden boxes. It can be taken apart, returned to shipper and the same box be used many times. Rev. Reno will likely sell the patent to some city firm.

Toy Reception.

The toy reception held last Friday afternoon in Assembly hall by the teacher and pupils of the first primary room was very successful. The exercises by the little children were interesting and enjoyable. The manner in which they acquitted themselves was very commendable, reflecting much credit upon the teacher who drilled them. A great many useful toys and playthings were received. The guests were greatly pleased with the exercises.

Men's Meeting.

Last Sunday afternoon a meeting for men only was held in the Presbyterian church. There was a large congregation present. Dr. MacLeod, of Washington, D. C., who has been assisting Rev. McKay in a series of evangelistic services in the Presbyterian church since Monday evening of last week, preached an able and excellent sermon. His subject was: "The Reasonableness of Christ's Appeal to Men." His text was, "Come and See." For one hour the large congregation listened attentively to Dr. MacLeod's able discourse. The men joined heartily in the singing. The meeting would certainly be the means of leading some of the men to higher and nobler lives. A collection amounting to over \$18.00 was taken up.

DATE OF EXECUTION FIXED.

John Battista Aiello and Michael Pallone Will be Hung Tuesday, January 12, 1903.

Governor Samuel W. Pennypacker has fixed Tuesday, January 12, 1904, as the date for the execution of John Battista Aiello and Michael Pallone, the two Italians who were convicted of murder in the first degree in the September term of the Jefferson county court and were sentenced to death by Judge John W. Reed. At 9.00 a. m. last Saturday Sheriff J. W. Curry received the death warrant from Gov. Pennypacker. The murders were notified Monday morning of this week when they were to be executed and they were apparently very indifferent about the fact that they were soon to swing into eternity.

Sheriff Curry has not fully decided where the execution will take place, but it will most likely be on the open space between the jail and court house.

Cutting Off Steep Grade.

When the Jefferson Traction Co. built the trolley line in Reynoldsville the company wanted to buy the three vacant lots facing on Railroad street, near the Jefferson Supply Co. store, for purpose of building the trolley line across the lots and striking Jackson street at corner of Eighth street, and avoid the steep and dangerous grade down Bradford street and the sharp curve at corner of Bradford and Jackson streets, but the lots could not be bought at that time and the company had to run their line up Bradford street. The Traction Company finally succeeded in buying the three vacant lots and also the Cable property at corner of Eighth and Jackson streets, and will run the trolley line from company store across the lots to come out on Jackson street at corner of Eighth street. Men are at work grading for the new route. When this work is completed and track laid, the track down Bradford will not be used.

The Traction Co. paid \$600.00 for the three vacant lots and \$1,500 for the Cable, or old Conrad property. The company is talking of building car barns on these lots next spring.

Nuptial Knot Tied.

Russell M. Secrist, son of Mr. and Mrs. Thomas Secrist, of Wishaw, and Miss Martha Lusk, daughter, of James Lusk, of Reynoldsville, were united in marriage at the home of the bride's father Thursday evening of last week, November 19, 1903, in the presence of the immediate members of the two families. Rev. A. D. McKay, pastor of the Reynoldsville Presbyterian church, performed the ceremony. Miss Jeannette Lusk, sister of bride, was bridesmaid, and Spencer Oswald, of Brookville, was best man. The bride was dressed in a white satin dress with white chanelle lace covering, and carried a large bouquet of white chrysanthemums. A wedding supper was served. Mr. and Mrs. Secrist left here on the 10.00 p. m. trolley for Punxsutawney and from there took the B. & P. northbound "flyer" on a wedding trip to Buffalo and other points.

Mr. and Mrs. Secrist will reside in DuBois where they are well known, having both resided there for some time previous to the wedding.

Small-pox Scare at Punxs'.

Sunday night a foreigner died in the lock-up at Punxsutawney with small-pox. The fellow went into that town from Helvetia Friday and wandered around the streets several hours, exposing a number of people to a case of small-pox of the most virulent form, before he dropped into a doctor's office and it was discovered what was the matter with him. Punxsutawney, like Reynoldsville, does not have a post house, and there was nothing else to do with the fellow but to put him in the lock-up, as he had to be taken off the streets.

Well Patronized.

The oyster supper given by the Volunteer Fire Company of West Reynoldsville in the town hall of that borough Monday evening was well patronized, notwithstanding the inclement weather. The receipts amounted to about \$60.00. The expenses were not large.

An Excellent Game.

Lovers of football were given a rare treat Thursday when the "Indians" of this place met and defeated the strong Company H team of Ridgway. In spite of the cold weather a large crowd was in attendance. The difference in the average weight of the teams was less than 5 pounds, Ridgway having the advantage. Ridgway was outplayed in nearly every point while their team work showed thorough training and practice. The national football ability of the "Indians" kept the play well in Ridgway's territory, the first half ending with a score.

In the second half Ridgway again showed good work in their strong line plunging but were generally thrown back for losses. On a fake play Gibson carried the ball from the center of the field around left end for a touch down. A nice goal was kicked. Williams and Bohrens three inch gain on a forward pass was a feature of the second half. Another chance for score was open to Frank Bohrens. He cleared right end and with open field before him was sure of a touch down but interference by spectators caused him to fall, losing the ball. The game ended 6-0 in favor of the "Indians." Reynoldsville should feel proud of their team and the boys should be highly commended on their good work.

The game was played on C. C. Gibson's vacant lots on Fifth street, the regular ball grounds being covered with water.

Fell into a Well.

Two cows and a school "marm" fell into a well on the McIntosh farm in Warsaw township, Jefferson county, recently. One cow had her neck broken and the other cow and school "marm" escaped with a few bruises and a bad scare for the young lady. The well, which was near the barn, was about twelve feet deep, but was not finished yet and had been covered up with boards so that no one could fall into it. When the chores were done in the evening the barn door was left open unintentionally and the cows got out and fell into the well sometime during the night. Mr. and Mrs. Craven were away from home that night and the school "marm" was to help do the milking and other work before school time in the morning and she got up early and started to the barn before daylight. She didn't know the cows were in the well and the hole in the ground was uncovered ready to swallow her, and she walked into the open well and fell down, down to the bottomless pit, at least it seemed so to teacher, and she alighted on top of a cow. Such an experience in the darkness of the early morning was enough to frighten even a school "marm," and it did.

Presbyterian Evangelistic Services.

The evangelistic services in the Presbyterian church are still in progress. Dr. MacLeod left Tuesday afternoon and Rev. George H. Hill, of Beechwoods, preached last night and will preach again this afternoon at 2.30 and at 7.45. To-morrow evening the services will begin at seven o'clock. Friday afternoon at 2.30 o'clock a woman's prayer meeting will be held in the Sunday school room, led by Mrs. A. D. McKay, and Friday evening at 7.45 Rev. J. V. Bell, of DuBois, will preach. There will be no services on Saturday. Regular services Sunday.
