Did you ever think that rents, or rental value was as important an item of value in a building as the materials entering into the construction thereof, and that rents can be insured? We can write you a policy on the rents of your building in the same company and at a lower rate than the building. It would pay you to investigate Rent Insurance.

ARRESTED IN NEW YORK

John A. Hamilton Obtained Goods Under False Pretense from G. W. Sykes. Is Fighting Extradition.

At the April term of Jefferson county court the Sykes Woolen Mill Co. of Reynoldsville got indictments against John A. and Charles H. Hamilton, merchants of New York City, for obtaining goods under false pretense. The entire amount these two fellows are indebted to the Sykes Woolen Mill Co. is \$23,000. On the 21st of April Mr. G. W. Sykes and Chief of Police Frank P. Adelsperger, of Reynoldsville, with necessary papers for the arrest of the Hamiltons, started for New York, stopping at Harrisburg to get extradition papers. On the 22nd of April Gov. S. W. Poyntz issued extradition papers for John A. Hamilton, but would not grant extradition papers for Charles H. Hamilton because the indictment did not state the time when he was in Pennsylvania. Mr. Sykes and Mr. Adelsperger went to Albany, N. Y., April 23rd to get a governor's warrant from Gov. O'Dell for arrest of Hamilton, but Gov. O'Dell was away from home and they had to wait until Wednesday, April 27, before they got the warrant. The same day they got the governor's warrant they went to New York City and Mr. Adelsperger, accompanied by two New York policemen dressed in citizens' clothing, went to a large wholesale house, where John A. Hamilton has a desk, and Mr. Adelsperger arrested Hamilton. He was given a hearing before a police magistrate who committed Hamilton to the Toms until Thursday. The Supreme Court issued a writ of habeas corpus on Thursday and Hamilton was given a hearing before a Supreme Court Judge. The case was continued until Monday, May 2nd, and Hamilton was returned to the Toms. The Judge refused to release him on bail. May 2nd Hamilton was taken before the Supreme Court Judge the second time and at request of Hamilton's lawyer the case was continued until May 10th and Hamilton was returned to the Toms. The reason for the second continuation was to give Hamilton's lawyer time to present his case to Gov. O'Dell and try to get him to withdraw his warrant. Mr. Sykes and Mr. Adelsperger returned to Reynoldsville Wednesday.
 On Monday Policeman Adelsperger and Mr. Sykes returned to New York again and yesterday they took Hamilton to Albany to appear before Governor O'Dell and if the Governor did not withdraw the warrant Mr. Adelsperger would have to take Hamilton back to New York City and get an order from the Supreme Court Judge to bring him to Jefferson county jail. New York State law on requisition papers is different from what it is in Pennsylvania. The Sykes Woolen Mill Co. are not the only people defrauded by the Hamiltons. They stuck the Brookville woolen mill for over \$11,000, besides several other mills in Pennsylvania. The mill at Evansville lost \$75,000 through the Hamiltons and the young man who owned the mill was wrecked financially, losing everything he owned. Policeman Adelsperger, who has traveled considerable and has had business with policemen in various sections of the country, says he was never treated better in his life than he was by the New York City police.
