How to Cook Macaroni.

Carmine Marinaro, one of the proprietors of the Jefferson Macaroni Factory in Reynoldsville, which began operation yesterday, says the American people don't know how to cook macaroni. He says the water should b boiling before the macaroni is put into it and that there should be at least two inches of water on top of macaroni, and that it does not require more than ten or fifteen minutes to cook the macaroni. Mr. Marinaro says that the macaroni should be cooked in hot water before it is put into soup. Most people cook the

FINE WATER SUPPLY.

We Can Boast of an Abundance of Pure Water-Is it Appreciated?

While some of our neighboring towns are having considerable trouble about scarcity of water and impure water at present, Reynoldsville citizens can congratulate themselves on having an abundance of pure water. No other town in this section of Pennsylvania has a better water supply than we have at this place. Like many other good things, however, the water system of Reynoldsville is not appreciated by many of our citizens as it should be. Because we have good water and a large supply of it, is perhaps the reason why people don't appreciate what a blessing it is not to have to boil the water before they drink it, or to be limited to a couple of hours each day when they can \$250.00 and the costs of prosecution and get water. Some of our neighboring towns are having just such trouble with their water supply, but Reynoldsville citizens don't have to boil the town water before it is safe to use it, nor are they limited as to the amount they use. Besides the blessing of pure water for domestic use, the water force is sufficient to give us one of the best fire protections in the country, and we don't have to buy and keep up fire engines to get that protection. This bas been demonstrated many times. At the fire on Tuesday night of last week streams of water were thrown high enough to cover a four or five story building.

If our citizens stop to consider these things, then they will begin to appreciate the fact that we have a fine water system, and there will be less complaint made against the Reynoldsville Water Company.

The fact that we have one of the best water systems in Pennsylvania should be an inducement for manufacturers to locate in our town.

Wild Cat Jumped at Engine.

Wednesday of last week as the P. R. R. work train was running through the cut at Summerson siding, near Bennezette, at rate of fifteen miles an hour, a large wild cat jumped at engine from top of cut, a distance of thirty feet, and struck its head against one of the drive wheels of engine, knocking all the fight out of the wild cat. Engineer M. J. Gleason was leaning out of the cab win dow and the wild beast passed close to his head in its descent. The train was stopped and the trainmen went back to get the cat, which was lying along side of track. The cat was not showing signs of fight, but Fireman James Foley thought it would be well to be on the safe side and he hit the cat on head with club before any one picked it up. The wild cat was on exhibition at Hoffman's jewelry store in this place Wednesday evening. It was over four feet long and weighed twenty-two pounds. The hide will be stuffed.

Will Not Attend Tournament,

The Keystone band of Reynoldsville had intended attending the band tournament at Philipsburg next month, but they have given it up and the following letter, dated August 13, which Richard Ramsey, leader of the band, received Monday from Wm. Charlton, secretary of tournament association, explains why our band will not attend the tournament: "Received yours dated 11th last night, also telegram this evening upon arrival home. I wrote you some two weeks ago that owing to your being outside of the district we had taken in for band tour nament, your band could not be accepted, hence the reason you did not receive music. The area taken in was from Bellefonte to Tyrone and DuBois.

Very Respectfully, WM. CHARLTON.

Resolutions of Respect.

At the regular meeting of the Protected Home Circle, No. 463, hold in the B. & L. building, Punxsutawney, Pa., on Tuesday evening, August 9, 1904, the following resolutions were adopted: WHEREAS, It has pleased Almighty

God in his wisdom to remove from ou midst our esteemed brother, John But-son, who departed this life at Rathmel on Saturday, July 30, 1904; and WHEREAS, We bow in humble sub-mission to Him who knows what is best;

therefore be it Resolved, That out of respect to the memory of our beloved brother the charter of this lodge be draped in his memory for a period of thirty days; and be it further

Resolved, That a copy of these reso-utions be spread upon the minutes of this meeting; also that a copy be sent to the widow of the deceased brother, and these resolutions be printed in the Reynoldsville STAR and Punxsutawney Spirit. D. W. ATWATER,

The Brookville papers stated last week that an "old man's picnic" would be held in Clark's grove on the farm of J. R. McConnell, near Brookville, Saturday, September 24, in honor of David B. McConnell, that being the eightyfourth anniversary of Mr. McConnell's birth. Mr. David B. McConnell lives with his son, Frank A. McConnell, at Frank's Tavern, in Reynoldsville, and he does not know anything of the proposed picuic. Mr. McConnell's birthday occurs on the 21st of September, and he will be 83, instead of 84, years old

Began Operations Yesterday—Substantial Building and Good Machinery.

The Jefferson Macaroni Factory at Reynoldsville, Carmine and Joseph Marinaro proprietors, was dedicate last Sunday at 4.30 p. m. Father Brady, of Reynoldsville, conducted the dedica torial ceremony. Arrangements had been made with a public speaker from Pittsburg to deliver an oration, but he missed the train out of Pittsburg Sunday morning and could not get here. In the absence of the speaker engaged for the occasion, Lawyer Clement Flynn delivered an impromptu address. There was a large crowd present. It was announced last week that the Keystone band would attend the dedication, but there was some misunderstanding and the band was not present.

The factory began operation yesterday, giving employment to seven men to start with and the number of employees will be increased soon. The factory building is a two story brick 28x150 feet with basement. The capacity of the building is five hundred boxes of macaroni daily, but the factory is only equipped for two hundred boxes daily. The flour goes through large machines before it is turned into macaroni. First into mixer, then into the kneeder, then into macaroni press and from that to the dry room. A 25-horse power gas engine runs the plant. Every machine stops automatically. There is an elevator in the building for conveying the macaroni from first to second floor and into the basement. It requires six or eight days to dry the macaroni before it is packed into boxes.

Pastor Happily Surprised.

Rev. J. C. McEntire, pastor of the Paradise and Sandy Valley M. E. charge, was given a happy surprise party at his residence in West Reynoldsville yesterday by members of his congregation that meets in the Bollinger school house. August 16, 1851, Rev. McEntire was converted and began living a christian life, and the good people of the Bollinger congregation thought the fifty-third anniversary of his christlan life would be a good time to give him a surprise party, and they worked It pretty nicely on the Reverend. One of the official members at Bollinger, who is unmarried, sent a postal card to Rev. McEntire to be sure and be at home at 11.00 a. m. August 16, and Mr. McEntire suspected that he would have a wedding ceremony to perform and he was completely taken by surprise when thirty members of the Bollinger charge came to his residence. They did not come empty handed. After an excellent repast D. L. Brumbaugh, in behalf of the friends assembled, presented Rev. McEntire with a fine Morse chair and other presents. Pastor and people all enjoyed the surprise party very much.

Got Bewildered John O'Conner, an old citizen of Reynoldsville, went out to gather blackberries Monday forenoon and when he had not returned home in the evening his family became alarmed about him and searching parties were organized and sent out in different directions. Mr. O'Conner was found at the Reynolds ville Brick & Tile Co. plant about eleven o'clock Monday night. Mr. O'Conner says it was after one o'clock before he struck a good berry patch and it was getting dark when he got into the neighborhood of the brick plant and he became bewildered and thought he was at Wishaw, mistaking the slik mill for the coal tipple at Wishaw. The night watchman at brick plant was fixing up a torch for Mr. O'Conner when some of the searching party found him.

Ladies Were Entertained.

The Presbyterian Work Society held their August meeting at the home of Mr. W. J. Boner, at Sandy Valley, and report a delightful day. They took their baskets with them but Mr. and Mrs. Boner, with their wonted hospitality, had prepared for their coming with abundance and in addition, served delicious ice cream during the after noon.
