Excursion to Buffalo, Niagara Falls and Toronto Tuesday, September 6th.

The Buffalo, Rochester & Pittsburg Railway will run their annual after harvest excursion to above points on Tuesday, September 6th, and this opportunity for a delightful outing should not be missed. The Wishaw Carnival.

Reynoldsville, August 24.—I have been requested by the managers who had a week's Carnival at Wishaw park recently under the name of Merchants and Farmers Carnival, that they did not intend it for the Reynoldsville merchants or the Wishaw township farmers any more than they did for merchants and farmers in DuBois or Clearfield county, or in New York or that state or anywhere in particular.

Those who got it up did so on their own hook, asking no one for a cent. The owner who got it up wanted a little fun and at the same time a little money after working a year without a rest.

As one of the men said, "We got both and do not see any kick coming from anyone."—DuBois Searchlight.

The Closing of the Reading Rooms.

For the last four years the Young Men's Free Reading Rooms, through the arduous labors of a very few of our citizens, have been kept open to the boys and young men of Reynoldsville. The membership being small and unable to support the organization through its dues, the free and willing contributions of the business men and citizens were depended upon largely to meet the necessary expenses. It was discovered by those who were entrusted with the finances of the association, and who were expected to collect funds for its support, that there was not sufficient interest or public sentiment favoring the Reading Rooms to insure their maintenance without undue effort on the part of the committee. Therefore, after due consideration of the matter, the active members, with great regret and reluctance, deemed it most expedient and wise to close the rooms. Before doing this, however, the members took special care that all bills should be honorably met and that the association should dissolve with a clean record. Through the liberal assistance of our citizens and the united efforts of the members, all the obligations have been met and the Reading Rooms have been discontinued.

This brief statement has been made as a public explanation of the action of the association and in this public way, the members wish to thank all those who have contributed in any way to the support of the Reading Rooms.

All the News.

A man told us the other day that we did not publish all things that happened. We should say we don't. In the first place we have others who depend on us for a living. If we publish all that happened we would soon be with the angels. In order to please people we must print only nice things of them, and leave the rest to the gossips. Yes, it's a fact, we don't print all the news. If we did, wouldn't it make spiey reading? But this would be for one day only. The next day you would read our obituary and there would be a new face in heaven. "All the news" is all right when it is about the other fellow.—Exchange.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve, ever handy.
