It is impossible to mention all the bargains we have to offer and it will pay you to call at our store and see the bargains. Don't pass by the honest bargain store.

A. KATZEN,

PROPRIETOR.

Minutes of Educational Meeting.

The educational meeting held in the auditorium of the Reynoldsville school building was one of the most successful ones ever held. Several of the teachers from Pungawentzen and nearly all the teachers of Winslow township, Falls Creek, West Reynoldsville and Reynoldsville were present.

The meeting was opened by singing, after which Rev. McKay led the devotional exercises. Co. Supt. R. B. Teltrick, in his address to the teachers, commended them on their punctuality and the effort many had made to be present. He expressed his desire to have better morning exercises. "The morning exercises, said he, is the time to set your school right." Be master of them and you will be master of the day. This can be obtained only by tying the morning exercises to scriptural truths and prayer. He also wished the teachers to teach some of the old hymns, such as "Rock of Ages" and "Nearer My God to Thee."

Miss Edith Mansfield, of Indiana Normal, took up the subject of "Language." Language, she said, is a poorly taught subject. To teach language you have to take hold of it. It is a live thing. We all have one common effort, that of expressing thought, therefore we should put forth great effort to help the child express his.

In teaching language there are two distinct points to keep in view, that of giving the child something to think about and then to help him to try to skillfully express his thoughts. This means much practice for the child and a great deal of correcting for the teacher. As far as possible you should allow pupils to correct their own work and errors. The thought material should be divided into three classes, narration, description and invention. Arouse interest in the child, make him hear and see and feel the story and he will soon take great delight in expressing it orally and on paper. One half the recitation period should be given to written work, the other half to the oral. Miss Mansfield's talk was followed by a short general discussion on the same subject.

Prof. Hildebrand, of Indiana Normal, was next introduced and took for his subject, "Tests of Proficient Teaching." He began by saying that unless you love boys and girls you ought not to teach and that the end of education is that we may know when we find proficient teaching.

Some of his mottoes were: "To do an entirely new thing, do it well and do it only once." "To do the right thing at the right time." "Know what you know and know it well."

A few tests of proficient teaching, convert the passive, in the wisdom and bigness in the heart, and to be reasonable. The supreme test is, what have you taught to-day? He closed his remarks by saying that it is not so much the arithmetic or grammar that is taught, but the habits that are formed for life. Teach them to do right from habit.

Prof. J. George Becht, principal of Clarion Normal, gave a very interesting talk on "Education." He began by giving the definition Dr. James gives, education is behavior. Other definitions were, education is what to do under certain circumstances. Education is to react under certain environments. Education is not confined to books nor is it to a splendid physique. The two must go hand in hand. The physical side needs great attention. We cannot emphasize it too strongly. In fact we should try to be a perfect animal. We should be careful to help the slow boy as well as the bright boy and not neglect the bright boy for the slow one.

The following suggestions were given to the teachers by Co. Supt. R. B. Teltrick. Keep in mind the value of the library and get a few new, fresh, books. An organ or piano is of great assistance, try and put one in your room. Subscribe for two good educational papers. Be careful of text books and supplies. Make your school room a place where the children like to be. Hold to the principle of doing right and success will follow.

W. C. T. U. COUNTY CONVENTION.

The Ladies Met at Big Run and Much Interest was Shown in the Crusade Against Intemperance.

The nineteenth annual convention of the Jefferson County Woman's Christian Temperance Union, held in the Presbyterian church at Big Run, Pa., Sept. 17th, 8th and 9th, was one of the most successful that has been held for some years. While the attendance was not as large as was anticipated, those present showed a deep interest in the work and an earnest desire for the success of the W. C. T. U. in the county. The Big Run Union has only recently been organized, but it is composed of a faithful zealous band of women to whom great credit is due for the success of the convention. All the parts of the program were ably filled. The presence of Mrs. Helen G. Rice, of Boston, National Secretary of Loyal Temperance Legion work, adding greatly to the pleasure and profit. The lecture Thursday evening by Mrs. E. Norrino Law, of Detroit, Mich., was especially fine and greatly appreciated by all who had the pleasure of listening to it.

The following officers were elected for the ensuing year: Pres., Mrs. Nellie Iddings, Cronshaw, Pa.; 1st Vice-Pres., Mrs. J. H. Hughes, Brookville, Pa.; 2nd Vice-Pres., Mrs. Mabel Cowan, Big Run, Pa.; Cor. Sec., Mrs. S. W. Thompson, Brookwayville, Pa.; Rec. Sec., Mrs. L. M. Groves, Brookwayville, Pa.; Treasurer, Mrs. F. P. Britt, Corsica, Pa.

The convention adopted the following resolutions:

"The women of the Woman's Christian Temperance Union of Jefferson County, Pa., in convention assembled, recognizing the goodness of God and his protecting care over us and our organization in the past, do hereby resolve:

First, That we will endeavor, God helping us, to do more for God and home and every land in the future than we have in the past.

Second, That we petition Congress to take action to amend the federal constitution to forever prohibit polygamy.

Third, That we petition Congress to protect the Dolliver-Hepburn bill.

Fourth, That we believe taxation without representation is tyranny.

Fifth, That holding woman responsible for the purity of the home, and at the same time refusing her a voice in all measures affecting the home, is the incomprehensible inconsistency of our age.

Sixth, That we acknowledge the kindness of Mrs. Rice, of Boston, the National Secretary of the Loyal Temperance Legion work, in visiting our convention and giving us such entertaining and instructing talks.

Seventh, That we tender the Big Run ladies a vote of thanks for their royal hospitality, the choir for their heart-stirring music, the trustees for the use of the church, the boys and girls for their entertaining songs and recitations, and every one who in any way added to the interest of the convention."

SECRETARY.

Bids Wanted.

Sealed proposals will be received by the supervisors of Winslow township until Friday, the 30th day of September, A. D. 1904, at 6.00 p. m. for filling the public road from the west side of bridge at foot of Fifth st., Reynoldsville, to the railroad siding near silk mill. Plans and specifications can be seen at Lawyer G. M. McDonald's office, Reynoldsville. The supervisors reserve the right to reject any or all bids.
