The Home School.

And now there are mothers—good, well-meaning mothers—throughout this land of ours who are saying: "Well, I'm glad school's begun again and taken the children off my mind."

As if the children were not in school all the time, never so much in school as when they're with their parents, drinking in with all their eyes and ears manners, morals, modes of thought, mental attitude toward everything in life.

No parent can wisely trust any part of the training of the child wholly or even principally to nurses and teachers.

Rushing Construction.

Poles for the extension of the Elk telephone system from Ridgeway to connect with the Summerville at Falls Creek have been set to within two miles of the latter place. Two wires will be strung in the next fifteen days.

The cross-arms are being put up to carry five sets of wires, but for the present a trunk, direct from DuBois to Ridgeway and a local will be the limit.

As soon as the copper wire now ordered arrives the Summerville will put in two more lines between DuBois and Falls Creek to meet the Elk people.

Gasoline Explosion.

An explosion occurred in the dry cleaning establishment of John Thomas Tuesday noon. Several garments in the room were destroyed and Thomas and Clarence Reed were burned.

Thomas was beating gasoline for cleaning a coat and told Reed, who was in the room with him, not to light a match while he had the gasoline on the stove.

But half an hour afterwards young Reed forgot it and struck a match which caused the explosion. As soon as Thomas heard him strike the match he rushed against the wooden door and broke it through.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary.

Why You Should Visit the World's Fair.

The principal reason why a visit should be made to this greatest of Expositions is on account of its educational value. A visit to the World's Fair is in itself a trip around the world, for fifty cents, the price of admission. The president of one of our greatest universities has said "To the bright student the Exposition is worth a thousand college lectures."

Only a few weeks remain in which to take advantage of this great opportunity. Every day from now until the close of the Fair is a "special" day. The Wabash is selling daily excursions tickets to the Fair at greatly reduced rates; \$12.00 St. Louis and return, on sale daily, except Fridays and Saturdays. Tickets good in Palace Reclining Chair Cars; \$15.00, St. Louis and return. Tickets on sale daily, and good in either Palace Reclining Chair Cars or Pullman Sleepers.
