Reynoldsville has the reputation in the outside world of being a town with hospitable people and having the knack of making people feel they are welcomed here, and the town did not suffer any along that line when the reunion of the 105th was held in Reynoldsville. In conversation yesterday with a gentleman from a neighboring town we learned that the old soldiers in that town are still talking about the pleasant time they had in Reynoldsville and the hearty welcome that was given them.

If a newspaper man desires to know how generally his effusions are read, let him print something that is regarded as objectionable to persons who never take his paper or pay him a cent. He will wonder how they know these things were in the paper, but will wonder in vain. There is evidently a vast amount of sponging done. It might be added that he may say nice things about a man for ten years, without a word from him, but make an uncomplimentary notice of one of his wife's aunt's second cousins and he will come in with a club to have the slander corrected.—New Bethlehem Vindicator.

Two New Routes. Two more rural free delivery routes will soon be established at Reynoldsville postoffice, making three routes from this office.

Mrs. Plyler Married. Mrs. Ellen Plyler, who resided in Reynoldsville three years, packed her household goods last week and told her friends that she was moving to Ohio, which was true, but she did not tell them that she intended changing her name, which was also true. Mrs. Plyler left here Friday afternoon, October 28, 1904, and met David Byerly, of Ohio, at Brookville and they were married that afternoon. Mrs. Byerly's numerous friends in Reynoldsville will wish her happiness and success in her new home.

Fair Association. Last Friday evening some of our business men met at the National Hotel and formed a temporary organization to be known as the Reynoldsville Agricultural and Driving Park Association. Lawyer Clement W. Flynn was elected president, Charles Milliren secretary and Owen Edelblute treasurer. The land owned by George Mellingner, near "Poverty Flat," can be secured for fair grounds. Five hundred shares at ten dollars a share will be sufficient to get the association ready to hold a fair at Reynoldsville next year.

Accepted New Position. F. M. Brown, who moved to Reynoldsville over fifteen years ago and accepted a position as mining engineer for the Bell, Lewis & Yates Coal Co. and who held the same position with the J. & C. C. & L. Co., after they bought out the former company, resigned that position, his resignation taking effect October 31st, to accept the position as general manager of the Widnoon Coal Mining Company mines at Lawsonham, Pa., and the Sandy Valley Coal Company mines at Pancoast. Mr. Brown went to Lawsonham yesterday. He will continue to reside in Reynoldsville.

Hallow'een in Reynoldsville. Hallow'een did not pass off as usual in Reynoldsville, nor did ever as large number of young people in this town have as much innocent sport on a hallow'een night as they did Monday night, and it detracted from the desire to do devilment in destroying property. The effort of some of our citizens to get men, boys and girls to wear masks and have a street parade was somewhat of a success and furnished so much fun for the boys that they did not have time to think of getting into mischief. The number wearing masks did not exceed over fifty, but it was a starter along that line and the number will be much larger next year. Some of the get-ups were certainly comical. There was a large crowd of people out on the streets Monday night.

Utopians Given a Surprise. The ladies of the Utopia Society held their regular weekly meeting at the home of C. R. Hall Monday evening and about 9.30 were very much surprised when their husbands marched into their presence attired in hallow'een apparel—some of them unrecognizable—representing the citizens of four or five different nationalities. A little later the ladies were given another surprise when they were invited to rear of Hall's furniture room where a number of small tables were nicely arranged and a hallow'een luncheon was served, consisting of sandwiches, doughnuts, olives, coffee, ice cream, cake, several kinds of nuts, apples and pop corn. The ladies did not even have an inkling of what was coming and they enjoyed it the more.

Friday night, October 28, there was held in Centennial hall a meeting of fifty or more young men with a few of the older citizens who have the welfare of the boys and young men and the interest of Reynoldsville at heart. They met for the purpose of formulating plans for the organization of a Young Men's Christian Association in Reynoldsville. F. T. McClure, of the High School, was elected temporary chairman of the meeting and Craig King secretary. Pertinent remarks were made by Dr. Meek, Dr. Parsons, Professor Smith, Mr. Shannon, and also by a number of the young men. The keynote struck by these was the union of the young men and the moral and financial support of the public spirited men of the town. The fate of the Reading Room seemed to be fresh in the mind of each speaker, noted arguments were adduced from it not so much to place a barrier before the new undertaking as to show how difficulties may be surmounted. The hindrances to the success of the Reading Room were lack of interest on the part of the young men for whom it was intended and scarcity of funds. Two committees were accordingly appointed, the committee on finances consisting of Arthur Phillippi, Ed. Burns, Jr., Harvey Deter, was empowered to secure funds and the promise of funds. A second committee, that on membership, was composed of George White, Wm. Borge, Frank Strouse, to get the names of all persons who will become members of the association. A third committee was also appointed to correspond with various secretaries of the Y. M. C. A. as to the exact details of organization.

The meeting then adjourned to assemble on the call of the chairman, notice of which will be given in the newspapers.

Barn Burned. The barn of Alfred Kohler, located about a mile from the borough line, in the direction of West Liberty, was destroyed by fire about 8 o'clock Saturday evening. When discovered the flames were beyond control, and the building was entirely consumed. Very little was saved from it. The barn contained all of the season's crops and farming implements. One wagon and the horses and cattle were got out. Eighty young chickens were consumed. Mr. Kohler places his loss at \$2,000, with no insurance. He is of the opinion that it was set on fire by tramps. It is not far from the railroad and several times he has caught hoboes lounging around.—DuBois Courier.

Deer and Rabbit Season. The hunting season for elk, deer and fawn opened yesterday, November 1, and continues during this month only. The killing of this game in water, or chasing with dogs is a misdemeanor and any person may kill any dog that pursues elk, deer or fawn. The owner of such dog is liable to a penalty. The open season for rabbits and hares began November 1 and continues to December 15, inclusive. The use of ferrets is prohibited. It is unlawful to kill in one day more than 10 quilled grouse or pheasant, more than 15 quill or Virginia partridge, more than 10 woodcock or more than 2 wild turkeys or to kill in one season more than 2 deer.

WM. COPPING.

Don't Mind the Cars. There were objections to running trolley cars on Main street because horses would get frightened and that the people from the country could not tie their horses along the street for fear they would frighten at the cars and run away. Saturday there were a number of teams tied along Main street and some of the horses paid no attention to the cars while others would look around to see what was coming. We have not seen a horse badly frightened at the trolley cars since they began running on Main street.

Lecture Course. As it has been announced in these columns before the first number of the public school lecture course will be here Nov. 15. The Byron Troubadours give a very excellent programme of instrumental and vocal music. Their testimonials are fine. One from the Erie Herald reads thus: "The Byron Troubadours were greeted by a fine audience, representing the best people. Every number was encoored and a return date is assured." Another from Buckley, Ill., is as follows: "The concert given by the Byron Troubadours was a musical event of great interest to our people. No such talented band of colored artists has ever visited us. It was fine."

The second attraction, the Nellie Peck Saunders Company, for December 8, is a first class company consisting of a reader and three musicians. Mrs. Saunders, as a reader, has very commendable press notices. Gibson (Ill.) Courier: "Mrs. Saunders is certainly one of the most talented readers Gibson has ever heard, one commendable thing being the newness and variety of her subjects." The South Bend (Ind.) Daily Times says: "Mrs. Nellie Peck Saunders is really bewitching in appearance, stage presence, elocutionary prowess and clever monologue work. She was summoned before the footlights four times and then some, but finally responded with graceful bows."

Dr. Frank Dixon, for January 10, will furnish a strong number for the course. He is a fascinating speaker and profound thinker. Dr. John S. Lyon, of Holyoke, Mass., speaks of him as follows: "Frank Dixon unquestionably stands in the first rank of platform orators. His wide reading, brilliant satire, keen wit and his fine power of analysis, joined with clear, strong, breezy thought and compelling logic, give him the mastery of an audience." Another testimonial from Dunbar, Pa., reads: "Frank Dixon delivered one of the strongest lectures before the Fayette County Teachers' Institute that was ever heard in Uniontown. He is certainly the equal of his brother, Dr. Thomas Dixon. Our people were highly entertained and instructed. His fun is of the funniest kind. His description is fine and his style unique."

February 15 the Chicago Glee Club will be here. This club ranks among the best of its kind and has been a favorite in the entertainment field. The Shamokin Dispatch said of them: "With the opening number the club captivated the audience and held it spellbound throughout the evening." And this is from Augusta, Ga.: "The best Glee Club Augusta has ever had. They are worthy to go on any lyceum or concert stage in the United States. They cannot fail to please, no matter what the requirements may be."

The fifth attraction will be a lecture, of which due notice will be given.

Railroad Extension. There is a rumor that has considerable foundation to the effect that the new railroad running between Clarion and Summerville will be extended to connect with the Shawmut. It is the intention to extend the new line to the Clarion River Railroad to connect with it at a point near Mill Creek, through Clarion, Jefferson and Elk counties at a point near Halton. This connection would be a valuable one to both the Pittsburgh, Clarion & Summerville and the P. S. & N., and would open up a lumber and coal field that has been practically untouched. The directors of the road, recorded at the time the application for charter was made this week, are John G. Evans, James G. Reany, John B. Hoover, John G. Frazier, John J. Heard, George B. Motheral and Robert T. Russell, all of Pittsburgh.—Brookwayville Record.

The Excursion to DuBois. About three hundred people went to DuBois on the excursion from Rathmel, Soldier and Reynoldsville Saturday evening to attend the Republican rally. The Reynoldsville drum corps accompanied the crowd. The DuBois Courier, in speaking of the big parade, said: "Reynoldsville carried torches and presented the novel feature of marching uniformed girls in their ranks. It was not only attractive, but signified the identification of both sexes with the cause of Republicanism in this campaign."

Opera Company Make Good.

The opera of Dorothy presented in fine shape to an audience that appreciated it. The Graves-Morton Opera Co. Monday night at the opera house gave the Mitchell people the first taste of comic opera they have had in a long time, and it was appreciated to a high extent, too. The opera was "Dorothy," a bright, catchy, winsome affair that had a pretty plot and it was presented in fine shape. The second act was the most taking, which was representative of a court ball, and the members of the company appeared in court dress giving a pretty figure of the minuet. The calcium lights added much to the effect of the scene. The general work of the company was excellent, the solos, duets, trios, and ensemble work being of a high character.—Mitchell, South Dakota, Daily Republican. At the Reynolds opera house Saturday evening, Nov. 5.
