

Would You Keep Your Plants Blooming All Winter? Do You Enjoy the Luxury of Getting Up in Warm Rooms without having to Kindle Fires? If so, Buy

# Cole's Original Hot Blast Stove

Investigate To-day. Even Heat Day and Night. Fire Never Out.

It is the most economical stove made for soft coal, slack or lignite coal, because it burns the gas half of this fuel wasted up the chimney with all other stoves. Cuts the fuel bill in two.

It is the most economical hard coal stove made, and the best wood stove. It, because it has twice the positive radiating surface of any hard coal stove. It, because it is air-tight, thus giving perfect control over a hard coal or wood fire and insuring a slow, economical combustion. You get all the heat in your room. AVOID IMITATIONS.

We have told you much about Cole's Original Hot Blast. Please read the following letters telling what others think of it.

### FOR SOFT COAL

AGENCY, IOWA, November 24, 1903.  
 GENTLEMEN.—Your stove is very satisfactory. I used a Round Oak for a number of years and noted the quantity of coal used. I find your Hot Blast will do the same service with at least one-half the coal. One year ago I used an imitation Hot Blast which was not satisfactory, as it was not air-tight and could not be made so, hence would not hold fire over night or keep a steady fire by day. Cole's Hot Blast is tight, and has kept fire for us for two nights and a day without attention, and blazed up on opening up the drafts without a fresh supply of fuel. The heat is given off regularly as you want it, and it is possible to maintain the temperature desired in the room.  
 Very truly yours,  
 C. F. GOLTRY.

AGENCY, IOWA, November 24, 1903.  
 GENTLEMEN.—I think so highly of Cole's Hot Blast Stove that if I were without a heater I would not accept any other kind as a gift if a Cole's heater could be purchased. The good points in favor of Cole's Hot Blast are first, the great economy of fuel, and second, the ease and perfection with which the heat can be regulated.  
 J. HOLMES.

### What Three Ministers at Evansville Say of the Stove for Soft Coal

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.  
 Dear Sir,—Regarding the Cole's Hot Blast Stove purchased of you for our class room, I regard it as a remarkable stove. We have burned it two winters and find it will do all you claim, and more. It has held fire three days and nights several times to my knowledge without attention, and is a great saver of fuel, easily regulated, giving a uniform heat day and night.  
 Yours truly,  
 A. L. BENNETT, Pastor M. E. Church.

H. I. SIMMONS, Agent for Cole's Hot Blast, Evansville, Ind.  
 Dear Sir,—We are greatly pleased with our Cole's Hot Blast Stove. We burned it last winter in a very large room in the parsonage, and with the exception of once or twice the fire was not out the entire winter. The Hot Blast draft works perfectly, consumes gas and smoke and uses less coal than any stove I ever saw. I can recommend Cole's Hot Blast to any of my friends.  
 Very truly,  
 REV. F. KELLER, Pastor St. Paul's Church, 12th Ave. and Michigan St.

H. I. SIMMONS, Agent, Cole's Hot Blast, Evansville, Ind.  
 Dear Sir,—The two 12-inch Cole's Hot Blast Heaters I purchased for the Howell M. E. Church have been very satisfactory. They hold fire 36 hours, giving a uniform heat with the least possible amount of fuel.  
 Very truly yours,  
 REV. A. D. BACHELOR, Pastor Howell M. E. Church.

MESSRS. ROSENBERG & WOLF, Agents for Cole's Hot Blast, Beloit, Wis.  
 GENTLEMEN.—I want to say a few words of praise for Cole's Original Hot Blast Stove purchased of you several weeks ago. I noted the broad and liberal guarantee on same by the makers for burning soft coal, and their claims that it would do better work with hard coal than any other stove manufactured. Upon that and your own recommendation I placed one in my home. I am burning hard coal, and to say the stove is satisfactory is not enough. It is simply a surprise. I am saving one-half in fuel over the stove I formerly used to heat the same space, and getting a greater amount of heat. It is the greatest stove I ever saw, and gives greater satisfaction and more heat with hard coal than a large base burner I am using in another part of the house. I cheerfully recommend Cole's Hot Blast as the most economical and best heating stove for hard coal I ever saw.  
 Yours truly,  
 BURTON A. EDWARDS, 361 E. Grand Ave.

It has many imitations,  
 Which they claim are just the same;  
 But they lack the important features  
 Which have won for COLE'S such fame.

They can't make a stove just like it  
 Without being forced to law go  
 For infringement on the patents  
 Of the HOT BLAST from CHICAGO.

NEAR POSTOFFICE.

REYNOLDSVILLE, PA.

### SALLY LUNNS.

Named For a Famous Eighteenth Century Pastry Cook.

The sweet, light tea cakes, nowadays familiar to us under the name of Sally Lunns, are called after a young pastry cook of that name who was famous for the quality of her wares at the close of the eighteenth century and was constantly to be seen carrying them in a basket, morning and evening, and crying them through the streets of Bath, temptingly displayed in snow white linen. She is said to have kept a cake shop which became a favorite resort for old and young in the old west country town.

Dalmer, a musical baker, bought her recipe, made a song in praise of these tea cakes and set it to music. This soon caught on and was sung and whistled as a popular air. Sally Lunns were distributed on special barrows, and Dalmer's fortune was assured.

Sally Lunns herself is said to have baked her ten cakes for the prince regent, through whom they became known to the celebrated chef Caramel. He calmly adopted them as his own invention and sold them to his customers in Paris as Sollemles, an evident plagiarism for Sally Lunns—London Mail.

### CROWN OF A TOOTH.

It is composed of the Hardest Known Organic Substance.

The crown of a human tooth is covered by a brilliant white cap of extreme density, the enamel, which is not only the hardest tissue of the human body, consisting, as it does, of 96.5 per cent of mineral and of 3.5 per cent of animal matter, but also the hardest known organic substance.

The whole of the friction entailed by the mastication of food falls upon the cutting edges of our teeth, and these are protected by an extra thickness of enamel. So hard is this that only in extreme cases, in persons who live on very hard food requiring much mastication, has it been known to wear off.

This enamel cap is composed of a vast number of microscopic rods, one end of each of which rests upon the dentine, and the other reaches the free cutting surface. These rods vary in shape and position, some being five and others six sided, some straight and others sinuous, but they are all arranged so that the maximum degree of compactness and strength is secured.

### "Old Home" Thoughts.

Don't let your heart be troubled by the man who comes back and tells what wonderful success he has had as a result of leaving his home town. It is well enough for the sake of politeness to listen to his stories of immense business deals or fabulous salaries or wonderful offers which he was compelled to refuse because he was offered still more by some one else, but don't swallow the tales. The men who go away and succeed do not need to tell of their success. You hear of their success. It speaks for itself. You are doing better than the cheap monkeys that have to megaphone their success. Attempt to follow their example, and you will meet with disaster.—Acheson Globe.

### Superstitions About Cats.

There are many strange superstitions extant about cats. When cats sneeze, it is said, it is a sign of rain. The cardinal point to which a cat turns and washes its face after rain shows the direction from which the wind will blow. When cats are sneezing foul weather is sure to follow. Cats with their tails up and hair apparently electrified indicate approaching wind. If sparks are seen when stroking a cat's back expect a change of weather soon. When a cat washes its face with its back to the fire expect a thaw in winter.

### Perversion by Abbreviation.

Mrs. Gadabout—People are saying you called on Mrs. Verdigris the other day and got a setback. Mrs. Uppin—What a willful perversion of truth! I called on her and got a set of Dickens back that I'd lent her two years before.—Chicago Tribune.

### The Status.

Miss Beach—I don't think he really cares for Miss Dollars. Mr. Trotter—I think he has a platonic affection for her, but he's violently in love with her father's money.—Puck.

For Thirty Years  
 The name Eldredge has stood for the BEST in the Sewing Machine World. Here is a New Eldredge; BETTER than EVER, and Superior to all others. Positive take-up; self setting needle; self threading shuttle; automatic tension release; automatic bobbin winder; positive four motion feed; capped needle bar; noiseless self adjusting roller bearing wheel, steel pitman; five ply laminated woodwork with a beautiful set of nickel-plated steel attachments.  
 Ask your dealer for the Improved Eldredge "B" and do not buy any machine until you have seen it.  
 National Sewing Machine Co.  
 BELVIDERE, ILLINOIS.  
 C. F. HOFFMAN, AGENT.  
 Reynoldsville, Pa.

### JOHN C. HIRST, CIVIL AND MINING ENGINEER.

Surveyor and Draughtsman. Office in Solt Shaffer building, Main street.

 John H. Kaucher, Cashier

Directors:  
 Scott McClelland, J. C. King, Daniel Nolan, John H. Duffell, J. H. Kaucher, G. W. Fuller, R. H. Wilson

Does a general bank for business and pleasure the accounts of merchants, professional men, farmers, mechanics, miners, manufacturers and others, providing the most liberal attention to the business of all persons.  
 Safe Deposit Boxes for rent.  
 First National Bank Building, S. Main Street.  
 Fire Proof Vault.

### Thos. E. Evans, Contractor and Builder.

Has bought Solomon Shaffer's lumber office and lumber yard at this place and will continue the lumber business at the same old stand. He will sell any and all kinds of Lumber, Lime, Cement, Sand or Plaster.

Main St., Reynoldsville.

### CELESTINE KING, NATURE'S CURE.

Don't Take Pills, or Salts, or Castor Oil.  
 They are not tonic-laxatives. They are cathartics. A cathartic action leaves the system exhausted and depressed. Celestine King is a tonic-laxative. When you feel ill, have headache, backache, no appetite, stomach out of order, bad taste in the mouth, take the tonic-laxative, Celestine King. Herb or tablet form, 25c.  
 Sold by H. Alex. Stoke.

### The Secret of Success.

Forty million bottles of August Flower sold in the United States, alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it has proven itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c.; regular size, 75c. For sale by H. Alex. Stoke.
