Ex-School Teachers' Day.

Prof. R. B. Teitrick, County School Superintendent, announces that Tuesday, December 29, of institute week, had been designated as Ex-School Teachers' Day. The object is to furnish an occasion for the reunion of the teachers who were formerly employed in this county, but who are now engaged in other pursuits. To all such a special invitation is extended to be present on that day. In addition to the interest each teacher will feel in again meeting his former colleagues, Prof. Teitrick has secured Dr. A. A. Willets, of New Jersey, who will deliver his lecture, "Sunshine," in the afternoon. Dr. Willets stands near the head of the list of the famous American orators and his lecture, "Sunshine," will furnish a rare treat for all who are present December 29.—Brockwayville Record.

Views of Travel.

An educational feature of the Edwin J. Hadley Co.'s exhibition of moving pictures will be an elaborate series of views of travel.

From India to Arabia and Egypt is but a step with this attraction. One passes from the lotus-laden land of blue-green jungle, sculptured temples and endless dreams, to the sandy deserts and verdant oasis, pillared with palm. Here you may see in living reality, sunny Italy, vivacious France, and ancient Egypt. In Reynolds opera house Dec. 13, under the auspices of the Epworth League.

The Thanksgiving Program at the Public Schools.

Last Wednesday afternoon, as it had been announced, the pupils of the first seven rooms of the public schools gave a Thanksgiving program. There was a large number of parents and friends present to witness the exercises. Two numbers were furnished by the pupils of each room and these, together with several songs sung by the school, constituted the program. The exercises were interesting and they were greatly enjoyed by the audience. At the close of the exercises Prof. R. B. Teitrick gave a brief talk to the pupils on the meaning of Thanksgiving. After this address the pupils went to their rooms and at the request of Prof. Smith the most of the visitors remained. Prof. Teitrick spoke to them on the relation which the mothers sustain towards the schools. He emphasized hearty co-operation on the part of the mothers with the teachers in the administration of the schools and pointed out the fact of their great importance in the success of the schools. He exhorted them to take deeper and more active interest in their welfare. This address was much appreciated by those present.
