A Mean Phrase.

"Only a hired girl" is a mean and contemptible phrase. It was formed by some brainless flunkey and has been kept alive by a lot of hebetic monkeys who have no conception of what constitutes merit in a man or woman. An honest girl who works for an honest living is entitled to all the respect due a human being. Some of the best and most talented women who ever lived were once "hired girls," just as many of the most illustrious men who ever adorned the pages of history were poor boys who performed the most mental kinds of services. That anybody of good sense could affect to despise a girl simply because she performs domestic service is one of the unaccountable imbecilities of custom. To it is largely due the fact that good girls for domestic services are scarce.—Brookville Record. So say we.
