BIG SNOW STORM

Eighteen Inches of the "Beautiful" Fell Inside Twenty-Four Hours.

The heaviest snow storm seen in this section for some years, came this way Dominic Pascuzzi, an Italian, died at Friday and on Saturday morning the snow was eighteen inches deep. More snow fell Saturday, Sunday and Monday evening and yesterday morning the snow was two feet deep on the level. The snow drifted considerable Sunday and Monday, making some of the country roads impassable.

Mr. Ninian Cooper, who is reliable authority, says the fall of snow Friday and Friday night is the heaviest fall of snow that we have had at one time hold a missionary meeting at home of since the winter of 1854.

The deep snow made it impossible for the trolley cars to run anyways near on time, and one or two trips Saturday it took several hours to run from Punxsutawney to Reynoldsville. The snow plow was continually in use Saturday on the 4th instant, particulars of which and Sunday. With the exception of the eastbound noon trains and 6.15 p. m. train on the P. R. R. Saturday the passenger trains on that road were nearly on time Saturday and Sunday.

Special Meetings.

"Shower of Towels."

A number of young ladies gave Mrs. Dr. John H. Murray a "shower of towels" Monday evening. Dr. and Mrs. Murray were given three serenades the same evening. Frank has been around the world. In a recent letter home he sent a Chile dollar to his brother George. The dollar is smaller than our paper dollar. It is 2f x 4f inches. It is a nice piece of money, well engraved. Frank was ashore on October 8th at Antifagasta, Chile. He says : "The houses look bare. There are only a table, chair and bed in a room. Dwelling Burned Wednesday. Wednesday afternoon of this week, about half past one o'clock, the word was passed along Main street that the fine dwelling of H. G. Verstine, located on South Pickering street, Brookville, was on fire. Soon after word came that it could not be saved and a little later the flames were seen as they broke out trough the windows and roof of the building. The fire caught in the sewing room upstairs, presumably from a small gas stove. When first noticed a few buckets of water would have put the fire out, had the water been at hand. In a few minutes the fire gained such headway it could not be extinguished When the hose was attached to the fire plug nearby there was not force enough to throw a stream onto the blaze. Nearly everything in the house was saved. ocluding furniture, clothing, fixtures, ote. The house was an excellent one and the loss will reach \$8,000 or over. Talking Hospital,

The people of Brookville are at present seriously considering the adrisability of establishing a hospital in that town, and it is very likely they will wisely decide to build a hospital. Almost a column article, signed by nine physicians of the town, giving reasons why a hospital should be established in Brookville, was published in the newspapers of that town last week. It would certainly be a good thing,

JUDGE REED SUSTAINED.

Judgment of Jefferson County Court in Case of Versune vs. Yeaney Affirmed.

The Supreme Court has handed down an opinion sustaining Judge Reed in the case of Verstine vs. Yeaney. The question involved in this case is a very important one to land owners. Mr. Stamey, of Reynoldsville, took an option on certain coal land but failed to comply strictly with the terms of his option. Later when the land became worth several times the amount it had been optioned for, Mr. Stamey undertook to enforce his option. The Jefferson county court held that it was void and could not be enforced, and it is this decision which the Supreme Court has just affirmed

Judge Reed has been on the bench now about ten years, and during this time there have been but twenty-three appeals taken from his decisions. Twenty-one of these have been affirmed and two reversed. In view of the large number of cases which have been heard and disposed of since Judge Reed went on the bench, this is a most remarkable record. It is remarkable both in the small number of appeals taken and the few reversals of those that were taken. It may well be doubted whether there is another judge in the state who has a better record than this in the apellate courts.-Brookville Republican.

Promptly at twelve o'clock on Wednesday, January fourth, 1905, Mr. Klingensmith and Miss Cooper were made husband and wife, by the Rev. G. H. Hill, at the home of the bride's parents. The ceremony was performed in the presence of a number of immediate relatives and friends of the contracting parties and was a beautiful home wedding. After the wedding ceremony, the company sat down to a bountiful feast that was composed of all the good things that delight the inner man. The newly wedded pair were the recipients of many beautiful and valuable gifts. After the dinner the bride and groom left for a wedding trip. Upon their return they will make their home on the Klingensmith farm.—Beechwoods
