The High School Bulletin

Edited by members of the Reynolds-

ville High School.

The High School boys have at last awakened to the sad realization that gymnastics have been too much neglected by the former classes. We believe in the development of physical as well as mental powers. Is the hope of the gymnasium going to be crushed We are eagerly awaiting the pleasure of the "Board."

Several pupils have been tardy the past week on account of the strong wind which drove them up the opposite hill-toward Millirens.

Students are preparing for the coming contest, March 10th. Prospects are good for Reynoldsville-unless the contestants get light-headed.

Valentines were flying around in school quite numerously this week.

Miss Jeanne Milliren has returned to school after a brief illness.

A Newspaper That Speaks Out.

On February 2 The Pittsburg Times was 25 years old. Its owners claim that its undiminished popularity is demonstrated by the fact that it has a larger circulation than any other morning paper in Pittsburg. During the past few years it has attracted a great deal of attention by the frankness with which it has discussed subjects of public interest. Whenever there is before the people some question of absorbing importance newspaper readers are on the qui vive to know what The Times has to say, and what The Times says is right to the point. It hews to the line. That, however, is only one of the merits claimed for it by its publishers. Its genera news service is comprehensly and complote. It is accurate in it financial department and up to date or its sporting page. Its serial stories a c by the best modern authors. It pay e-pecial attention to the news and vi we of all the churches, and in this re poot has won the admiration of the be t people Its editorial page is a dail feast of the best and brightest the ghy. I . adeavors to avoid the "ye low" and caters only to the people of he home and the family. It has no Sur lay issue,

A few counterfeiters have Litely been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Play Fair With the Ed or.

Every man in every town during the ourse of his lifetime has to a k a favor of an editor-not an exception to this rule. A man may escape a doctor, keep clear of the court, but a ce in his life at least, every man has to go to the newspaper to have a certain piece put in-a death notice, a marriage notice, etc., to have a certain piece k pt out, or to have his name printed in committed from some item. It is therefore to your interest to treat the edt or fairly. He deserves to be fair; he we ild rather do the right than the wrong ling, but If you give him a kick, a dan of it may be found in the top of your own hat some day and you will never now how it got there. Don't think you are immune ; don't think that Providence has especially favored you. You time will come, and when it does, it will be a fine investment if you have a friend in the editor's office.-Lock Haven Express.
