BARN AT MANSION INN BURNED THURSDAY NIGHT. Had been Standing Forty Years and was a Very Substantial Building.—Origin of Fire a Mystery. The large barn at The Mansion Inn was totally consumed by fire last Thursday evening. The fire was discovered a few minutes after eight o'clock and the fire companies responded promptly, but were unable to check the flames. There was a lot of hay and straw in the barn and the building was most all pine lumber, so it made a large and fierce fire. The origin of the fire is unknown. The live stock was saved. Tom Reynolds, who owned the barn, estimates his loss at \$3,000.00 with \$1,000 insurance. There was \$200.00 worth of hay and straw and \$500.00 worth of farm implements in the barn. The barn was valued at \$2,500. It was built by Thomas Reynolds, sr., about forty years ago, when pine lumber was cheap and plenty in this section, and was still in good condition before the fire fiend licked it up. FIREMAN KILLED NEAR NEW BETHLEHEM. Engine Jumped the Track and Lewis Shrover was Fatally Scalded. A crew from the River Division of the P. R. R. came up the Low Grade Division Wednesday of last week with a train of empty cars and started back with engine and caboose. Near St. Charles, four miles west of New Bethlehem, a broken flange on one of the pony wheels of engine caused the engine to jump the track running about fifteen miles an hour. The engine and caboose plunged over the embankment into the creek. All the crew but Fireman Lewis Shrover and brakeman McLaughlin succeeded in saving themselves by jumping. The fireman was found under the engine so badly scalded that he only lived about twenty minutes after the accident and suffered terribly. The brakeman, who was in the caboose, was not fatally injured. Lewis Shrover lived at Oil City, where he leaves a wife and three children. Special Meetings Closed. The evangelistic meetings that were in progress five weeks in the Methodist Episcopal church closed Sunday evening. With the exception of four nights Rev. Dr. J. A. Clemence Bojarnoki, a Russian Poleander, died at Rathmel Saturday night. He had been sick for several weeks and had no money and an application had been made to county commissioners to have the man taken to the county home. The Inter-High School Contest. The contest to be given by the School of the Punxsutawney, Brookville and Reynoldsville High Schools will be held in the Belvidere opera house, Brookville, Friday evening, March 10. Those who are to represent our schools are down to work in earnest with a determination to do their best. As it was announced some time ago, arrangements will be made for a special train to bring our people and those of Punxsutawney home after the contest is over, provided we have the assurance of the sale of sufficient tickets to enable us to contract for a special train. The regular fare, round-trip, to Brookville is 90 cents. At this rate we must sell at least about 140 tickets to secure the accommodation of a special, so as not to cost anything beyond the regular fare. There ought to be no difficulty about securing this number since last year we took 150 people or more to the contest at Punxsutawney. This year those going from Punxsutawney will help to make up the required number. Special coaches will be attached to the regular 5.27 train to Brookville that afternoon, so as to accommodate the large number of people who wish to go on that train. For two reasons, therefore, we ask the friends of our schools to go to the contest; in the first place to encourage our performers; secondly, to insure the accommodations of the special train to bring us back home the same night. Looking for Location. There was a gentleman in Reynoldsville last Wednesday representing a manufacturing firm of New York City who are looking for a location for a large novelty glass plant. The gentleman was favorably impressed with Reynoldsville and the excellent site we have to offer, the best in this section of the country, but gas is a big item in the glass business and a West Virginia town has offered the firm gas much cheaper than it can be secured in this section, and it is likely the West Virginia town will get the plant, but cheaper gas is the only reason for getting it, as the other inducements and advantages offered by Reynoldsville are much better than the West Virginia town, or any other town can offer. Reynoldsville is an ideal place for the location of large industries and if the citizens continue to be active there is no reason why one or two more large industries should not be added to the industries of our town during 1905. "The Denver Express." What is more interesting, elevating and instructive than to witness a society drama of real life produced by artists of superior ability, assisted by an abundance of magnificent scenery and mechanical effects. There is not a production on the road today that is applauded more than Holden Bros. production of "Denver Express." A piece made famous in all the large cities of the United States. A play that is constructed to please every one. For the mirth loving masses the piece abounds in richest and rarest of refined comedy, and for the admirers of the dramatic art, there is in each and every act of the drama most beautiful and pathetic dialogue, startling situations, and climaxes that are soul inspiring. This great play will be at opera house for one night on Friday, Feb. 17th. Prices 25, 35 and 50 cents. Tickets on sale at Stoke's drug store. Drove on Sidewalk. A young man was arrested and fined last Thursday morning for driving on the sidewalk in front of National Hotel with a load of coal to be unloaded in cellar of hotel. The young man drove on the sidewalk Wednesday morning and was taken before Burgess Simmons by Policeman Dickey. The young man claimed that he did not know he was violating an ordinance, and Burgess Simmons discharged him without imposing a fine on him, but warned him not to repeat the offense. Thursday morning he drove on sidewalk again and Burgess Simmons did not excuse him for the second violation of the borough law. Five dollars and costs was the price paid for the second violation. The regular meeting was held Tuesday Feb. 7, 1905, Pres. Sayers in the chair. Members present, Ritzke, Applegate, Hughes and Sayers, Neale and King coming in later. Shaffer, came before the council with a claim for damages on account of the raising of the street grade in front of his property. H. Alex Stoke appeared before the council and claimed it was very unjust thing for the council to charge him for the tapping of the public sewer in Fifth street. Smith M. McCreeght, secretary for the Reynoldsville Light & Power Co., again came before the council concerning the deduction on light bill. Chief-of-Police Adelsperger, who had kept a record of the outage, was called in and showed up his report. The matter was referred to the light committee to report at next meeting. On motion the solicitor was instructed to proceed to recover possession of the Scott property on Eighth or Charles street for street purposes. In the matter of damages claimed by J. J. Shaffer the street committee, after an investigation, reported that in their opinion there was no damages. The matter of Mr. Stokes tapping the sewer was taken up and decided that the boroughs claim was a just one and that the solicitor proceed to collect the same. Action on the exoneration of church properties from tax was held over. The Red Bank Telephone Co. asked for a franchise to erect and maintain a telephone system in and through the several streets and alleys of the borough which was referred to the solicitor. Bills amounting to \$352.47 were ordered paid. PARADISE GRANGERS VISIT THE RATHMEL GRANGE. And while they Spend a Sociable Evening Boreas Whistles a Sly Tune and Flutters the Home Road with Drifts. Paradise Grange visited Rathmel Grange last Friday evening. Past Master John Daugherty installed the following officers: Master, J. K. Womeldorf; Overseer, O. H. Broadhead; Lecturer, Mrs. A. W. Mulholland; Gatekeeper, George Sprague; Ceres, Miss Viola Loding; Pomona, Miss Edna Keagle; Flora, Miss Alice Broadhead; Ladies' Assistant Steward, Mrs. J. K. Womeldorf. After which Paradise Grangers conferred the first and second degrees in a very creditable manner. Paradise can boast of some fine singers and speakers, and some of them proved to be good snow shovelers before they got home. While they were visiting the wind whistled a sly tune and blew their road full of snow and they had to shovel snow two long hours after midnight before they reached a place of safety. The Grangers of Jefferson county are expecting some fine speakers at their next Pomona Grange, which will be held in Brookville March 8th, 1905. Concert Last Night. The concert given in the Reynolds opera house last night by the Reynoldsville Singing Society, Prof. Kaufman instructor, was a rare musical treat and was deserving of a packed house. The entertainment consisted of vocal and instrumental music. Over forty persons participated and they all gave evidence of having been ably instructed and well trained. A full orchestra assisted in the entertainment. The Clarion Republican subscription price has been raised from \$1.00 to \$1.25 per year. The editor gives following reason for raising the subscription price: "The present prices of blank paper, material and labor and general cost of living make it unprofitable to print a paper the size of the Republican for \$1.00 a year and wait from one to three or four years for the dollar." The Republican is a six column, eight page paper, not quite as large as THE STAR, which is a seven column, eight page paper. I am now prepared to chop all kinds of grain for farmers and others.
