The street carnival that was advertised as an attraction in Reynoldsville July 4th, and for balance of that week, was not what the firemen had expected to give the people. Three or four of the shows cancelled their agreement too late for the firemen to secure other shows for that week. Had there been something here to entertain the people there would have been a large crowd in town on the Fourth of July. As it was there was a good sized crowd in town all day. One thing conspicuous by its absence was the noise from firecrackers, toy pistols, etc.

The first night they entered the residences of Charles McSherry and F. M. Brown. At McSherry's they got about \$430.00 in cash and at Brown's only got a couple of dollars. They didn't take anything else but money. The following night the robbers entered the residences of C. F. Hoffman and C. V. Freas and tried to get into several other houses, but decided not to enter after three or four shots had been fired at them from each place. At Hoffman's they ate a lunch and then departed taking Mr. Hoffman's coat, vest and gold watch with them. At Mr. Freas they got two pairs of pants. There is no clue yet as to who did the robbing.

### IMPERIAL OIL COMPANY.

#### Struck a Ten Barrel Well—Reynoldsville Men Compose Co.

About six weeks ago fifteen persons organized an oil company at Hotel Imperial in this place and called it Imperial Oil Company. They leased 425 acres of land in Butler county and drilled one well and struck a ten barrel a day well. The well was torpedooed last week. Following are the names of the men who compose the company and who have good prospects of becoming rich from the large oil territory they have leased: John O'Hare, Owen Edelblute, Thomas Green, John C. Conser, James Hughes, Grier O. Switzer, M. J. Coyle, Henry Redding, W. F. Copp, James Delaney, Henry M. Isoman, David C. Roll, of Reynoldsville, Steve Coyle, of Butler, Norman and Ben Butler, of Falls Creek.

#### Horse Jumped Through Big Window.

As the 10.30 trolley car was coming up Main street yesterday forenoon Harry Sharp, who drives the delivery wagon for W. T. Cox's chop mill, was driving out of alley at T. E. Evans' office on Main street and the horse got frightened and ran across Main street in front of the trolley, but did not get the wagon over in time to get out of way of car, which struck rear end of wagon. The boy was knocked out of wagon and fell full length on paved street, striking on his stomach, and escaped without injury. The horse jumped through the large plate glass window in Williams Bros.' barbershop and created consternation among the barbers and their customers, all of whom ran out of back door of shop. Good harness kept the horse from getting loose from wagon and it had to stop just inside of shop or the damage would have been greater. How the horse got through the window without being terribly mutilated is beyond the comprehension of any person who saw the crash. Half of the large glass in front was smashed to smithereens and the large glass on side was also demolished. T. E. Evans, owner of the building, says the window cost \$130.00.

#### A Bunch of Thieves.

Last Saturday morning Chief-of-Police Palmer, of Punxsutawney, and two or three officers came over from Punxsy on trolley with ten prisoners handcuffed in gangs of two whom they were taking to Brookville jail. Thursday night John Rumberger's store at Punxsutawney was robbed and Friday Policeman Palmer and a couple of other officers made a raid on a camp of hobos near Mitchell's park, a mile out from Punxsy, and found some of the goods in their possession that had been stolen from Rumberger's store. The officers arrested fifteen in the gang, five of whom were put to work on the streets of Punxsy with ball and chain fastened to them as a guarantee that they would not skip their job, and the other ten were taken to jail. They were a tough looking gang, ranging in age from about nineteen to over sixty years. "Pittsburg Red," who is now a gray-haired man, was in the gang. Most all these fellows travel over the country as umbrella fixers.

#### Corner Stone Laid.

The corner stone of the new Methodist Episcopal church at this place was laid on the afternoon of June 30. It was a beautiful afternoon, there was a large crowd present and the services were very interesting. The addresses were by Bishop Wilson, Dr. A. R. Rich and Dr. J. Bell Neff were fine addresses. The choir furnished excellent music. A male quartette sang several selections. Those who took part on program were: Bishop Luther B. Wilson, of Chattanooga, Tenn., Presiding Elder A. R. Rich and Dr. J. Bell Neff, of DuBois, Dr. W. P. Graham, of Brookville, and Rev. C. W. Miner, of Punxsutawney. Almost \$1,300 was raised on subscription at that time.

In the evening Bishop Wilson delivered a lecture in Centennial hall. His subject was "Facing To-Morrow." It was an able and eloquent lecture and those who failed to hear the lecture missed a rare treat.

### Caught Two Rascals.

In the issue of THE STAR of June 28th mention was made of the fact that two fellows, who were working the "twenty-dollar change racket," had hired a rig at Burns' livery to drive to Sykesville and Troutville and had driven the horse hard all day and left it at a hotel stable at Brookville that evening. Ex-Sheriff Burns, the liveryman, started out after the rascals. He followed them to Ridge, Kane and Emonton. At the latter place Mr. Burns captured one of the fellows, R. F. Byrns, alias Geo. Worth, alias Geo. Doe. He was brought to Reynoldsville, waived a hearing and being unable to secure bail was taken to Brookville jail. The other fellow was arrested at Oil City and Mr. Burns brought him to this place the latter part of last week, but the identity was not clear and the fellow was released. Byrns has served a term in the penitentiary. Between Kane and Emonton Ex-Sheriff Burns found five persons that had lost about \$19.00 apiece by changing \$20.00 bills for these two fellows.

### Hughes' Cuspidor.

Undertaker James H. Hughes has a cuspidor in his office that surpasses anything in the cuspidor line we have ever seen. It is not expensive nor very ornamental, but it is a labor saver, as it never has to be emptied. It is not a complicated piece of mechanism, any man with ordinary ingenuity could make one after seeing it in working order. Mr. Hughes has bored a hole in the floor, cut all but about two inches off the small end of a large funnel and stuck the funnel into the hole in floor. The office floor is about three feet above ground, so that the old cigar stubs, tobacco ends and tobacco juice run down to the ground. We don't know whether Mr. Hughes has applied for a patent or not.

### Highway Robbery.

Three tramps attempted a highway robbery job near Falls Creek last Wednesday morning by "holding up" Walter McConnell. The robbers didn't get any money. A description of the fellows was sent to Reynoldsville and Wednesday afternoon Chief-of-Police Adelsperger arrested the chaps on Main street. The other fellow was arrested near DuBois Thursday. The trio were given a hearing before Justice Schnell at Falls Creek Thursday forenoon and in the afternoon were taken to Brookville jail.

That is what you would say of a lad 10 years old who could speak Spanish, Italian, German and French. It is possible for your boy or girl to do that in a short time and not cost a penny. The Pittsburg Daily Dispatch is publishing a series of language lessons which have been made sufficiently simply to enable a child 10 years of age, as well as grown persons, to acquire a conversational knowledge of the various languages in 90 days. It is a great opportunity for every person to learn. Ask the newsdealer to deliver The Dispatch to you regularly and take advantage of the Free Lessons in Languages.

### Missionary Work of the American S. S. Union.

The following is a brief summary of eight and one half months work: Sunday schools organized, 7 with 321 teachers and scholars; Sunday schools visited or otherwise aided, 31 with 4021 teachers and scholars; families visited, 485; addresses delivered 61; miles traveled, 2825; distributed 113 bibles and 86 testaments; professed conversions on the field, 113; amount of sales for periodicals, books, bibles and testaments, \$116.72.

The neighboring pastors have been good to assist in this work, some of these places have regular preaching and prayer meeting. To the average reader these cold facts and figures don't mean very much, but remember that many young lives are being helped to a useful career, and the papers taken from the Sunday school into the homes every week may change many a life.

To the friends of the American S. S. Union, I might say, I prefer to call these your schools and work; another could take my place, but not unless the work is supported.

T. G. GODWIN,  
Brookville, Pa. Missionary.

### A Notable Work.

The most notable work which has come to our notice in recent years is the Self Interpreting New Testament arranged on a new plan never before attempted. Analyzed, explained and illustrated by more than one hundred photographs taken recently in a tour of the Holy Land by the celebrated artist, Bain, showing the actual places of bible events, as they appear to-day. Yet the most striking feature of the work is each difficult verse clearly and thoroughly explained.

"It will help to a far better and easier understanding of the word."

Samuel J. Nicolls, D. D., L. L. D.

"These photographs have taken me back to the places when I saw these scenes in Palestine."

Rob't. A. Holland, D. D.

"A thorough examination convinces me that it leaves nothing to be desired."

Frances L. Ferguson, D. D.

"It will accomplish a great mission."

Geo. Henry Barrows, D. D., L. L. D.

"I am glad to have a copy."

Messrs. A. S. Phillippi, Harry McPherson, J. J. Grindler and I. G. Mansfield, who have been working for some time at Creekside, spent the Fourth at their homes in Sykesville.

The tally-ho party on the Fourth, consisting of Messrs. Baker, Cullen, Judd, Muncel, Gates, Thomas and Eaton, and Misses Myers, Ellis and Edith Clark, Maude and Orrel Phillippi, Lula Gearhart, Bortha Fye and Mr. and Mrs. Earl Long, report a pleasant time. Although it rained some they were none the worse off.

Regardless of the threatening weather, the Fourth of July was celebrated as it is not often done in Sykesville. The streets, park and public buildings were crowded all day. There were attractions for every hour of the day, from early morn till midnight. One of the finest exhibitions was the industrial parade at 10.30, led by the band, then the Sunday schools, P. O. S. of A. lodge No. 458, the decorated floats and rigs of the many business places. After this parade was the base ball game between Sykesville's second nine and Soldier's first nine. Sykes won by a score of 25 to 13. The pie and biscuit eating contests were very laughable affairs. The fantastic parade came off at 2.00 p. m. In the lead was the large ship known as the Santa Maria and manned by Christopher Columbus. It was a very large ship, 40 feet long and about 16 feet wide, with 28-foot masts floating flags of every nation. This ship was built by Bartong Helmo, captain, Joe Vittalio officer and Frank Zerlo as Christopher Columbus. It took ten days to build it and it was made in likeness of the old fashioned ship of 1492. Sherman Gray and Glenn Stahl, with their automobile won the prize of \$25.00 for the best rig and actors in the parade. There were other rigs in the parade deserving prizes and would certainly have won them if any more had been offered. After the fantastic parade the Sykesville ball team played with Rathmel team. A fine display of fireworks were viewed at 9.30 by the public.
