It Will Do You Good To go on the Buffalo, Rochester &

Pittsburg Ry. excursion to Buffalo and Niagara Falls Sunday, August 20th. Special train will leave Falls Creek at 6.35 a. m. Round trip tickets only \$2 50. Square Lieal for Home Printer,

Perhaps the most disgusting appreciation that a merchant of any town can show towards his home printing office is

to send out of town for his printing when he knows that it can be done quicker, as cheap or cheaper, and better than that offered by "cheap John" print shops. The home merch-

ants expects the town paper to uphold their interests and work for the good of the town generally, and they have a right to, but it is unfair and unjust for a merchant to send away for printing

or anything else when he can get it at home and in nine cases out of ten save money. A hawker or peddler comes to town and takes orders for alleged wholesale houses offering the public goods for apparent better prices than can be had at home. The live newspaper is among the first to see the

injury that is being worked against the home merchant and the paper proceeds to expose the intruder for the good of the community and for the direct benefit of the home merchant. The newspaper man knows that if a bawker

omes to town and offers groceries or any other commodity at prices less than that quoted by the home stores the alleged wholesales will produce an inferior article. It is the duty of the

newspaper to protect the interests of the town and its business houses, but is it not also the duty of the business man to see that the newspaper gets a square deal along the same line ? Every town has a cross-grained business man or two. If a merchant does not want an outsider to come into his district and take orders for the same line of goods. and the newspaper is willing and always ready to aid him in getting rid of the evil, is it any more than right and just for the newspaper man to expect the same consideration and protection from those in whose interests the newspaper is constantly working ? Look up the

Golden Rule and see if you are doing your duty towards the home printer .-Brockwayville Record.
