Two Small Fires.

Thursday afternoon and Saturday afternoon Hope Hose Company responded promptly to fire alarms sent in from what is known as "Snydertown," in southeast end of town. Both fires were extinguished with a few buckets of water and the firemen did not turn water into hose. The fire Thursday afternoon was on roof of James D. Pomroy's residence. The soot burned out of chimney and it is supposed the falling soot set fire to roof. It was just six minutes from time fire alarm bell rang until the firemen were at the Pomroy residence ready to turn the water on had it been necessary. Bert Burns hitched their team of bay hobtail horses into hose cart and they made a fast run to the fire. These horses are generally used for fire runs and they know now when the fire alarm sounds.

The fire Saturday afternoon was at what is known as the Stiles house on Worth street, and is now occupied by Mrs. Miles, a widow. Hope Hose Co. made a fast run to this fire also.

Frank Bohren made the touchdown for "Indians" and kicked a field goal.

The eastbound passenger train due here at 6:14 p. m. was held at this place two hours waiting until the wreck was cleared off the main track.

AS OTHERS SEE IT.

Pittsburg Machinist Gives His Opinion of the American Production Plant.

James Thompson, a machinist of Pittsburg, who has been in Reynoldsville three or four weeks in the interest of Barr & Gazzam Manufacturing Co., of Pittsburg, who are having a large order for castings filled by the American Production Company of Reynoldsville, in speaking to a representative of THE STAR about the American Production Co. plant said: "It is a thoroughly up-to-date plant, well equipped for turning out first-class work of a general line. The foundry is as fine a one as you would want to go into. Mr. McSherry has first-class ideas in getting out machine work. I consider him a very capable man. If the American Production Co. can get the work out fast enough we will give the company a large volume of work to do."

The American Production Co. has been handicapped for want of money to push the plant along as rapidly as it should have been, but it is hoped now by the board of directors, Daniel Nolan president, W. C. Murray vice-president, and W. J. Morrison treasurer, that the citizens of Reynoldsville will realize that the plant is a good thing for our town and that it will give their support and encouragement.

Reynoldsville Candidates.

Reynoldsville has three candidates to be voted for at the general election next month, November 7, and we are sure that the next sheriff of Jefferson county will be a Reynoldsville man, as the Republican and Democrat candidates for that office, Grant Scheafnocker and Frank P. Adelsperger, are both citizens of this place and are both qualified for the high office of sheriff.

Our other candidate is E. T. McGaw for the office of county commissioner. No one personally acquainted with Mr. McGaw will dispute the statement that he would make a good county commissioner and that he would look closely after the interests of the taxpayers of the county if elected.
