"Uncle Josh Spruceby."

The musical features with "Uncle Josh Spruceby" company this year include a band and an orchestra of ten solo musicians. At the noon-day concert a program of popular and high-grade selections are rendered by the band, and these concerts have become very popular and invariably attract much attention and comment. The orchestra between the acts discourses a pleasing program and is one of the many attractive features with the show. For the first time this season this company appears at popular prices, 25, 35 and 50 cents. It goes without saying that a jammed house is assured. "Uncle Josh" appears at the Reynolds opera house on Thursday evening, Oct. 19.

Seats on sale at Stoko & Feicht's drug store this (Wednesday) morning.

Arbor Day.

Since the establishment of Arbor Day more than thirty years ago millions of trees have been planted within the borders of our land, and thousands of acres have been set apart for the purposes of forestry. The observance of Arbor Day has extended not merely to every State of the Union, but to France, Japan and other countries beyond the sea.

Since many schools are not in session during the April Arbor Days and since trees can be planted in the Fall as well as in the Spring of the year, it has become customary in Pennsylvania for the schools to observe an Autumn Arbor Day. For this purpose Friday, October 20, 1905, is named as a suitable day for the current year by Nathan C. Schaefer, State Supt., and the schools are urged to observe the day by the planting of trees and by other exercises designed to stimulate an interest in the science and art of forestry.

"A Pair of Country Kids."

"There is enough tragedy in life, when we go to the theatre give us something to laugh at." That is the trend of public mind to-day, and it is in obedience of that command that the author wrote "A Pair of Country Kids" which will be at the Reynolds opera house Monday night, October 24th. Comedy predominates, yet there is a highly sensational plot of rare heart interest interwoven in the play. Hi and Trixie, a pair of country kids, are the principal mirth makers. The smooth mannered villain is very much in evidence, while Uncle Ezra and Aunt Melinda have a hand in all that happens.

Almost Buried Alive.

John Stauffer, of this place, who was a member of Company A, 78 Regiment, had an experience during the Civil War that he would not care to repeat. In February, 1862, he was in a field hospital at Green River, Kentucky, suffering with typhoid fever, when he was thrown into a cart with four dead men. Those whose duty it was to send out the dead for burial mistook Mr. Stauffer, who was unconscious, and whose vitality was very low, for a corpse. It was raining hard at the time and while on the way to the burial place Mr. Stauffer was thoroughly drenched. This revived him, and when he realized that he was being carted out with the dead he naturally began making all the noise he was capable of producing. He soon succeeded in attracting the attention of the driver, when he was taken back to the hospital, and from that on his condition improved. It is not improbable that the cold bath Mr. Stauffer received saved his life as well as preventing him from being buried alive.—Punxsutawney Spirit.

John Stauffer is a brother of D. B. Stauffer, of West Reynoldsville. He visited in this place last Sunday.
