

The High School Bulletin

EDITOR-IN-CHIEF, MAUDE PRATT.

Wednesday morning Rev. Dr. M. P. Talling, of Toronto, Canada, conducted the chapel exercises and gave a very interesting address on "Character Building in the School." He said that our future success in life depended very largely upon the foundations laid in our school days. Some of the down stairs rooms attended chapel.

The fourth number of the lecture course occurred Friday evening, Jan. 28, when Maro, the magician, made his appearance before a larger audience than has greeted any previous number of this course. His entertainment was one of highest merit and furnished an evening of mystery, melody and mirth. His exhibition of agile dexterity filled everyone with wonder and amusement. As a musician, artist and shadowgraphist he illustrates most forcibly his wonderful versatility. The audience showed great appreciation and public sentiment admits that he has well attained the title of versatile Maro—Prince of magic.

Friday morning the school was favored with many visitors. Rev. Wilson, of Ridgway, conducted the devotional exercises and gave a very interesting address to the pupils. Supt. Trotter also visited our schools and gave a very entertaining talk on what constitutes a good school. He said he had never heard us sing better than on Friday and his three cheers for the Reynoldsville schools made us all feel immensely proud. Rev. Mook and Dr. Murray were also present.

T. G. Godwin, missionary for the American Sunday School Union, conducted the chapel exercises Monday morning and gave a very interesting talk to the pupils.

Wednesday, Jan. 24, was Parents' and Patrons' day and both faculty and pupils were much pleased at the large attendance of visitors. Nearly ninety

names were registered at this office, more than any previous year. All who visited the school seemed much pleased with the work.

Grumbling Chair.

Our busy shoemaker, James A. Campbell, on Fifth street, has established a grumbling chair in his shop. When interviewed about the grumbling chair Mr. Campbell said: "For the small fee of ten cents one person can grumble for nine minutes. Pay invariably in advance. Topics furnished without extra charge. Here are a few samples: You can grumble at Dr. Neale for not being in his office twenty-three hours out of the twenty-four. Doctors don't need any rest; grumble at the Methodist people for spending too much money for the new church; grumble at the sidewalks; grumble for having to pay for the paving. Why can't it be done for nothing? Grumble at the price of meat; grumble about the butchers who do a cash business. Those who can't spare the time can grumble at home and send the money to the shop. Can have your shoes mended while you grumble. Then grumble at the price you have to pay."

S. TAYLOR NORTH

Addresses a Circular to His Constituents in Jefferson County.

To the Republican Voters of Jefferson County:

By reason of the fact that the Legislature of Pennsylvania is now in extraordinary session, and my duties as a member of Assembly will probably hold me at my post here until after the date set for the Republican Primaries in Jefferson County, I find it impossible to make a personal canvass of the voters of the county in my own interest as a candidate for re-election. The important measures, especially legislative apportionment, now pending demand my presence here even to my own disadvantage, for I hold that my duties to my constituents are of paramount importance when compared to my own interests in the coming primary contest. I therefore must content myself with this public appeal to my friends for their support and assistance, hoping that the circumstances will be clearly understood by all. My record in the season of 1905 is open to all, and I hold to the gratifying belief that I faithfully represented my constituency, and was as efficient therein as is possible for any member filling his first term in the House.

With the experience gained then and now being secured in this special session, I feel confident that my ability for service has been largely increased, and that if honored with a re-election, I can be a much more useful representative in the session of 1907 than in the past. I have reason to be very grateful to the good people of Jefferson County for their kindness to me in the former election, and the manner in which they have supported me, not only with their votes but also with their advice and counsel in carrying out their wishes as their representative, and I shall make it my sole aim to worthily represent the interest of our great county should I again be elected.

Faithfully yours,
S. TAYLOR NORTH.

Sykesville.

Parents' and patrons' day was observed in our schools on Wednesday, Jan. 24, an excellent program having been arranged by the teachers as follows: Rev. J. W. Crawford on "Suffering Heroes;" F. C. Bonnett, "Why Teachers should teach more morals and character building;" P. S. Reed, "Things I have noticed that I know that our schools are advancing;" Rev. J. C. McMinn, "Jesus, The Ideal Teacher." Seventy-six persons visited the schools and all were well pleased with the time spent. We wish to add that at the first observance of parents' and patrons' day four years ago eight persons visited the schools, but under the efficient management of our schools by Prof. Geist, parents' and patrons' day has begun to mean much.

The first car on the new trolley line between this place and DuBois left Hotel Sykes on Saturday evening at 7.30 for DuBois. The car was well filled with passengers. This car was followed five minutes later by a second car also well filled with passengers. During the remainder of the evening and up to 12 o'clock the cars made a regular trip every hour. On Sunday the car continued to run, making the round trip from here to DuBois in just one hour. Many persons took advantage of the opportunity for an outing and all day Sunday the car was filled with passengers.

The Midnight Flyer.

From the rise of the curtain on the first act until it descends on the last act there is not one dull moment in that big production, "The Midnight Flyer." The railroad scene will hold you spell-bound. The illuminated scene will be admired by all. The wonderful ship wreck will thrill you, and the many other scenic effects, including the mammoth ship scene, the realistiestorm at sea and the Adirondack mountains in winter, will keep you interested from start to finish. And the comedy—well there is plenty of it. There is a dude, an old maid, a funny old man, an Italian and a colored gemman from Hoboken. These parts are in the hands of unusually clever comedians and the fun will be fast and furious. Several high class specialties will be introduced, making it one of the greatest entertainments ever given in this city. At the Reynolds opera house Friday evening. Seats on sale at Stoke & Feicht Drug store.

Woman's Work.

Every requirement of the house-keeper has been met in the making of the Prizer Stoves and Ranges. They contain quite a number of excellent features that lessen work and add to the comfort of the household. They are guaranteed to be good bakers—you run no risk. LONGWELL A CANDIDATE.

Tall Brockwayville Man is in the Race for Assembly Nomination.

The Record is authorized to announce that R. H. Longwell, of this place, will be a candidate for the Republican nomination for Assembly, subject to the action of the Republicans of the county at the primary election to be held February 20. Mr. Longwell needs no introduction to the people of the county as he was a candidate two years ago and made a commendable and strong fight in the face of great obstacles and went down with colors flying. It is pretty generally conceded that Mr. Longwell should be given recognition at this time, and he is entirely deserving of the support of the Republicans of the county at the coming primary election. Those who know Robt. Longwell need not be told that he is a staunch republican, an active party worker and a young man who is eminently qualified to represent the people at Harrisburg. In his last campaign he made himself deservedly popular, and as he is being urged to be a candidate again he desires to say to the voters of the county that he is in the fight and to stay. It is Mr. Longwell's intention to make a canvass of the county in the near future and call upon the Republicans in the various districts—Brockwayville Record.

Soldier.

No school in room No. 4 on account of measles in the home of the teacher.

A goodly number from here attended church at Reynoldsville Sunday.

Revival meetings still continue at the hall. Quite a number have expressed a desire to serve their master.

A little dog belonging to Mrs. Sarah Frantz went mad a few days ago. It was shot seven times before relieving it of its misery.

The one hundred and forty-seventh anniversary of the birth of Robert Burns was celebrated by a good crowd of the great bard's countrymen at Soldier Hotel and Miners' hall on Thursday evening. Quite a number from nearby towns were present. It was a gala time long to be remembered by most of the people present.

Surveying Towards Big Run.

Corps of surveyors of the United Traction Company of DuBois started Wednesday of this week to survey from the terminus of their line in this place through the streets going in the direction of Big Run.

Although little can be learned as to what the intentions are in this survey it points very strongly that the line will be extended to Big Run or possibly to Punxsutawney.

The work that is being done at this terminus indicates that there will likely be something more "doing" by the way of trolley extensions in the near future. —Sykesville Post-Dispatch.

—AND—

C. F. DICKINSON, Westinghouse Building, Pittsburg, Pa.

We own and offer (in amounts to suit purchasers) the best industrial security ever offered to the investors of this community.

The controlling interest in Reynoldsville's new "STEEL PLANT" has recently been purchased by Pittsburg people who are old in the successful management of large iron and steel properties.

Necessary additions are being made to the equipment, and new and heavy machinery is being added. Upon completion of these improvements a full line of Alligator Shears, Cold Saws, Rolling-Mill and Contractors' Machinery will be extensively manufactured at the Company's works, and sold from their Pittsburg offices.

The assets of the Company as re-equipped will stand at \$120,000.00 in round figures, against which the \$30,000.00 of First Mortgage bonds are the first and prior lien.

The Company has issued \$30,000.00 six per cent First Mortgage Gold Bonds in denomination of \$100.00, \$200.00, \$500.00 and \$1,000.00 each and we, the undersigned, have purchased a very large proportion of the entire issue.

The semi-annual interest, at the rate of six per centum, is payable on June 1st and December 1st of each year, at The Peoples National Bank, Reynoldsville, Pa.

These bonds are a first and prior lien on all of the real estate, buildings, machinery, equipments, franchises, property and revenues of the American Production Company, and a special condition in the mortgage provides that bonds to the amount of \$2,500.00 shall be retired every year, after the first two years.

These bonds have been issued under the supervision and advice of the following attorneys, viz: Messrs. Charles Corbett, of Brookville, Pa., Weil & Thorp, of Pittsburg, Pa., and G. M. McDonald, of Reynoldsville, Pa.; any of whom can vouch for the binding validity of these securities.

The undersigned being personally acquainted with the "STEEL PLANT" property, consider these bonds as the best of the kind ever offered in this community, and recommend them as a safe investment.

Prompt subscriptions for bonds in amounts from \$100.00 up will be received by the undersigned at the price of par and accrued interest. Allotments will be made as subscriptions are received, the right being reserved to cease the allotment at any time.
