SPECIAL TO SUBSCRIBERS.

Every Delinquent Will Receive an Invitation to Liquidate the Amount of Delinquency.

A large number of our subscribers are n arrearage one year and more on their subscription to THE STAR, and as we have need of the money and it would be a big task to call on each subscriber individually for the amount due, we have decided to send out statements soon after the fifteenth of February, 1906, to all subscribers who are in arrearage one year and more. All those who are a little sensitive about receiving statements can avoid that unpleasant sensation and save some extra work in this office by calling and paying or sending the money to THE STAR office before Febcuary 15. No one should take offence on receiving a statement of account. We receive statements the first of every month, and a number between times and to liquidate our own accounts it is necessary that we ask our friends to help us out by paying the small amounts they owe us.

We would appreciate it very much if Feb. 9, in the Enterprise Athletic all those in arrearage would pay without making it necessary for us to send them statements. As stated above, our book-keeper has been instructed to send a statement to every subscriber owing over one year's subscription. It is important to us that all our subscribers respond promptly.

Pension Sharks. A number of pension attorneys, or rather pension sharks, operating in Washington, are writing old soldiers and promising to have special pension bills and bills to correct military records introduced for them, and charging them a fee for the service. An old soldier who would pay a pension attorney a fee for having a private bill introduced must have more money than he needs. It is a mean business, this thing of bleeding the old soldiers, but there are a lot of knaves in Washington working at the business .- Punxsutawney Spirit.
