**Sectarianism in the Public Schools.**

Pittsburg, Feb. 19, 1906.

EDITOR STAR: I noticed in last week's issue of THE STAR an article entitled "The Other Side of the Case," an airing of views in response to "A Voice of Dissent."

I have had no opportunity to consult with my colleagues on the subject, but will say for those who spoke, we had no ax to grind and no desire to enter into an argument of the benefits of religious instruction. For myself I will say I don't care what the writer believes. What he, or anybody else believes is not the question and I do not intend to argue that. That has been argued by men with more gray matter under their hats than either he or I, and it has been decided that our public schools should be non-sectarian and I am satisfied to abide by their decision. We who spoke objected to any person holding chapel exercises on the ground that it makes our schools sectarian, and is, therefore, an injustice to some, besides being a violation of the school law in using the funds for purposes other than that for which it is collected.

The Writer of "A Voice of Dissent."

**Which? Oysters and Water or Oysters?**

The tub oyster is flabby, tasteless, soft and "wishy-washy." The Sealshipt oyster is natural, solid, UNWATERED, and has a full RICHNESS OF FLAVOR that will prove a new sensation to your palate. Besides, "Sealshipt" oysters are pure—no "preservatives" ever used. Try them. We've got 'em. Frank's Restaurant.

**The Yellow Fever Germ**

Has recently been discovered. It bears a close resemblance to the malaria germ. To free the system from disease germs, the most effective remedy is Dr. King's New Life Pills. R. & P. track and did not notice the train on the B. & S. that was backing up the track when he was struck and killed, his body being cut in two and both legs severed from his body. His remains were taken to the home of his nephew, Thomas Smith, where Mr. Rudolph has made his home for some time, from which place interment was made on Tuesday afternoon at two o'clock. We own and offer (in amounts to suit purchasers) the best industrial security ever offered to the investors of this community.

The controlling interest in Reynoldsville's new "STEEL PLANT" has recently been purchased by Pittsburg people who are old in the successful management of large iron and steel properties.

Necessary additions are being made to the equipment, and new and heavy machinery is being added. Upon completion of these improvements a full line of Alligator Shears, Cold Saws, Rolling-Mill and Contractors' Machinery will be extensively manufactured at the Company's works, and sold from their Pittsburg offices.

The assets of the Company as re-equipped will stand at \$120,000.00 in round figures, against which the \$30,000.00 of First Mortgage bonds are the first and prior lien.

The Company has issued \$30,000.00 six per cent First Mortgage Gold Bonds in denomination of \$100.00, \$200.00, \$500.00 and \$1,000.00 each and we, the undersigned, have purchased a very large proportion of the entire issue.

The semi-annual interest, at the rate of six per centum, is payable on June 1st and December 1st of each year, at The Peoples National Bank, Reynoldsville, Pa.

These bonds are a first and prior lien on all of the real estate, buildings, machinery, equipments, franchises, property and revenues of the American Production Company, and a special condition in the mortgage provides that bonds to the amount of \$2,500.00 shall be retired every year, after the first two years.
