

COAL MINERS WILL STRIKE

Anthracite District Ordered to Suspend Operations.

CONFERENCE WAS A FAILURE

Operators in Western Pennsylvania, Ohio and West Virginia Appeal to President.

Without agreement on a wage scale, the joint conference of bituminous coal operators and miners of the central competitive district at Indianapolis adjourned sine die, leaving affairs in such a condition that a strike of from 175,000 to 384,000 soft coal miners, besides 150,000 anthracite miners ordered out, seemed inevitable.

The miners directly affected are in Ohio, Indiana, Illinois and Western Pennsylvania.

Miners and operators of the Southwestern district, comprised of Missouri, Kansas, Texas, Arkansas, Oklahoma and Indian Territory, decided to report a disagreement.

Iowa miners have agreed with the operators to suspend work for 60 days. Michigan, West Virginia and Kentucky miners, it is said, will follow the lead of the central district.

The disagreement came after a struggle lasting 10 days, and disrupts the interstate agreement, which has existed since 1898, between operators and miners, through which wage scales, and other differences have been adjusted.

The final vote in the conference of the central competitive field, on which the other districts base their settlements, was on a motion offered by President John Mitchell, of the United Mine Workers, to restore for two years the wage scale of 1898, which would have been an increase in wages of 5.55 per cent.

The operators of Illinois, Indiana and Ohio voted against the proposal and defeated it. The disruption of the conference followed. Operators of Western Pennsylvania and the miners of the four States voted for the proposal.

Anthracite Miners' Scale committee issued orders for a total suspension of mining in the three anthracite districts beginning Monday morning, April 2.

The operators of Western Pennsylvania, Ohio, Indiana and Illinois telegraphed to President Roosevelt an appeal to appoint a commission to investigate coal mining conditions and make recommendations regarding miners' wages.

By the adoption of the resolution providing for the signing of individual agreements by district officials and national officers of the United Mine Workers with such operators as are willing to pay the 1902 scale, the miners' national convention opened the way for the continuance of mining operations in the Pittsburgh district by the Pittsburgh Coal Company and its various affiliates, no matter what the other operators decide to do. This action was taken March 30.

ENTOMBED 20 DAYS

Fourteen, Who Lived on Hay and Morsels of Food, Are Taken From French Mine.

Fourteen of the 1,200 miners who were entombed in the coal mines at Courrières, France, 20 days ago were taken from the mine alive and well March 20.

They have lived on hay found in one of the underground stables and the morsels of food which they took into the mine with them nearly three weeks ago.

All attempts to rescue the entombed men were abandoned more than two weeks ago.

The miners were found by a party which was engaged in exploring the mine. The men had lived for 20 days not only shut off from the light but almost deprived of air. They could not have lived much longer.

IMMIGRATION RECORD

Arrivals at New York Harbor in One Day Number 11,000.

Over 11,000 immigrants arrived in the harbor of New York March 29 on board seven steamships from European ports. This number is the record for a single day which has been made thus far during the annual spring rush of immigration. Ellis Island, where these immigrants are examined and either rejected or admitted to the United States, can care for less than half of to-day's arrivals, its limit being 5,000 daily. Those who cannot be landed will be kept in the harbor on their steamers until later in the week. These immigrants include the following nationalities: English, Irish, Germans, Swedes, Hungarians, Italians, Portuguese and Russians.

CELEBRATES HIS 105TH BIRTHDAY.

William Welch, who is said to be the oldest surviving member of the Union army in the Civil war and the oldest member of the Masonic order in America, celebrated his one hundred and sixth birthday at Lemper, N. H. He was born in St. Andrews, N. B., March 29, 1809.

LATEST QUEEN OF NAVY

Battleship New Jersey Comes Out of Tests Covered With Glory.

The performance of the battleship New Jersey in making a speed of 19.18 knots an hour in a 4-hour endurance run on the New England coast, coupled with her remarkable speed the day before over a measured mile at Rockland, Me., at a 16.48 knots an hour gait, places her at the head of all American-built battleships in speed.

DUN'S WEEKLY SUMMARY

Record-Breaking Year in Building Expected—Manufacturing Plants are Not Reducing Their Output.

Trade reports are still somewhat irregular, owing to the widely differing weather conditions, and uncertainty regarding the labor situation. In some sections of the country spring trade is facilitated by satisfactory temperature, but at other points cold and stormy retard distribution of seasonable merchandise.

Manufacturing plants are not reducing output, statistics for March promising to establish new maximum records in many industries, but the future contains an element of disturbance in the numerous demands for higher wages.

Outdoor work is rapidly increasing and preparations are being made for a record-breaking year in building and agriculture. Clothing manufacturers and wholesale dry goods houses are especially busy. Soft roads retard the movement of grain to market and impede the return traffic in merchandise at many interior points.

Less than the usual interruption to freight movement has occurred this winter, railway earnings making unprecedented exhibits, and roads reporting for March thus far show an average gain of 7.7 per cent. over the previous year.

Foreign commerce at New York for the last week exhibits a gain of \$2,422,351 in exports and a loss of \$2,156,887 in imports, as compared with the same week last year.

Less complaint is heard regarding the procrastination of consumers of pig iron, numerous contracts having been placed during the past week, and many others are now under negotiation. Confidence in all departments is sustained by the forward business in rails and structural shapes, that precludes any idleness for many months at least.

IMITATED JESSE JAMES.

Student Desperadoes Trapped and Four Are Caught.

Even more daring than the robbery of the Credit Mutual bank at Moscow recently was the attempt made in broad daylight to rob the Volga Komma bank at Khar'kov, Russia, by several college boys and technological students.

The youthful desperadoes quietly walked into the bank with customers of the institution, drew revolvers and ordered everybody to hold up their hands. Most of the employees fled in panic, but one cool-headed clerk attracted the attention of guards outside, who immediately barred the entrances to the bank.

The students, finding themselves trapped, smashed the windows, jumped out to the street and attempted to escape under cover of revolver fire. One policeman was mortally wounded and four of the would-be robbers were overpowered and captured.

SHORTENING ITS LINE

P. R. R. Said to Be Planning 100-Mile Cut-Off in Ohio.

The Pennsylvania Railroad Company is planning to shorten its New York-Chicago run by two hours. To accomplish this it must buy two roads and build a connecting link. It is now planning the purchase of the Findlay, Fort Wayne & Western, railway and air line from Fort Wayne to Findlay, also the Northern Ohio, which runs from Delphos to Akron.

By constructing a 12-mile line from Findlay to Carey, thus connecting with the Northern Ohio, at least 100 miles can be saved between Pittsburgh and Chicago. It is also planned to construct a 40-mile line between Plymouth, on the Northern Ohio, and Wooster, which would shorten the distance 50 more miles, thus cutting the time between New York and Chicago two hours.

OHIO LEGISLATURE.

After rejecting the Senate amendments prohibiting the acceptance of passes by public officials and exempting sleeping car companies from the operations of the measure the House concurred in the other Senate amendments to the Wertz railway commission bill and it will be a law as soon as signed by the Governor.

The bill provides for a State commission of three members who have power to regulate rates within the State, have general supervision of routes, classification, etc. The members are to be appointed by the Governor and will serve six years. The bill is the one agreed upon by the shippers and railroads alike.

EMIGRANT RUSH FOR CANADA.

The Salvation Army in London has been unable to secure sufficient accommodation for emigrants desiring to go to Canada. Already 2,600 have been sent to the Dominion and passages for 2,600 more are booked.

TELEGRAPHIC BRIEFS.

Richard Evans, charged with the murder of Mrs. Bessie Hollister in Chicago was found guilty of first degree murder and sentenced to hang.

The bill, providing for a two-cent railroad fare in Iowa, was killed in the house by a vote of 57 to 40, after a hot argument.

MINERS WILL NOT STRIKE.

Eight thousand miners in the employ of the Keystone Coal and Coke company and the Jamison Coal and Coke company in Westmoreland county, Pa., have decided to continue work regardless of the action of the Indianapolis convention. Both companies will pay the advance demanded, although the miners are now getting a trifle more than paid to the river miners and those in the Irwin district.

SIX WORKMEN BUTCHERED

Corpses, Horribly Slashed, Were Found in Same Room.

MAY HAVE BEEN MAFIA'S WORK

Knives Used by the Slayers Were Left Beside Their Victims. Money Not Taken.

Six murdered Bulgarians were found in an old house at 245 Tenth avenue, south, Minneapolis, Minn., and the police are uncertain how or when the murders were committed although the evidence thus far secured indicates that the men were killed during a fight among 12 Bulgarians who had rented the house.

The police are convinced that robbers was not the cause of all the murders as considerable money was found on the bodies. They also scout the idea of any secret society with motives of revenge. The dead are said to be: Nicol Dimitri, Kiril Dimitri, Agne Naroff, Kerstan Yoch, Uka Naudaba, and Baakon Kapantli.

Four of the bodies, horribly cut and slashed with knives, were found in a room on the second floor, while in the cellar were two others with their throats cut. Near the bodies were found five large bowie knives and a hatchet.

The Dimitris were evidently father and son. All of the men were comparatively young and smooth-faced. The men's names were scrawled from letters in sacks and satchels that were found in the room where the four bodies lay.

The nationality of the men was determined by a pastor of a Greek church, who read the letters found in the house. He found among the papers a discharge from the Turkish army, belonging to Agne Naroff.

S. Magnuson, owner of the house, says an Italian rented part of the house of him four months ago, paying four months' rent in advance, to be used to house 12 railroad laborers of whom he was foreman. The 12 men moved into the house and lived quietly, working every day.

CHARGED WITH LARCENY

Arrested for Contributing Insurance Company's Money to Political Committee.

On a charge that his connection with the contribution of \$48,702.50 from the funds of the New York Life Insurance Company to Cornelius N. Bliss, treasurer of the Republican national committee in the campaign of 1904, constituted grand larceny in the first degree, George W. Perkins, a member of the firm of J. P. Morgan & Co., and until recently first vice president of the New York Life Insurance Company, was arrested on a warrant issued by City Magistrate Moss.

Mr. Perkins' counsel admitted to Justice Greinbaum that Mr. Perkins had advanced the sum named to Mr. Bliss upon the request of the late John A. McCall, president of the New York Life.

He was afterward reimbursed through the action of the company's finance committee. It was contended that Mr. McCall had executive authority to order the payment, and that if any crime was committed it was participated in by every member of the finance committee present when the matter was acted upon.

The arrest of Mr. Perkins and the subsequent issuance of the writ of habeas corpus will have the effect of having the highest courts of the state pass upon the legality of the campaign contributions by insurance companies.

MUTUAL LIFE RESIGNATIONS

Vice Presidents Grannis and Gillette and Trustee Gerry Retire.

Vice Presidents Robert A. Grannis and Walter R. Gillette, and Trustee Elbridge T. Gerry, of the Mutual Life Insurance Company, tendered their resignations at a meeting of the board of trustees. Messrs. Grannis and Gillette resigned both as vice presidents and trustees. The resignations were accepted.

Directors of the Equitable Life elected John N. Beach, a dry goods merchant, as a member of that board.

TROUBLE COMING IN AFRICA

Great Britain May Have War With Abyssinia on Its Hands.

The situation in Somaliland, near the Abyssinian frontier, is causing anxiety. In view of the recent death of Ras Makonnen, Governor of Harar, who had powerful pro-British influence over the turbulent tribes.

During the last two months Abyssinian tribes have on three occasions raided the frontier tribes under British protection, and it is expected Great Britain will be forced to take action to protect her subjects.

REORGANIZING CONSULAR SERVICE.

The conferees of the Senate and House have agreed on the bill to reorganize the consular service. The House amendments classifying the service were accepted as to every important post except Manchester, England, and this remains a consulate in Class 2 at \$6,000 a year.

TO CURTAIL PUBLIC PRINTING.

Following the President's suggestion, the House passed several resolutions to correct the useless printing of public documents and to empower the printing committees of the two legislative bodies to fix the number of documents to be printed and, should the demand arise for additional copies of a publication, then to have authority to order another edition. It was claimed this action would result in saving the Government upwards of \$1,000,000 annually.

FRAUD AND CORRUPTION

Serious Charges Against Former Officials of Mutual Life.

Charges that a fraudulent and corrupt conspiracy existed between Richard McCurdy, former president of the Mutual Life Insurance Company, his son-in-law, Louis A. Thebaud, and the latter's partner, Charles H. Raymond, are made in the formal complaints in two suits instituted by the company against the men named for the recovery of \$1,750,000. These suits are in addition to the one brought last week by the company against Richard A. McCurdy alone for the recovery of \$3,370,000. The total now sued for amounts to \$5,120,000. The suits brought, in the opinion of lawyers, form the basis for criminal prosecutions.

One of the suits is directed against the elder McCurdy, Thebaud and Raymond, and the other against Thebaud and Raymond alone. The charge is made that sums aggregating the immense total of \$500,000 were paid Raymond & Co., for no reason whatever except to enrich McCurdy's son-in-law and his partner, and no services were rendered for this money. These gratuities and the enormous commissions paid Raymond & Co. as general agents for the Metropolitan district form the basis of the two suits.

SLOWLY BROILED TO DEATH

Korean Suspected of Theft Subjected to Barbarous Treatment.

A telegram from Hilo, on the Island of Hawaii, says that seven Koreans have been sentenced to death for having tortured and burned a Korean suspected of theft. Instead of reporting to the police, the friends of the man who lost the money captured the suspected Korean and beat him with sticks and stones until he was exhausted. As the suspects still refused to confess, his captors rubbed salt into his wounds and lacerated him with a saw, keeping him from lapsing into unconsciousness by giving him occasional sips of wine. When this torture failed to force a confession, they rubbed Japanese soy in the wounds, causing excruciating pain. Finally the man was held over a fire and broiled until he died.

NEW CURE FOR RHEUMATISM

Italian Army Officer Lectures Before London Society.

Dr. Ballabone, an ex-staff captain of the Italian army medical corps, lectured before the London Therapeutic society on a new remedy for neuritis, rheumatism and all gouty affections. He believes that he has discovered a cure, consisting of an injection containing amylic and heazic elements. Five or six injections in the muscles will subdue a recurrence of the disease. The remedy does not cause irritation or other harm. It operates by combining with the uric acid in the blood, rendering it soluble, and thereby enabling it to be more easily eliminated. It also destroys the toxins in the blood.

FOUR FIREMEN KILLED

Explosion Shatters Buildings and Prevents Fire Spreading.

Four firemen perished and about a score of firemen and citizens were injured in a fire accompanied by a series of explosions that demolished a six-story factory building at Bedford and Downing streets on the lower west side of New York city. That the damage, which is estimated at from \$300,000 to \$400,000, was not far greater, was declared by Chief Croker to be due to the explosion, which shattered the building and crushed the blaze beneath tons of debris at the moment when the flames were completely beyond control and threatening to sweep the entire block.

BOYS LAUGH AT SENTENCES

Judge at Springfield Calls Action of Jury in Riot Cases an Outrage.

Laughing openly in court at the light fines imposed for rioting, the eight boys who were arrested by the soldiers some days ago during the riots at Springfield, O., walked out of the police court, free. Judge Miller, when the rioters were arraigned before him, spoke of the recommendation of the jury that the fine be only \$1 on account of the youth of the accused. He said:

"This matter is an outrage. I can do nothing but inflict the nominal fine of \$1 as recommended by the jury. This jury was made up of leading business men and their recommendation is an outrage."

TO REBUILD FAMOUS SHIP

Battleship New York Is Now Too Small for Her Class.

Stripped of her guns and engines, and every vital working part, with nothing but the mere hull left, the armored cruiser New York, the flagship of Rear Admiral Sampson at the battle of Santiago, now lies at the Boston navy yard and will be rebuilt and renamed "Trenton."

Since she was placed in commission at Philadelphia, August 1, 1893, then one of the most modern fighting ships, she has become antiquated. To modernize her more than \$1,500,000 will be spent.

TORNADO IN OKLAHOMA

Three Persons Injured in Houses Demolished by Storm.

Three persons were severely injured and thousands of dollars' worth of property was destroyed by a tornado south of Billings, Okla., late Sunday night.

James Russell and wife were critically hurt as they lay in bed. Their home was blown to pieces and they were buried in the ruins. Mrs. Sam Merrifield sustained serious injuries in a similar manner.

KILLED BY INDIANS

Seven Persons Shot Down by Yaquis in Mexico.

A dispatch from Los Angeles, says: News has reached this city of the murder in Mexico of seven persons, five members of the family of Pedro, brother-in-law of Frederick Hartmann, president of the William Hoegge company, of Los Angeles, and two friends. They were massacred by Indians within a few miles of their homes and their bodies left in the road between Ortiz and La Dura until a sufficient number of Mexican troops could be sent to overawe the raiding outlaws and bring in their victims.

WRANGLER ALMOST DESTROYED.

A cable dispatch dated Juneau, Alaska, March 26, from United States District Attorney James J. Boyce, says that the town of Wrangell, Alaska, has been almost destroyed by fire and appeals for aid for the sufferers. The dispatch states that every store in the town burned. The common house was saved.

REPORT IS CIRCULATED IN NEW YORK

That Charles A. Peabody, president of the Mutual Life Insurance company is soon to resign.

MURDER AT CHURCH SOCIAL

One Man Was Killed and Several Injured.

TWO FACTIONS IN CLASH

Quarrel Over Management of the Building Fund Leads to the Tragedy.

A factional quarrel in the Methodist Episcopal Church at Coaldale, Pa., broke up a social in a fatal riot. Of several members who received bullet wounds Benjamin Capely is dead, and his wife, with almost half of her face torn away by a shotgun charge, is dying; Mrs. R. Harper was wounded in the side, and Henry Garden was shot in the leg. Two unknown men, who fled after the fight were also hit.

There had been ill feeling of long standing over the management of funds raised for the erection of a new church building. The dispute over the money created two factions, which threatened to disorganize the congregation. Many opposed the holding of a social, fearing an outbreak.

During the evening there was a clash between adherents of the rival factions, and it is said a blow was struck. Instantly the shooting began. It is alleged James Hotten was one of the leaders among the disputants.

Almost as soon as the shooting began Benjamin Capely fell to the floor with a bullet in his heart. Mrs. Harper, Henry Garden and two other men were shot within the next few minutes. It is believed Mrs. Capely received her wound when she stepped from the door.

There was wild disorder the moment the revolvers began to crack. Women and children shrieked and rushed toward the exits. Mrs. Harper, Garden and Hotten were arrested pending investigation by the authorities.

BIG FIRE IN JOHNSTOWN

Flame Started in Early Morning and Resulted in Loss of About \$1,000,000.

Johnstown, Pa., suffered \$1,000,000 loss from fire which destroyed three large business blocks in Main, Bedford and Clinton streets, damaged several others and will likely cost the loss of one life. The buildings destroyed are those of the Swank Hardware Company, six stories, where the fire originated; P. S. Fisher, wholesale liquor dealer, three stories; the Wild building, four stories, which housed the Johnstown Journal, and other offices and the handsome residence of L. A. Geis, furniture dealer, whose business building was slightly damaged by the fire.

The loss on the Swank building and stock will be \$300,000, with \$100,000 insurance. Lawyers, architects and other professional men who occupied offices in the building will suffer a loss of fully \$100,000. The remainder of the million is made up among the other losers.

WIRELESS CAUGHT BY KITES

Messages Received Through Bodies of Two Men on the Ground.

Experiments were made by Dr. Alexander Graham Bell, near Arlington, Va., by which wireless telegraph messages were received by means of Dr. Bell's famous tetrahedral kites. Messages were received from the Washington navy yard, from Gallilee, on the New Jersey coast, near the Atlantic Highlands, and from the steamer Bermudian, 100 miles out from New York, and more than 350 miles from the kites.

CURRENT NEWS EVENTS.

The City Council has granted to the Chicago, Milwaukee & St. Paul railway a franchise to enter Seattle, Wash.

The prefect of Constantinople, Rodvan Pasha, has been assassinated. It is believed the assassins were acting for the Young Turkish party.

Rufus Johnson and George Small, both colored, were hanged at Mt. Holly, N. J., for assaulting and killing Miss Florence Allison, a white woman.

George Barney and George Isock were burned to death while fighting a fire at the Dodge colliery at Scranton, Pa.

Many threats have been made against the life of Premier Witte. He received a warning that unless he left the government in a week he would be killed.

A fishing boat struck a floating mine March 26 off the coast of the province of Echizen, Japan, and was blown up. Seven of her crew are missing.

The Ohio Senate passed the House bill repealing the Daga law, which prevented the name of a candidate appearing more than once on a ballot.

Bridge Trust Man Convicted.

Henry Hughes of Fremont, O., the first of the 18 bridge agents and corporations to be tried on a joint indictment returned by the Erie county grand jury charging violation of the Valentine anti-trust law, was found guilty.

Already it has become necessary to rebuild the Brooklyn Bridge, because it was not intended for such tremendous traffic. Let us build our lives for the greatest possible destiny.

ARRESTS IN BANK CASE

Information for 68 Offences in Enterprise Bank Failure.

Criminal prosecutions in connection with the affairs of the defunct Enterprise National bank of Allegheny were begun, when Edward P. MacMillan, George L. Ralston, Charles Menzner, Forest R. Nichols and Lamert S. Cook were arrested by United States Marshal Stephen P. Stone and his deputies. The arrests were made on informations for 68 separate offenses made by Special Bank Examiner Edward P. Moxey before United States Commissioner William T. Lindsey. MacMillan, Ralston and Menzner were employees of the bank, while Nichols is the private secretary of former State Senator W. H. Andrews, now a delegate in Congress from New Mexico, and Lamert S. Cook was a former partner with T. Lee Clark, the former cashier of the bank, in a number of real estate enterprises. One information has been made against Thomas W. Harvey, paying teller of the bank, but he has not yet been arrested, and it is said that still another information has been made, but the identity of the accused has not been revealed.

The informations in the cases, which were drawn by Robert M. Gibson, assistant United States district attorney, are voluminous and charge all the defendants with conspiracy to defraud the bank, while the three employees of the bank in addition to the charges of conspiracy, are charged with making false entries in the books of the bank.

SIX KILLED IN A WRECK

Weakened Bridge Causes Disaster—Rescuers Lose Handcar.

Six railroad laborers were killed and a score were injured, several probably fatally, when a work train on the Wyoming division of the Chicago & Northwestern railroad dropped into a swollen stream through an undermined bridge near Natona. Among the dead is Charles Noll, foreman of the laborers. Most of the other men were Austrians and Italians.

The locomotive passed over the bridge, but several cars, including a coach, fell into the flooded river. The coach, containing 25 men, was crushed under a tank car that followed it into the cañon. Handcarts were pressed into service by three surgeons and several citizens. The relief party ran into a severe snowstorm and were compelled to abandon the handcars and proceed afoot.

KILLED WHILE PREACHING

Pastor of Mormon Church Struck by Lightning.

While preaching to his congregation at Carson, Ia., Rev. J. R. Lentz, pastor of a Latter Day Saints church, was struck by lightning, which caused his death within an hour. The bolt descended during a hard thunderstorm, and was communicated to the preacher by a chandelier hanging directly above his head.

The shock threw him to the floor in an unconscious state, while many persons in the audience were stunned. After nearly everyone had fled from the building, Lentz was carried out, but failed to regain consciousness. The church took fire, but the flames were soon extinguished.

FEMINE NEWS NOTES.

The number of women's clubs in London at the present time is far in excess of the demand.

The marriage of Waldorf Astor and Mrs. Nannie Shaw will take place in London early in April.

Of course her name is not Sarah, any more than it is Bernhardt. Her real cognomen is Rosine Damola.

The Minister
