WALK-OVER SHOES  
KEEP THEIR SHAPE.

Did you ever have a pair of  
shoes that spread all out of  
shape the first time worn?

They were sewed with  
a machine—what is  
known as a McKay  
sewed shoe. The last  
is taken out while the  
soles are being sewed  
on. WALK-OVERS  
are made by the  
Goodyear process—  
the last they are shap-  
ed on remains in them  
until they are thor-  
oughly dried and sea-  
soned. This takes  
about four weeks. A  
shoe made in this way  
will always hold its  
shape. The insoles  
are smooth and con-  
form easily to your  
feet. We can show  
you what is proper in  
SPRING Footwear.  
You may not be ready  
to buy but we invite  
you to look. The  
price of Walk-Overs  
\$3.50 and \$4.00.
