Wound a Cure After Fifteen Years . H. Stotts, messenger at the State

Capitol, Columbus, O., says: "For fifteen years I had kidney troubles,

and though I doctored faithfully, could not find a cure. I had heavy backaches, dizzy headaches and terrible urinary disorders. One day I collapsed, fell insensible on the sidewalk, and then wasted away in bed for ten weeks.

After being given up, I began using Doan's Kidney Pills. In a couple of months I regained my old health, and now weigh 188 pounds. Twelve boxes did it, and I have been well two years." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Chauffeurs in Old-Time France. There were chauffeurs long before utomobiles. History tells as that automobiles. about the year 1795 men strangely accoutered, their faces covered with soot and their eyes carefully disguised, entered by nights farms and lonely habitations and committed all of depredations. They garroted their victims, dragged them before a great fire, where they burned the soles of their feet and demanded information as to the whereabouts of their money and jewels. Hence they were called "chauffeurs," a name which frightened so much our good grandmothers.—Paris Figaro.

AWFUL PSORIASIS 35 YEARS.

Terrible Scaly Humor in Patches All Over Body-Skin Cracked and Bleeding-Cured by Cuticura.

"I was afflicted with psoriasis for thirtyfive years. It was in patches all over my body. I used three cakes of Cuticura Soap, six boxes of Ointment and two bot-tles of Resolvent. In thirty days I was completely cured, and I think permanently, as it was about five years ago. The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the centre a spot about the size of a silver dollar of sound fiesh. In a short time the affected circle would form a beavy dry scale of white silvery appear-ence, and would gradually drop off. To remove the entire scales by bathing or sing oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would coze out. That scaly crust would form again in twentyhours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at nights after getting warm in bed, or olood warm by exercise, when the would be almost unbearable. W. M. it would be almost unbearable. W. M. Chidester, Hutchinson, Kan., April 20, 1905."

Last of War Governors.

The Hon. Frederick Holbrook of Vermont, who recently passed his ninety-third birthday, is the only one of the famous "War Governors" now surviving. He stood with Governors Curtin of Pennsylvania and Andrew of Massachusetts as one of the staunchest supporters of the Lincoln administration when it most needed such support as they could give. Among the beneficent institutions for which the Nation is indebted to Mr. Holbrook's initiative were the military hospital established at Brattleduring the Civil War, where from 1.500 to 2.000 soldiers were cared for at once, and the National Bureau of Agriculture. The ex-Goverpor was choirmaster in the Brattleboro Congregational church for 40 years.-Leslie's Weekly.

TRANSFORMATIONS. Curious Results When Coffee Drinking is

It is almost as hard for an old coffee toper to quit the use of coffee as it is for a whisky or tobacco fiend to break off, except that the coffee user can quit coffee and take up Postum Food Coffee without any feeling of a loss of the morning beverage, for when Postum is well bolled and served with cream, it is really better in point of flavor than most of the coffee served nowadays. and to the taste of the connoisseur it is like the flavor of fine Java.

A great transformation takes place in the body within ten days or two weeks after coffee is left off and Postum Food Coffee used, for the reason that the poison to the perves has been ontinued and in its place is taken a liquid that contains the most powerful

Three Killed in Fight Following Explosion of Missile at Warsaw.

Vice Admiral Kummich commander of the port, who was very unpopular with the workmen, was assassinated at St. Petersburg by workmen whose May Day demonstration he had at-

tempted to stop. The admiral was killed at the new admiralty works, a government in-stitution where most of the 2,000 men employed reported for duty at five o'clock in the morning. They want-ed immediately to march out in a body and celebrate the Russian May Day but finally agreed to work till 2 o'clock in the afternoon. The admiral, however, made a speech to the men, saying that he could not agreed to their leaving work at 2 o'clock and the matter was left

At about 9:30 a. m., according to an officer who was at the gate of the works, the Admiral was from a small shop in the works when a workman who had been concealed around the corner of the building leaped on Kuzmich from behind and drove a long dagger into his back. The Admiral fell forward on his face, which was badly cut by stones, and died immediately. The assassin fled into a large forge, where he was surrounded by troops and police, but the search for the murderer was unavailing, his comrades professing ignorance of his identity.

PERISHED IN DEATH VALLEY

Dead Bodies of Two Young Prospectors Found in Lonely Spot.

Joseph Constantine, a prospector who has just returned from a trip into Death Valley, reports the finding of the bodies of two young men at the foot of the Funeral range. One of them carried a watch inscribed "M. G. H.", and wore a seal ring bearing the letter "H."

The men perished nearly 30 miles from water. The fingers of one of the men had been worn to the bone digging in the sand, evidently in an attempt to reach water. Constantine and his men brought the bodies out and buried them near Carrol Springs.

And in stores, mills and shops tens of thousands are their daily brend.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, tumors, nlecration, falling and displace-ments or perhaps irregularity or suppression, causing backache, nervousness, irritability and lassitude.

They especially require an invigorat-ing, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or per-form her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female or-
