Congressman Jim Tawney's Brass Band.

The Brookville *Republican* is wrong. "Jim" Tawney never lived in Punxsutawney, never saw Punxsutawney and until recently had forgotten that there ever was a Punxsutawney. Hon. James A. Tawney, member of Congress from Minnesota for the past fifteen years, and now chairman of the Committee on Appropriations, a place only second in importance to that of Speaker, was a former resident of Reynoldsville. He worked in D. J. Crowell's machine shop as a blacksmith and was the organizer and leader of the first brass band whose melodious strains ever delighted or distracted the good people of that cultured and enterprising municipality. We cannot recall all of the members of "Jim" Tawney's brass band, but here are the names of a majority of them: James A. Tawney, M. Minor, H. Alex. Stoke, T. F. Reynolds, Ort Smith, Caesar Ferris, Leonard Reynolds, Dan Strouse, S. R. Smith and W. O. Smith. We are not sure but Clyde Smith manipulated the snare drum and Caesar Ferris the bass drum. There are no doubt persons in Reynoldsville who can remember the personnel of the entire organization.
The Reynoldsville Silver Cornet Band was the wonder and delight of the small boy of that period and was not at all deficient in self-appreciation. It had two tunes which it could wade through with so much gusto that any ordinarily intelligent citizen could recognize them. One was "Santa Anna" and the other "Marching Through Georgia." The band went to Prospect Hill Graveyard one Sunday to attend a funeral and played a dirge with such mournful discord as to make everyone present sincerely sorry that the deceased had departed.—*Punxsutawney Spirit.*

Repainting.
Paint has no protection against the elements, and climatic changes work hard and fast upon it. The best paint will eventually wear down, and the surface will have to be repainted. But when Pure White Lead and Pure Linseed Oil are used the surface is left smooth and free, all ready for the painter to begin his work.
If, on the other hand, a hard, lifeless, inelastic paint (such as zinc and barytes) has been used, it cracks, peels and wears off unevenly, leaving a scaly surface, necessitating the expensive and dangerous process of burning off before satisfactory repainting can be done.
To paint with cheap paint is to repaint at high cost, and too soon. Those who use

Pastor MacLeod on Robert Burns.

Rev. Donald C. MacLeod, pastor of the First Presbyterian Church, made his debut on the lecture platform last night before a large and appreciative audience, in his own church, Fourth street below the city hall. The life and character of Robert Burns, the Scotch poet, was his subject, and the manner in which the successor of Dr. Talmage and Dr. Sunderland handled it gave evidence of deep study and thorough familiarity with his topic. At the close of the lecture many crowded to the pulpit with their congratulations, and an impromptu reception resulted, which was a pleasant surprise to the young pastor.—*The Washington Post, January 29, 1901.*
Dr. MacLeod will lecture in the Reynoldsville Presbyterian church to-morrow, Thursday, evening, June 21. Admission, adults 25 cts.; children 15c.

Resolutions.

The Woman's Missionary Society and W. C. T. U. of Pancoast are called upon to record the death of Mrs. E. J. Boner, of Sandy Valley, a member of our Society and president of the Temperance Union, who died at her home June 8th, 1906. While we may not murmur at the calling from us to a higher service, we rejoice in the testimony she bore, in faithful, willing service, to her loyalty to our Redeemer and King, and when the hour of her deliverance from suffering came, she was ready to enter into His palace with joy.

Resolved, That we humbly bow to the will of Him who orders all things aright and that we extend to the surviving kindred our deepest sympathy in this bereavement.
Resolved, That we seek to emulate the Christian virtues of her who has been garnered as ripened grain, and that we remember the example set us by her who has gone, and strive to follow more closely the Master whom she served so faithfully.

No Chafed Heels
IN WALK-OVER OXFORDS

At some time in your life you tried to wear Oxford shoes, and found that they chafed and blistered your heels, or that they sagged and opened at the ankles at every step, you may have decided that you could not wear Oxfords.
Perhaps you can't wear the ordinary Oxford, made on ordinary high shoe lasts, but you CAN wear a WALK-OVER Oxford and we will guarantee that you will have none of the troubles experienced in other makes. You will find that they fit snugly about the ankle, but do not bind; that they cling to the heel without slipping, but will not chafe. Made in all styles and all leathers at \$3.50, 4.00 and \$5.00.
If you want something a little finer, try a BANISTER at \$5.00.
