

**Commencement at Villa Marie.**

From the Erie Evening Herald, which devoted considerable space to the recent commencement at the Villa Marie Academy of Erie, we clip the following complimentary notices of Miss Mary A. McDonald, of Reynoldsville, who was one of the graduates in the Academy:

"Miss M. A. MacDonald sang the Angel's Serenade with sublime effect. She is the possessor of a remarkably sweet voice and sings with an ease that is most pleasing. Miss Rita Collins played the violin obligato and Miss Cora Whittless the piano accompaniment. The music was enchanting. The three young ladies showed remarkable skill and ability and their work not alone reflected credit upon them, but upon their teachers also."

"Miss M. A. MacDonald and Miss J. L. Hartigan rendered Beethoven's Grand Septuor and notwithstanding the fact that the pianos were on opposite sides of the stage the rendition of the difficult number was so precise that it seemed as if but one piano was being played upon. The accomplished young ladies displayed brilliant technique. The music critics present were charmed with the artistic playing of the gifted pianists and they showed their pleasure and appreciation with generous applause. Miss Hartigan and Miss MacDonald have finished the musical course and Villa Marie has reason to be proud of both pupils."

At the conclusion of the commencement exercises the large studio was thrown open and an inspection of the work of the pupils was made, and among the articles displayed and given mention in the Herald, were two by Miss McDonald, first china and second water color.

"Mary MacDonald, Reynoldsville—One-half dozen plates, conventional in roses, a table top, conventional in roses and raised paste work; special mention."

"Mary MacDonald, Reynoldsville—A crucifixion, five feet (special mention); conventional heads."

**Early Closing.**

There is very little room for a difference of opinion on the subject of early closing during the months of July and August—two months when the stores are stilling and the excessive heat plays the energies out quicker than at any other season.

This sort of thing is thoroughly appreciated and with any sound, sensible, ambitious merchant and his salespeople should be productive of good results in increased application and greater interest taken in work. Long hours are productive of discontent and irritability in July and August and this condition is hardly likely to produce the courtesy which is essential to success in business.

The trouble in instituting the early closing movement in any locality is the difficulty of getting every one to adhere to it. There are always sure to be some "knockers" who are so addicted to the money habit that they cannot bear to see an opportunity slip by of making a dollar or two, supposing they do have to work overtime for it.

Early closing is especially necessary during the hot months of July and August for the preservation of good health and will be found the best all around means of clearing the brain and repairing the energies for closer application to business.

Walk-Over Shoe for Men.

Oxfords will give you more genuine foot comfort than any other make of shoes you ever wore. It's not an accident, but the result of careful and expert study, coupled with the liberal expenditure of money. To make an Oxford shoe which WILL NOT CHAFE the heel, and which will not spread at the ankle, it is necessary to have an entirely separate factory equipment. This costs money but the results warrant the outlay.

When you try on a WALK-OVER Oxford you are impressed by the fact that while it fits snugly, it does not bind. When you have worn the shoes for a week you are amazed at the comfort they give you. When you have worn them for months you realize the reason for the reputation of WALK-OVER shoes. Prices \$3.50 and \$4.00.
