Mrs. Joseph Broadhead, of Seaview, N. J., visited her daughter, Mrs. John Lyons, at Rathmel last week and is visiting her sister-in-law, Mrs. G. G. Sprague, in Reynoldsville this week.

**MINERS' STRIKE ALMOST OVER.**

Final Conference of Miners and Operators of District No. 2 is in Session at Clearfield To-day.

**STRUGGLE HAS LASTED SINCE FIRST OF APRIL.**

Under the Terms the Miners get Increase in Pay and a Compromise was made on Checkweighmen Question.

A joint conference of representatives of United Mine Workers of America and the bituminous coal operators of Central Pennsylvania was held in Philadelphia July 10th, when they agreed upon a settlement of the difficulties between the miners and operators. Another conference was held in Harrisburg on 13th inst. and the miners' representatives and coal operators signed an agreement for two years. A convention of the United Mine Workers of No. 2 district was held at Clearfield yesterday to act upon the agreement made between the miners' representatives and the operators at Harrisburg last Friday, but the convention held an all afternoon session and adjourned to meet at 9.00 a. m. to-day without ratifying the action of their representatives. The agreement signed by United Mine Workers representatives and operators is as follows:

First—Pick mining, per gross ton 66 cents; per net ton 58.85 cents; machine loading shall be five-ninths of the pick price, plus one-half cent and cutting and scraping, whether by the ton, day or task, will be advanced 6.45 per cent above the price paid in 1905.

All other day wages and monthly men, both inside and outside the mines, and all dead work and yardage shall be advanced 5.85 per cent above the rates paid during the scale year ending March 31, 1906, except mechanics and skilled laborers, who shall be paid such prices as shall be mutually agreed upon between the undersigned and the mechanic employed.

Coke men to receive an advance of 5.85 per cent over the rates paid during the scale year of 1905.

Second—Eight hours of actual work at place of work shall constitute a day's work for all labor inside the mines except pumpmen and monthly men, who shall work the number of hours required. It is understood and agreed however that the trip-riders, motor-men and cagers shall work the extra time required to clean up and deliver outside all coal gathered from working places through the side tracks within the eight hours of actual work and shall be paid for such extra time of work at the rates per hour herein agreed upon. All outside labor to work the number of hours required and to be paid as per rates specified.

Third—There is to be no change of working conditions and customs under this scale from such conditions and customs as have applied at this mine, and have been in practice thereat during the scale year ending March 31, 1906.

In addition to the adoption of the scale the following agreement was entered into for machine loading:

That during the term of this agreement it is agreed that the price of machine loadings shall be 37.9 cents per gross ton, or 33.6 cents per net ton.

The other provisions are:

"Any regularly employed miner may, at his option, authorize deductions from coal mined, for use of a checkweighmen's fund, such amount of coal as he may elect to subscribe, provided such authority is duly executed in writing by each individual miner, and such authorization releases the company from all liability from account thereof. There shall be no collection by the company from day labor working in the mines or outside. The collection of coal for checkweighmen's fund shall be collected from sheets on tipples.

The right to hire and discharge, the management of the mine and the direction of the working force are vested exclusively in the operator and the United Mine Workers of America shall not abridge that right. It is not the intention of this provision to encourage the discharge of employes or the refusal of employment to applicants because of personal prejudice or activity in matters affecting the United Mine Workers of America.

Should differences arise under this agreement between the employes or employers touching the proper interpretation of any of its provisions, there shall be no suspension of work on ac-

count thereof, but an earnest effort to settle such differences shall be made, first through the local management at the mines and the mine committee, and falling in this, the matter shall, second, be presented to the general manager or owner and the district officers of the United Mine Workers of America; and if settlement is not reached with said general manager or owner and district officers, the question shall then, third, be referred to a permanent board of arbitrators, consisting of two miners or their representatives, and two operators or their representatives, they jointly failing to agree shall appoint an umpire, who shall be neither a miner nor an operator, but whose decision shall be final in the interpretation of the question under this agreement.

**Twenty Year Battle.**

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve; which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for old Ulcers, Cuts, Burns and Wounds. 25c at Stoke & Feicht Drug Co., druggists, of Reynoldsville and Sykesville.

**Quality and Excellence.**

The Prizer Stoves and Ranges are an evidence of leadership in style and construction. They contain all the latest ideas, and will please the house-keeper who desires the best results in baking and cooking. High in quality—moderate in price. Sold, guaranteed and recommended by Reynoldsville Hardware Co.

**The Stars Were Once Human Eyes.**

The most remarkable belief or superstition concerning the human eye is one that is current in Australia. Among the natives of that country it is the general belief that the left eye of every chief becomes a star the moment the chief in question is done with. The sun, they say, is the eye of the "greater god" and the moon the eye of the "lesser god." All the stars were once the left optics of human beings of high rank. Slung, a celebrated chief, once ate the eye of a valiant chief, thinking thereby to increase the brilliancy of his own "eye star." But the eye burned through Shung's belly and killed him, whereupon his own left eye became joined to the one he had eaten, and the two may now be seen as a beautiful double star lying just to the east of the Southern Cross.

**Liquid Corn.**

An easterner was prospecting in the north Georgia mountains when he came on a native apparently clinging to the side of a steep hill tilling corn.

The prospector stopped for a chat, and the mountaineer, nothing loath for a rest in the shade from his fatiguing toil, was agreeable.

"Say, friend, how in the world do you get the corn down off that hillside after it is ready for harvest?" asked the stranger.

"In jugs," was the laconic and probably truthful reply.—Atlanta Georgian.

**Seals Learning to Swim.**

Young seals do not know how to swim. They have to become gradually accustomed to the water either by entering it to paddle about by themselves or by being carried into it in their mothers' jaws. They have great fear of the waves that break into foam, and as soon as they see one approaching take to flight in terror and do not turn round until they have ascended to a very high place above the sea.

**It Happens.**

"You are a very successful prophet," we said. "Will you tell us the secret of your success?"

"Certainly," the sage replied in a kindly tone. "As it is always the unexpected that happens, I merely prophesy the unexpected."—American Spectator.

**Fore-sight.**

Winebiddle—I hear that you dictated to your new typewriter an impassioned love letter to another girl. Glidersleeve—Yes, it was a fictitious sweetheart. I wanted to nip in the bud any designs she might have on me in a matrimonial way.—London Mail.

**RAYMOND E. BROWN,**  
ATTORNEY AT LAW,  
BROOKVILLE, PA.

No. 838L  
**Currency Department**  
OFFICE OF  
**Comptroller of the Currency**

Washington, D. C., June 12, 1906.  
WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "The Citizens National Bank of Reynoldsville," in the town of Reynoldsville in the county of Jefferson and State of Pennsylvania, has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking;  
NOW THEREFORE I, William B. Ridgely, Comptroller of the Currency, do hereby certify that "The Citizens National Bank of Reynoldsville," in the town of Reynoldsville, in the county of Jefferson, and State of Pennsylvania, is authorized to commence the business of banking as provided in Section Fifty one hundred and sixty-nine of the Revised Statutes of the United States.  
In testimony whereof, witness my hand and seal of office this twelfth day of June, 1906.  
W. B. RIDGELY,  
Comptroller of the Currency.

**The Peoples National Bank**

"Men," says Fielding, "do not become rich by what they get, but by what they keep." Our savings department is helping a lot of people to keep.
