

Selfishness Great Trouble Producer.

If there were no family "jars," no disobedient and ungrateful sons and daughters, no human venoms to slander and backbite, no church quarrels, no drunken husbands and fathers, no labor troubles, and everything in townships, boroughs, cities, counties, state and nation run along smoothly, without contention and strife, the millennium would be ushered in immediately. But alack, alack! Things are not thus. Family quarrels occur, people do not hesitate to besmirch the fair name of their neighbors by slanderous and false insinuations, husbands get drunk and fail to provide for wife and children, the township, borough, county, state, and national officials fail to please all the people all the time, and the officials in turn frequently get their sweet dispositions ruffled by the actions of their constituents, &c., &c., and there is so much contention, dissatisfaction and competition in the world that occasionally persons try to escape it all by the suicidal route, and "jump out of the frying pan into the fire." One great cause for all this unrest, unhappiness, strife and contention is selfishness, pure unadulterated selfishness. If everybody would take the golden rule as their motto and live it, we would hear less complaints and there would be more happiness in this fair land of ours. But selfishness predominates in so many lives that occasionally even people with happy and sunny disposition will, for a short time, be affected by this great evil. We are not a pessimist and do not take the pessimistic view of life, nevertheless there are many lives blighted and much unhappiness in the world that is the result of selfishness on the part of somebody.

The New Naturalization Law.

Under the provisions of the naturalization law passed at the recent session of Congress no alien can be admitted to citizenship who cannot speak the English language, unless he be a homesteader. The law further provides that "no person who disbelieves in or who is opposed to organized government, or who is a member of or affiliated with any organization entertaining and teaching such disbelief in or opposition to organized government, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States, or of any other organized government, because of his or their official character, or who is a polygamist, shall be naturalized or be made a citizen of the United States."

A person who knowingly procures naturalization in violation of the provisions of the act or "any person who knowingly aids, advises or encourages any person not entitled thereto to apply for or to secure naturalization, or to file the preliminary papers declaring an intent to become a citizen of the United States, or who in any naturalization proceeding knowingly procures or gives false testimony as to any material fact required to be proved in such proceeding, shall be fined not more than five thousand dollars, or imprisoned not more than five years, or both."

Harvest Home Picnic and Carnival.

It has been decided by the Nolan Park Association, with headquarters at Clarion, Pa., to hold a Grand Harvest Home Picnic and Carnival at Nolan Park on the P., S. & C. R. R., on August 15, 16, 17 and 18, 1906, and the present prospects are that the affair will be a great success. The management are arranging for daily balloon ascensions, trained animal show, miniature railway, and other first class attractions, and base ball games between Brookville, Clarion and other first class teams have also been arranged. Luna Park and Dream City Park, at Pittsburgh, Pa., have arranged to furnish special attractions for this event, and no expense is going to be spared to make it a decided success. Excursion rates and trains are going to be arranged on the P. R. R. and P. S. & C. railroad, and the management are expecting a daily attendance of from ten to fifteen thousand people. This is the only park of this kind in the immediate vicinity, and this picnic and carnival affords not only the people in the towns, but also the farming community as well, a fine opportunity for an outing at the close of the harvest season.

A very interesting series of lectures during the week of July 29 to August 3 at Chautauqua, New York, will be presented by Mr. John Graham Brooks, the president of the National Consumers' League and widely known as a student of American sociology and history. The course is entitled "Politics and Progress," and is a progressive study in American institutions as they have been affected by criticism from France, England and Germany. Mr. Brooks violates his practice of protecting his summers by coming to Chautauqua for this single series.

Will Pay Death Benefits.

The American Tobacco Company, which is the largest tobacco company in the world, has issued a formal notice to its great army of employes located in every state in the Union that hereafter it will pay a death benefit to the beneficiary of any person in its service who draws not more than \$50 a week in wages. This notice affects about 150,000 men and women.

Upon proof of the death of any person in the employment of the company who shall have been continuously in its service for at least one year preceding his or her death, and whose wages do not at that date exceed \$50 per week, the American Tobacco Company will donate in cash to the person finally designated by such employe a sum of money equal to the wages paid to such dead employe by this Company during the last year of his or her life, not exceeding, however, in any case, the sum of \$500.

Compulsory Vaccination.

In order to give time for vaccination before the opening of the next term of school, Dr. W. W. Matson, Inspector State Board of Health for Jefferson county, requests that we remind the parents in the county of the law that makes it necessary for children to be vaccinated before they can lawfully be admitted to the public schools.

Some people are of the opinion that vaccination is of no consequence, but the influence of vaccination and re-vaccination is shown from the following figures taken from a study of the statistics of an epidemic occurring in Sheffield, England:

Rates of attack per 1000 persons: Persons not vaccinated 94; persons once vaccinated 19; persons twice vaccinated 3.

Death rates per 1000 persons: Persons not vaccinated 57; persons once vaccinated 1; persons twice vaccinated 0.08.

Strange Attachments.

Some time since we made notice of a strange attachment which existed between a tabby cat belonging to R. M. Matson and a brood of motherless chicks, which the cat had taken under her care. Mr. W. D. Knapp, of Pine creek township, now comes forward with a counter case in which an old hen has undertaken the care of a brood of kittens. Mr. Knapp does not know whether the hen is endeavoring to repay the kindness done her kind by Mr. Matson's tabby or not, but she is busily engaged at taking care of her fuzzy brood. Mr. Matson's cat abandoned her chicks some time since, and the chicks, never having been taught to roost, squat on the floor like kittens when darkness comes.—Brookville Republican.

Important Interpretation.

According to State Superintendent Shaffer's interpretation of the school law, any township that does not have a high school must pay the tuition of scholars who have passed the district school and wish to enter a high school, even if the high school is in another county. If a township has a high school it does not have to pay tuition for scholars who wish to go to other schools, even though such schools offer a more advanced curriculum which the student wishes to take advantage of.—Big Run Tribune.

Walk-Over Shoe for Men.

Oxfords will give you more genuine foot comfort than any other make of shoes you ever wore. It's not an accident, but the result of careful and expert study, coupled with the liberal expenditure of money. To make an Oxford shoe which WILL NOT CHAFE the heel, and which will not spread at the ankle, it is necessary to have an entirely separate factory equipment. This costs money but the results warrant the outlay.

When you try on a WALK-OVER Oxford you are impressed by the fact that while it fits snugly, it does not bind. When you have worn the shoes for a week you are amazed at the comfort they give you. When you have worn them for months you realize the reason for the reputation of WALK-OVER shoes. Prices \$3.50 and \$4.00.
