GOOD NEWS FOR LOVERS OF THE WEED.

Popular Drug Store to Co-operate with National Cigar Stands Co. in Sale of Tobacco Products.

The opening of the National Cigar Stand in Stoke & Feicht Drug Co.'s store in Reynoldsville will be an event of unusual interest to smokers. It will be the first opportunity for the smokers of Reynoldsville to test the benefits derived from the great union of 2,000 cigar stands under the National Cigar Stands Company's emblem.

The stand itself will prove as much of a revelation to smokers and dealers as will the price-reducing methods of this great concern. For beauty and utility in preserving cigars the stand in Stoke & Feicht Drug Co.'s store is indeed unique.

The National Cigar Stands Company was formed by some 2,000 American Druggists who wished to combine the purchasing power of their cigar stands into one powerful market-controlling concern. Through the company, these druggists can buy in such vast quantities that they control their own factories, produce their own brands and bring cigars direct from factory to smoker at prices closer to the actual cost of production than has ever been known.

By delivering cigars direct from producer to smoker the National Cigar Stands Company eliminates from their cigar prices four profits, that ordinarily go to middlemen and jobbers. This saving is given to the smoker in the form of lower prices on equal cigars or in better values for the same price.

By producing in enormous quantities, eliminating the jobber's profits and selling direct, with little expense for rent and no expense for extra clerk hire, it is not surprising that National Cigar Stands are able to give to smokers cigars of the usual 3-for-25c quality for 5c; ten cent cigars at 6c; and so on, up to the very finest class of imported Havanas.

Why We Don't.

We were asked this week by a delinquent subscriber why we kept on sending the paper after the subscription date had expired. Every weekly newspaper in towns of this size are forced to do this. Should we stop subscriptions when time expires nine times out of ten the subscriber would give us a "calling down" for insinuating that his credit was not good. Rather than to cast a reflection against the honesty of a subscriber to pay a small debt, it is next to a necessity for a home paper to continue sending the paper after the time has expired. It is not necessary for the city dailies and weeklies to follow this rule, as their subscribers live at a distance and are not personal friends as is the case with a number of our subscribers. Our subscribers should deem it an honor to know that we do not doubt their integrity and continue to send them the paper after their time has expired.—New Bethlehem Leader.

LET'S GET ACTIVE.

Live Board of Trade or Commercial Club Badly Needed.

At present time Reynoldsville is very much in need of a live board of trade or commercial club, in fact we must have some kind of a live organization, be it called board of trade or some other name, or our town will not progress as it should do. Every now and again we hear of some industry that is looking for just such a location as Reynoldsville can give, a splendid free site, cheap fuel, good railroad facilities, and other advantages, but we do not have a board of trade to take up the matter and some other town gets the industries. The town papers have from time to time urged upon the people the importance of getting industries to locate here, but the newspapers are not a board of trade, they do not have free lands or money at their disposal with which to draw industries to Reynoldsville. However, the newspapers can and will lend their support to any movement looking towards the promotion of commercial enterprise, but a board of trade with every interested citizen, at least every business man, a member of the same, is the right way to go after these enterprises. We must be active if we land industries in our midst, and if we go after them in earnest we will get some of them. Try it.

Better Cigar Values at Lower Prices Than Ever Sold Before

A Direct-dealing Plan That Cuts Out Four Profits and Much Expense

Here's An Example

of the way the National Cigar Stands save the smoker money

Here's a full, plump Perfecto, made by hand of selected seed-and-Havana leaf. It is just such a cigar as is sold in the average cigar store at 8 for 25 cents; a fragrant, mild, smooth combination that pleases more smokers than any other class of cigars known to the trade. This is its name and label—both will be famous:

Its price, (in Perfecto or Bouquet size) is FIVE CENTS STRAIGHT

This 8 for 25-cent quality at 5 cents is a good example of the result reached by this combination of 2,000 drug store cigar stands into a single, compact, powerful buying concern. It cuts out profits and expenses that have heretofore nearly doubled the cost of cigars. National Cigar Stands now give the same qualities often at half what they used to cost, always for less.

- Stirling Castle: a fine clear Havana cigar of usual 10 cents quality.....6c
- Lord Carver: highest type of popular Havana-filled, Sumatra-wrapped cigar, the best ever sold at.....3 for 25c
- Adad: a first-class domestic cigar, presenting superior workmanship.....7 for 25c
- Cuba-Roma: rich, choice Cuban-grown leaf, quality seldom seen at 8 for 25 cents.....5c
- La Idalia: splendid clear Havana, of perfect workmanship.....3 for 25c
- Flor de Madrid: very choice quality of clear Havana in fine sizes. 17 shapes, as a sample of which take the Perfecto Grande, a 3 for 50-cent cigar at.....2 for 25c
- El Carvajal: superb imported Havana line, finest tobacco and workmanship to be had at any price. Nine sizes. Note especially the Panetela chica.....10c
