provided with an abundant flow of hot and cold running water.

It is very pleasant and convenient to arise in the morning and have at your touch a proper place for making the toilet, without having to partially dress in order to reach the bathroom—possibly to find it already occupied.

If you can possibly arrange space for a "Standard" Lavatory in your room, the cost will not compare with the resulting comforts.

We have sample one-piece "Standard" Lavatories in our showroom and respectfully invite you to examine them.
