Your Own Examination

When you do come in to look at CLOTHCRAFT garments let your examination be as close and careful as you can make it.

CLOTHCRAFT Clothes will stand it. Behind every garment there is experience gained in fifty years of making the best.

CLOTHCRAFT Clothes represent the latest—the accepted style. They have the cut which will secure you a perfect, comfortable fit. The coats have the close collar, the smoothly setting lapels, the concaved shoulders, which always distinguish CLOTHCRAFT cut and make. And the real goodness isn't merely pressed in,—it is built in—tailored in—to stay.

CLOTHCRAFT makers have preached—and practiced—the ALL-WOOL doctrine always. Nothing is good enough—except wool—for Clothcraft.

Your examination will show you pleasing prices, also.

Will you examine to-day—now—while the assortment of fabrics and patterns is complete?

EVERY FARMER WANTS IT

Rust destroys more farm machinery than does wear. 6-5-4 kills rust, dissolves it, just as water does salt. Get a 25c can of 6-5-4 and save your farm machinery. Any child can apply it; no hard work; goes on like paint, only easier, and dries in 15 minutes, leaving a fine, elastic film.

6-5-4 is not a paint; it does not cover the rust but, chemically dissolves it and then is absorbed by the iron which is thus made rust proof. 6-5-4 is very thin and runs into the cracks where the brush cannot go. Be sure and get 6-5-4 it is just as good for stoves, stove pipes and wire screens as it is for machinery. If your dealer hasn't it Bing-Stoke Co. has.
