There was less devilishness done in Reynoldsville on Hallowe'en this year than there has been for many years. The past two years the young people have paid more attention to dressing in grotesque costumes and parading the streets than they did in previous years and that occupies their time, so they don't have time to destroy property and do outlandish things. They get more real fun and enjoyment out of street parading in costumes than they did in committing deeds of destruction.

The address given in the Presbyterian church last Thursday evening by Mr. Hans P. Freece on the mormon question was well attended and very much appreciated. Mr. Freece is very familiar with the teachings and practices of the mormon people, having been born of mormon parents himself. He is a pleasing speaker and presented some facts worth considering. The fact that the mormon church grows about three times as fast as any other church in America is worthy of serious study. Their zeal in propagating their faith must be arrested or the American home will soon be jeopardized.

The ladies were not called on this time to prepare or serve the lunch.

After lunch Rev. C. W. Miner, pastor of the Punxsutawney M. E. church, preached an able sermon to the members of the Brotherhood. His subject was, "Is Man Better than Gold?" His text was taken from Isaiah 13-12: "I will make a man more precious than fine gold; even a man than the golden wedge of Ophir." Those who attended this monthly meeting had a pleasant time and were well pleased with Rev. Miner's sermon.

The opening of the new Union Depot Friday evening, Nov. 9, will be one of the events of the season. Everybody should be there to see the "keers" and greet his friends. General admission 35 cents; reserved seats 50 cents.

## Hallowe'en Party.

Thursday evening of last week the wives of the members of the Chic-Corn Club gave their husbands a chicken dinner and Hallowe'en party at the home of Dr. and Mrs. John H. Murray. It was the most enjoyable social event of the season, according to reports. The house was decorated and illuminated with flags, Japanese lanterns and jack-o-lanterns. The men were received at the door by a ghostified looking figure that pointed up, but said not a word. At the head of the stairs two white figures escorted the male guests to a room where they donned masks.

Everybody wore masks. The ladies had large numbers pinned on them and each man selected his partner for dinner by number, not knowing whom he was getting. At the tables everybody unmasked.

On the third floor the ladies had fixed up a midway which afforded considerable amusement. The two leading attractions were the "Mystic Curtain" and "Zoo Zoo." Various games were played during the evening.

A prize of an apple pie was offered to the man who could bite an apple suspended on a string. J. W. Gillespie won the pie and ate it for breakfast Friday morning. There were 36 persons at the party.

## Funny Scenes at Union Depot.

The ladies of the Presbyterian church will give a real up-to-date Union Depot in the Reynolds opera house on Friday evening, November 9. This will be a genuine union depot with all the funny scenes and situations one is apt to see in the union depot in Chicago or any other city. The stage will be made up with its benches, slot machines, ticket windows, baggage room, lunch counter, train caller, ticket seller, newsboys, matron and scrub women. But the real interesting and amusing features will be the passengers with their crinolines, hand boxes, bird cages and carpet bags. There will be old Uncle Josh Hayseed and his good wife Sarah about to take the "keers" to visit their daughter Mary Ann, who lives in New York city and puts on airs. There will be the long faced deacon preaching several real sermons to the worldly passengers. There will be the woman abandoning her baby by thrusting it into the arms of a dignified gentleman and disappearing suddenly into the crowd. There will be Mrs. Buttinsky, Carry Nation, and indeed, everybody and every character you can think of. General admission 35 cents; reserved seats 50 cents; children 25 cent.

## Installed Gas Engine.

Lucas & Deble, plumbers, have installed a three horse power Fowler gas engine in their shop. We run a two and one-half horse power Fowler gas engine in THE STAR office almost six years, but the past summer we put in a folder, making our machinery most too heavy for the little engine, and we replaced it with a five-horse power engine of the same make. During the six years we did not spend \$5.00 on the engine for repairs. The Fowler is an excellent engine. It is claimed to be the simplest constructed, easiest handled and smallest gas consumer on the market to-day. Any person thinking of buying a gas engine and wanting to see the Fowler engine, run can see the one in THE STAR office.
