The mothers of this town who are responsible for the girls who gad the streets should stop and think what they are doing. These girls are no longer children. They are at the impressionable age. Where will you have their impression come from—from the riff of the street or from home? It is for the mothers of this town to settle the question.—Big Run Tribune.

Peter Deegan, of this place, a conductor on the Jefferson Traction Co. line between Reynoldsville and Punxsutawney, has resigned his position and will move to Duluth, Minn. No man ever gets so old that he can afford to be ashamed of the natural love he holds for his mother. Some young men, who have just sprouted up from boys, appear to think that there is a great disgrace in showing a loving tenderness for their mother in public. There can be nothing vouch so thoroughly for the proper training of a man as the fact that he still loves his old mother and is not ashamed of it.—Big Run Tribune.

Funny Burlesque. The entertainment given in the Reynolds opera house last Friday evening under the auspices of the ladies of the Presbyterian church, called the "Union Depot," was full of amusing and interesting incidents, which if we attempted to describe would make a long story. There was no plot to the play, it was a reproduction of funny incidents that occur at large union depots in the cities. It was a home talent play and some of the characters are deserving of special mention, but we will not make special mention of those who helped to make fun for the large audience. Everybody did nicely. There were 60 people in the play. The opera house was packed, people were turned away because they could not even get standing room.

MURDER AT BIG SOLDIER. Jim Polona Killed Salvatore Pettinato and Escaped.

Sunday afternoon another murder occurred at No. 136 boarding house at Big Soldier, where an Italian was killed less than two years ago. Jim Polona boarded at 136 and Salvatore called at the boarding house and said he wanted to see Jim alone. They went up stairs to Jim's room and what took place between them is not known. After while Jim Polona came down stairs alone and in a few minutes went out of the boarding house. When Salvatore did not come down stairs in a reasonable length of time, some person went up stairs to look for him and found him lying on the floor dead with two bullet holes in his body. Both shots struck him in the back, just below the right shoulder blade and were taken out near the left breast.

It is claimed that Salvatore had been annoying Jim to get him to join the Black Hand Society, which he persistently refused to join, and that Salvatore had requested Jim to go up stairs Sunday afternoon with him for the purpose of insisting that he join the society.

County Coroner Kyle was at Soldier yesterday morning to view the body and get some information in the case, but he did not hold an inquest. Hughes & Fleming, undertakers of Reynoldsville, buried Salvatore in the Big Soldier cemetery yesterday forenoon. He is survived by a wife.

The murderer skipped out and has not been apprehended yet. Monday afternoon five members of the State Constabulary got after a man at Wishaw whom they thought was the murderer, but he managed to slip onto the trolley for Reynoldsville and came to town. A telephone message was sent to Chief of Police Adelsperger and the constabulary made a wild ride into Reynoldsville after the trolley and got here a few minutes after the trolley arrived, but Chief Adelsperger had the supposed murderer in the lock-up when the state officers got here. He was not the man who killed Salvatore.

The regular meeting of the town council was held Tuesday evening, Nov. 6, with President J. B. Neale in the chair. Members present: J. V. Young, F. S. Hoffman, Jacob Delbie, C. M. Dinger and Dr. Neale. On motion the president and clerk were instructed to make application to the state department for permission to empty sewer in Soldier Run on Bradford street.

On motion the light committee was instructed to have an arc light placed at corner of Jackson and Eighth streets.

Tax Collector William Copping reported \$224.94 taxes collected since last meeting.

Bills and interest amounting to \$873.94 was ordered paid.

On motion the street committee was instructed to enforce the construction of sidewalks.

On motion the street committee was authorized to hire a competent man to build sidewalks at such compensation as approved by the street committee.

United We Stand. No town will become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to town. Too often the men in few lines of trade are about the only ones that reach out after customers. Other merchants wait until these men induce the people to come to town and content themselves with the trade that naturally drifts to their place. A public spirited man should ask himself if he is doing his part to attract people to come to town to trade in helping the entire business community, and no town is a success unless all lines are working to extend the trade as far as possible and trying to bring a large territory in the circle in which the town is the business center.

Cleaning and Pressing Works. F. G. Corbett, who has had city experience in this line of work, has opened a cleaning and pressing shop in Froehlich's tailor shop, near Centennial hall. Mr. Corbett will clean men's suits and neckties, ladies furs and hats, portieres, piano covers, household draperies, &c. Work will be done in first-class shape or money refunded. Mr. Corbett asks for a trial piece of work and he will convince you that he can do satisfactory work.

THE NEW PLAY HOUSE. Opened To-Night With "The Rollicking Girl."—Theatre Not Completed.

The Park Theatre, erected in the Reynolds Park by the Reynoldsville Amusement Company, under the management of John W. Dawson, will be opened to-night with "The Rollicking Girl," a first-class company, the largest company that ever played in Reynoldsville. When "The Rollicking Girl" Co. was booked for Reynoldsville, on a large guarantee, it was expected that the building would be completed by the 14th of this month, but there were some unavoidable delays and the building is not entirely completed and will not show off to good advantage the opening night, but it will be completed as soon as possible.

The Park Theatre is 60 x 97 feet, main auditorium 60 x 70 feet, with gallery around entire auditorium. There are four boxes large enough for six persons in each box. The stage is 27 x 60 feet from wall to wall, but the stage proper is 27 x 33 feet. The height for running up the scenery is fifty-four feet from stage floor to gridiron and there are four feet above gridiron for working ropes. The drop curtain is 27 x 33 feet. There is a ten foot box office at front entrance. The theatre will be seated with chairs. Seating capacity 1000. Steam heat and electric lights. There are three exits from auditorium and two from gallery. The dressing room, toilet and bath room are under the stage.

The chairs can be removed from auditorium and will give space of 40 x 60 feet for playing basket ball and spectators can have seats in gallery or on stage and will be entirely out of the way of the players.

The Park Theatre gives Reynoldsville a play house about as large as any of the opera houses in towns of this section of the state, and Mr. Dawson, the manager, expects to give the theatre-going public of this section good shows, just as good as can be secured for towns in this section of Pennsylvania.

Reduction in Fares by B. & P. Ry. On November 1st, local one way passenger fares on the Buffalo, Rochester & Pittsburg Ry., were reduced to two and one half cents per mile. While the previous local ticket rate was three cents per mile, this company has had on sale for many years and will continue to sell 1000 mile tickets at \$20.00. As these mileage tickets are valid for any number of persons, unlimited as to time of use, and good on several connecting lines, a large percentage of travelers on the B. & P. take advantage of the opportunity to secure a rate of two cents per mile by purchasing mileage books.

PROF. SCOTT INTERVIEWED. He States Some Facts That Every Parent Should Consider Carefully.

One day last week Prof. C. J. Scott, superintendent of the public schools of this borough, in conversation with a representative of THE STAR about the schools, said:

"It is very urgent that the parents co-operate with teachers in at least three things.

"First: In giving careful attention to monthly reports. Every pupil of our schools receives a carefully made out report of his or her preceding month's work. These reports are the result of several days of conscientious work on the part of the teachers and merit more than a cursory glance by the parent. If the monthly average is less than 80 per cent or any one study is given a grade of 65 per cent or less, this report is unsatisfactory to us. The parent should also note carefully the grade given for conduct or application. Every pupil was given his report book on Friday, Nov. 9th, for his second month's work.

Second: Parents should co-operate with teachers in securing some home study evenings. Every pupil above the primary schools should do some studying at home, especially so with the grammar schools and high schools. The cause of failure in many instances in the higher grades is due to lack of home study.

"Third: Another very important thing for parents' consideration is punctuality and regularity of attendance. No pupil can succeed in his work if irregular in attendance. Many a pupils' school life and, hence, his future life, is an utter failure from this cause. Pupils are often permitted and even asked, to remain away from school on trivial excuses. The pupil gets behind his class, falls, becomes discouraged and leaves school or at his best remains and derives but little benefit from his work. Every parent is urged to see that his boy or girl is rarely or never tardy or absent."

Prof. do you know that a number of pupils are on the streets at night?

"Yes, and parents are urged to guard their boys and girls against the destructive influences of street associations, and to realize that if a boy uses tobacco his school work will suffer."

Every parent should have a talk with the teacher and principal about their boy's or girl's school work, especially so if there is the least dissatisfaction.

Visited Punxsy Aid Society.

The parlors of the First Baptist church were the scene last evening of an extremely interesting and pleasant gathering, the occasion being the entertainment of the members of the Ladies' Aid Society of the Reynoldsville Baptist church by the Ladies' Aid Society of the local church.

The company, including about twenty ladies of the Reynoldsville church, chaperoned by Dr. A. J. Meek, Dr. B. E. Hoover and William C. Murray, were received by the President of the local society, Mrs. George C. Brown, assisted by the pastor's wife, Mrs. C. H. Fitzwilliam, and were at once welcomed to the beautiful church home.

After the routine business of the evening had been concluded, the entertainment committee, of which Mrs. Anna Young is the chairman, served a sumptuous lunch, which was voted "splendid" by all present.

The visiting friends were then escorted by the pastor, Rev. Charles H. Fitzwilliam, through the new edifice, after which they left on the 10:20 o'clock car for home, declaring that they had spent one of the most enjoyable evenings of their lives.—Punxsutawney Spirit Nov. 9.

The following Reynoldsville ladies composed the party: Mrs. B. E. Hoover, Mrs. A. J. Meek, Mrs. W. C. Murray, Mrs. Anna Young, Mrs. H. E. Phillips, Mrs. Anna Hendricks, Mrs. Cora Mitchell, Mrs. A. H. Bowser, Mrs. John McPherson, Mrs. J. R. Milliren, Mrs. W. C. Mealing, Mrs. A. M. Woodward, Mrs. G. G. Williams, Mrs. Tompkins, Mrs. R. H.
