

# DANDRUFF

Is your hair coming out by great combful? Every combful causing a pang of fear for the future.

Does a white trail of dandruff sift over shoulders?

One bald spot has already appeared. You manage to hide it, but it is spreading rapidly.

Is the hair you have left turning gray or fading and makes you look old and homely when you are still young?

Have you tried many restoratives that gummed your hair into a sticky mass—but accomplished nothing else?

Then Rexall "93" Hair Tonic is the remedy you need.

Rexall "93" Hair Tonic is wholly free from grease or sediment, and will neither gum the hair nor soil the clothing or pillows. It is clear and clean.

Rexall "93" Hair Tonic stops falling hair and permanently banishes dandruff.

It does this by destroying the cause—the *microbes*.

Rexall "93" Hair Tonic will quickly cover the bald spots with a vigorous growth of hair. We guarantee to grow hair on all heads where a spark of life remains in the roots and where the follicles have not grown over. It makes a delightful dressing, and keeps the scalp clean and healthy.

We sell a large bottle for fifty cents that we guarantee to do all we have claimed or refund your money.

## A REASON

The United Drug Company, manufacturers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. This is an age of specialities. You don't expect a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Sometimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail together and build the house. This is just what The United Drug Company is doing for you in the medicine line. They have cut down profits; they manufacture Rexall remedies for over 2,000 retail druggists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient.

Could The United Drug Company, of which we are a member, afford to make one poor medicine in this line? Does not common sense tell you that one poor medicine would ruin the sale of the other 199 preparations? If you bought a Rexall preparation and it didn't do for you what we claim it will, would you buy another one of our articles? We believe not. Therefore each preparation must be good—it is good. We who are in the drug business know the formulas of these Rexall preparations. We believe in them so implicitly that we stand back of them, with our guarantee to refund you your money if they do not benefit you.

## The Doctor Talks

Now, Mrs. Brown, I want to impress on you the necessity of giving your children nothing but food which you know to be pure.

What do you care most about in the way of meats? Oysters? Well, that's all right, provided they are Sealshipt, but I should not advise you to risk any other kind. But the Sealshipt oysters are protected from contamination. They are packed at the beds in a sealed enamel case, with the ice outside. That keeps them free from dirt and germs. The ice we use is not always above suspicion, and I should letting it touch any food.

"It's better to be sure than sorry," and with Sealshipt oysters you may be sure that you are getting absolutely pure food. They are easily digested, so let the children have them as they like.

But, remember, nothing but Sealshipt—you mustn't take chances with children's stomachs.
