GOOD HOME TALENT PLAY.

"Drummer Boy of Shiloh" Well Rendered Two Nights Last Week.

"The Drummer Boy of Shiloh" was presented at Park Theatre Friday and Saturday evenings last under auspices, and in a munner, deserving better patronage than was given it. The actors, with the exception of Fred B. Wigle, the manager, were local people and on both evenings the drama was presented without a hitch, speaking equally well for the ability of those participating and the trainer, Mr. Wigle The play has been witnessed too often by local people to need comment, further than that the spirit of loyalty and patriotism throughout makes it valuable as an inspiration to the present generation. No part of the entertainment was more keenly appreciated than the tableaux which closed each act. They were not only realistic and touching in conception, but startling in their vivid beauty. While we have thought best to make no individual mention of those participating ir the play, praise being due all alike, a word in appreciation of the one song, "The Vacant Chair," rendered in the last act, by Miss Mary Mc-Donald, is justified.

The Sons of Veterans, under whose auspices the play was given, wish to thank all who participated, or helped in any way to produce this play.

Who Has Served Longer?

The Sykesville Post-Dispatch correspondent from Troutville in speaking of the election in Troutville last week sald S. G. Kuntz was re-elected justice of the peace and if permitted to live to serve the term to which he was elected on the 19th inst., he will then bave served twenty-one years as justice of the peace. That is certainly a record as a justice, but we have a justice of the peace in Reynoldsville who can beat that record about ten years. 'Squire E. Neff, who was re-elected at this Feburary election, will have served twenty-five years when present term expires, and if permitted to live to serve the term for which he was elected last week, he will have served as a justice of the peace over thirty years. He has received six commissions and Paul Fergus, son of Mr. and Mrs. this next one will be the seventh commission. When 'Squire Neff was first elected a justice's commission expired in. March and when it was changed to May he was appointed to fill the office. from March to May.

Trolley Car and Engine Collided.

Trolley car No. 11, on Jefferson Traction Company line, which left Reynoldsville at 5.50 a. m. Friday for Punxsutawney, crashed into a dinky locomotive near Adrian and the front end of trolley was so badly damaged that a new end will have to be built in the car. Just south of Adrian the trolley line crosses a railroad, which, runs to the power house at Adrian, and as the trolley car was going down the grade at that point a dinky engine was: scooting along toward the power house... The motorman and engineer saw each other in time to stop had the brakes. worked properly. The motorman claims the air brakes falled to work and the engineer claimed that he did not have sand for the rail and could not stop the dinky. No one was injured, but it is miraculous how the engineer escaped.
