FARMERS' INSTITUTE.
 Held in Horntown Grange Hall Two Days Last Week.

The second farmers' institute held at Horntown Grange Hall was called to order by the local chairman, K. B. Deemer, Tuesday afternoon, February 26th. Meeting was opened by singing.

The state speakers did not arrive as billed and the afternoon was spent in discussing a number of topics by local talent. Among these were, "The Necessity of Education for the Farmer," "How to Realize 100 per cent on the Farm" and "Marketing of Farm Produce."

Recitation, "O'Grady's Goat," by K. B. Deemer. Question box conducted by William Moore.

The evening session was opened by vocal and instrumental music.

Recitations by Miss Ica Bossard and Master John Moore. Ladies' Quartette filled in the time very entertainingly until state speakers arrived. While they were warming up a question box was conducted.

"Butter Making on the Farm" was then taken up by S. F. Barber, of Dauphin county. He first gave his early experience as a butter maker on the farm, very much as we are doing here now. Anyone having six or more cows should have the Babcock test, a cream separator, a concussion churn, Jersey or Guernsey cows for butter, and feed a balanced ration. They should also have a butter press which will press the initials or some mark that cannot be counterfeited. Then produce a gilt edged article and make your own price.

John W. Cox, of New Wilmington, Lawrence county, gave a very good talk on "A Practical Education for the Farmer."

Recitation by Miss Alice Carey Carr. Followed by discussion on "Care of Stable Manure" by S. F. Barber.

Wednesday morning session was opened by singing.

"The Most Profitable Way of Raising Potatoes," was discussed by John W. Cox. Preparation of soil, plowing, harrowing, planting with planter, using harrow for keeping down weeds until tops are up, then using weeder and cultivator until tops are too large to get through. Begin spraying with Bordeaux mixture when tops are from four to six inches high. Use digger and low wheeled wagon with platform large enough to hold 44 crates when harvesting.

"Care and Feeding of Live Stock," by S. F. Barber.

"The San Jose Scale," by John W. Cox.

After partaking of a sumptuous basket dinner, the afternoon session opened by S. F. Barber's discussion of "Seeding of Grass." To procure best crop do not be afraid to seed alone. Plow ground three inches deep, prepare it very well and seed after wheat or other crops. Procure best of seed and have it tested by agricultural department. Use plenty of seed per acre, from 15 to 18 quarts.

Isaac Miller, of Reynoldsville, gave an interesting talk on "Bee Keeping." Address by county chairman.

"Raising and Care of Poultry," by John W. Cox.

"How to Charm the Bee," by Mr. Miller.

Instrumental music and adjournment. FRED A. MOORE, Secretary.

Is Your Boy or Girl Thin or Nervous?

Parents do not seem to realize the great importance of curing nervousness in their children. They call in a doctor for a cough or a cold, but nervousness does not strike them as being serious enough. It is. A thin, nervous child rarely develops into a strong, healthy man or woman. More often nervous conditions become chronic and the child becomes a life-long, delicate, nervous invalid.

You can positively cure nervousness in your child with

Rexall
Americianitis Elixir

This remarkable remedy supplies phosphorus in soluble form to the body, tones and quiets the nerves and brings them to a normal, permanently healthy condition. The first bottle will convince you of the genuine merit of this remedy. Your duty to your child should urge you to try it.

75 Cents Per Bottle

THE **Rexall** STORE

THE FAIRNESS OF THIS Rexall GUARANTEE will appeal to every parent. If Americianitis does not benefit your child, just bring us back your empty bottle and tell us, and we'll promptly hand you back your money. That shows our confidence in this remedy. There's nothing dangerous about Americianitis. We'll give you the entire formula upon request.

WILL NOT BE CRIPPLED TREATMENT SUCCESSFUL

The Maddening Disease, Rheumatism, Easily Cured With URIC-O.

It might interest Rheumatic sufferers of this country to learn the wonderful work that Uric-O is doing towards the relief and cure of this dreaded disease. Letters of praise are received daily from men and women who have used the remedy with the greatest success. The manufacturers of this wonderful Specific have never solicited a testimonial or a word of praise from people who have used the remedy. Yet, letters like the one given below are being received from both old and young.

Mr. Reuben Whipple, grocery clerk, of Glens Falls, N. Y., says:—I was laid up with severe form of Rheumatism, and was confined to my room for nine weeks. A sample bottle of Uric-O, and one regular bottle has worked a wonderful change in me. It has entirely cured my Rheumatism, and I am now able to go about my work again. I recommended the remedy to Mr. John Harris, of East Lake George, who was unable to walk. He had taken every possible treatment, had spent hundreds of dollars, and had found no relief. He is taking Uric-O, and is improving rapidly, and able to be out around. I will continue to recommend Uric-O, as it is certainly a merited remedy.

Uric-O is sold by Druggists generally at \$1.00 per bottle, or it will be sent by the SMITH DRUG COMPANY, of SYRACUSE, N. Y., upon receipt of price. Liberal size samples and circulars will be mailed free to all who apply for same.

Uric-O is sold in Reynoldsville by the Stoke & Feicht Drug Co.

The class of '07 has not decided on their play yet as they are waiting on a reply from Prof. Elliot.

The class was highly entertained at Miss Mildred Sutter's last Wednesday evening.

Prof. Scott has been looking up material for a High School Annual. If this is a success it will be one of the most delightful features of commencement week. It will be edited by the Senior and Junior classes.

Brookville high school will be here on Friday night of this week to play the local high school basketball team in Evan's rink. Brookville has a strong team and a very fast game is expected.

Oppressed with grief, oppressed with care, A burden more than I can bear, I sit me down and sigh, A hundred lines of German.

Eugene, J. Edward, Graydon and Alex are the main singers in a quartet recently formed from the boys of the junior class. When they decide to favor us with a selection we will be glad to inform all.

If the sophomore class is alive, we would like to be informed of the matter. Of course it is sad to reflect on the lack of boys, but still Joan of Arc led the people of France to victory and a little more animation from the class of '09 would not be considered presumptuous by the class of '07 and '08.

Maybe Its a Boost.

Isaac Newton fell asleep. An apple bumped into his slumbers, he rubbed the bump and looked at the apple. Then he discovered the law of gravitation. A Philadelphia man slipped on a banana skin and slid into a train of thought right on the sidewalk. While the people were laughing at him that Philadelphia man was taking notice of the banana skin. He was a professor. He had a laboratory. He bought a nickel's worth of bananas and started experimenting. Then he discovered that from the soft, white, creamy pulp he could make breakfast food, sugar, flour, cakes and candies, paper, alcohol, coffee and cloth, an imitation of scrambled eggs, veal, mutton, figs and raisins, a banana butter and banana bread. In his case the skin game was profitable. Here is a lesson, friend, that fortune and success is not merely knocking at your door. Its barking your shins, digging you in the ribs, trying to uppeccat and jab its way into your understanding. The next bump you get don't call down maledictions upon it. Grab it by the hand, draw it to you, and begin to get acquainted. Maybe its a boost.—Exchange.

The Butcher Talks

I assure you, madam, that you will find a pint of these Sealshipt oysters plenty for your family of five. Remember that in buying these oysters you are buying solid meats, without one drop of water. We calculate that a pint of Sealshipt oysters will go as far as a quart of watered oysters. You will see at once how much more economical these are.

After you have served them once you will know how much better they are in flavor and freshness.
