Al Harris and Joe Williams are the promoters of a new place of amusement for the people of Reynoldsville. The room formerly occupied by the bowling alleys is to be transformed into a modern family theatre, called "The New Grand." The outire front will be removed and replaced by a lobby entrance, will be lighted by electricity. Elevated seats are to be installed, which is only one of the many good features which space does not allow us to speak of.

We are told that nothing but the highest class of entertainment will be given with an entire change twice each week, and that motion pictures and illustrated songs will be the chief attractions of this new playhouse, using both local and traveling singers. These two gentlemen say they will spare no expense to make this one of the finest of its kind between Pittsburg and Philadelphia, catering especially to ladies' and children.
